Harley-Davidson Buyer's Guide

In the world of motorcycles, there is nothing like a Harley-Davidson. And there is no book like this one about America's iconic bike. Celebrating the motorcycles that have made Harley-Davidson an American legend, this book showcases the standout models of the past 100 years. Period photographs and new color images feature the classic Harleys from Flatheads, Knuckleheads, Panheads, Shovelheads, Evolutions, and Twin Cams to Sportsters and the new V-rod. Lively text chronicles the company's century, from the early years when Harley-Davidson grew from a backyard enterprise into the world's biggest producer of motorcycles, to the Evolution revolution, which saw the company come back to self-management--and its greatest success ever. For more than 100 years, Harley-Davidson has been the motorcycle--a beautiful machine combining power, performance, and infinite cool in all of its forms. And this is the Harley-Davidson book, conveying the full story and all the excitement of America's motorcycle.

WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 1998

The other report is published by the U. S. State Department and is more "committed," but only as far as the national interest of the world's only superpower is concerned. Therefore, the State Department report must be read while keeping in mind the state of U. S. relations with the countries concerned. This report is accompanied by the so-called "certification" process, whose arbitrary character has often been stressed. For instance, Iran, a country whose determination to fight the drug transit on its territory is well-known - more than 100 Iranian law enforcement agents die every year as a result - was removed from the "blacklist" of "decertified countries" in the spring of 1999, precisely as it was inaugurating a policy of opening itself to external influence, including that of the United States. In retrospect, this demonstrates that the U. S. government had decertified Iran in past years because it was viewed as an Islamic and terrorist country, not because of its supposed involvement in drug trafficking. Neither does the last State Department report explain why Haji Ayub Afridi, a major Pakistani drug baron, who had voluntarily surrendered to U. S. authorities, returned to Pakistan in 1999 after spending a mere three and a half years in a U. S. prison.
