Giovanni Roma was jilted at the altar. Twice. Meeting Natalie is an enchanting distraction—too bad she's engaged to another man. To top it off, Giovanni's mother has a mouth with no filter and is obsessed with finding her son a suitable baby-maker. Natalie DeMarco is a good cop with one problem. Cold feet. Her fiancé is a decent man, but she's starting to wonder if decent is good enough. Maybe the doubts could be blamed on Giovanni, that guitar-making Italian hunk next door. A unique insight into the mind of one of the world's most extraordinary thinkers. Undoubtedly the most famous scientist on the planet and the very face of physics over the last half-century, Stephen Hawking is remarkable for many reasons. Not least because he has continued to strive to achieve so much while being hamstrung by debilitating illness. He has demonstrated categorically that if you put your mind to it, you can achieve anything, no matter your physical state. Of course, it helps if you happen to possess a mind such as his. His work on black holes put him on the map, and he became globally famous for his *A Brief History of Time*, communicating the most difficult scientific ideas at a period when he'd lost the ability to speak. *How to Think Like Stephen Hawking* reveals the key motivations, desires and philosophies that make Hawking one of the world's most enduring talents. Studying how he overcame great adversity, fought his demons as well as his detractors and looked back to the origins of the universe, with quotes and passages by and about him, you too can learn to think like the man who claims he can think in eleven dimensions.

Liam Christianson is the devil-may-care, rhythm guitarist for Bayou Stix, the hottest rock band around. He's a playboy and likes to do things his way. No regrets. He knows that women love him, and he uses that to his advantage. He's cocky and shallow. Or so it seems. Clove Rodrigue is the baby sister of Liam's bandmate and friend. She's a sweet, fairly innocent young woman who was dealt a bad hand and became a victim of circumstance. After finishing culinary school, she returns home to Baton Rouge. She finds herself living under the same roof as Liam and they quickly realize they are like oil and water. He hates how perfect she is, and she can't stand his treatment of women. Both Liam and Clove are accustomed to letting others see only what they want them to see, each hiding behind false pretenses. What happens when polar opposites realize that their hatred of one another is really attraction? Will they succumb to the allure? What happens when the things that you fight so hard against are the very things you need the most in the world?
