C. S. Lewis □ A Life
Jack's Life

The Seven Storey Mountain

A repackaged edition of the revered author's diary from his early twenties—a thought-provoking work that reveals his earliest thinking about war, atheism, religion, and humanity. While serving his country in the Great War, C. S. Lewis' the great British writer, scholar, lay theologian, broadcaster, and Christian apologist—made a pact with a close friend and fellow soldier. If one of them died, the survivor would take care of his family—a promise Lewis honored. Developing a deep friendship with his fallen friend's mother, Jane King Moore, Lewis moved into the Moore household after the war. Returning to Oxford, the twenty-three-year old Lewis—then a staunch atheist—struggled to adapt to life in post-war England. Eager to help the tormented young man, Jane encouraged him keep a diary of his day-to-day life. Those reflections are collected in this illuminating journal. Covering five remarkable years in Lewis's life, *All My Road Before Me* charts the inspirations and intellectual and spiritual development of a man whose theology and writing—including *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—has had immense influence on the Christian world.

Directorium Asceticum

The stepson of the renown author of *Further Up and Further In*, *The Keys to the Chronicles*, and *Narnia Beckons* highlights the great writer's life in an extraordinary portrait. 25,000 first printing.

Surprised by Joy

J.R.R. Tolkien transformed his love for arcane linguistic studies into a fantastic world of Middle Earth, a world of filled with characters that readers the world over have loved and learned from for generations. Devin Brown focuses on the story behind how Tolkien became one of the best-known writers in the history of literature, a tale as fascinating and as inspiring as any of the fictional ones he would go on to write. Weaving in the major aspects of the author's life, career, and faith, Brown shares how Tolkien's beloved works came to be written. With a third follow-up film and the book's release the same month, there's a large interest in the faith values for these works. This book addresses that deep hunger to know what fuels the world and worldview of The Hobbit's celebrated author, Tolkien.

When Breath Becomes Air

"This biography should contribute to a greater understanding of Rudolf Steiner. Whoever follows his life will get the impression that, from a certain point on, his constant attempt was to awake, in numerous ways, an active, working understanding for Anthroposophy. Steiner used creative imagination to treat particular themes and tasks, ever anew, and in many forms. If we observe the variations of those presentations, we see in them the intentions that guided his whole life. A biography that shows Steiner's intentions and efforts in the context of the times and his life circumstances will not only relate what happened, but also why. His work does not, as in many modern biographies, disappear behind the life story. A student of Rudolf Steiner during the late 1890s observed: "I never again had a teacher like him. He was gaunt, shabbily dressed. He always wore an old coat; his trousers looked like corkscrews, much too short and worn out. At first he sported a van Dyke, then a mustache, then he was clean shaven. Everyone loved him dearly, and I would have, as would most of the others, gone through fire for him. He was loving and concerned in a way that I have never again discovered in another person. Funny--I often asked my fianc e whether he was really as poor as he seemed to be; during breaks he always took a dry roll out of his pocket and ate it with visible enjoyment. But if you think that they left him in peace during the break, you are way off base. The whole group gathered around him and the questions were endless." This is the most comprehensive biography of Rudolf Steiner available, tracing his life and development through an in-depth look at his life and work, which encompassed numerous areas, including his Goethean research, philosophy, esoteric work, pedagogy, medicine, sociology, agriculture, architecture, painting, movement arts, and poetry. This biography, which tracks his divergent activities, shows how Rudolf Steiner was most concerned with bringing a new approach to knowledge through Spiritual Science and to revitalizing the most important areas of human culture and society.

The Spirits Control Your Love Life

The author recounts her near-death experience, recounting the miraculous visions she saw, the emotions she experienced, and how it changed her subsequent life.

Waking Up

Madame Blavatsky

Drawing on more than 2,500 years of Buddhist tradition and teaching, the spiritual leader demonstrates how to confront the negative emotions, stresses, and obstacles of everyday life in order to find the source of inner peace.

The Art of Happiness

After her "stand-in mother," a bold black woman named Rosaleen, insults the three biggest racists in town, Lily Owens joins Rosaleen on a journey to Tiburon, South Carolina, where they are taken in by three black, bee-keeping sisters.

Jack

The purpose of this book is to present the Kemetic tradition in its purest Kemetic, Afrikan context, and to demonstrate the fact that: despite the popular misconception about the tradition being a "dead tradition," everything that we need, that makes the tradition complete in its effectiveness, and its "Afrikaness," is available to us today, and more "supplemental information" is literally being uncovered daily. In other words, the Kemetic tradition is not lost. The ritual information in the latter half of this book is to further demonstrate and solidify these points: The Kemetic tradition is a living tradition. The nTrw (deities) are real living forces. In following the lead of our Ancestors, this tradition can work for us in the same manner that it worked for them. Every effort has been made to "stick to the script," as much as possible, to maintain the integrity of the tradition, and what you find in the following pages is an exegesis presented by the author, as a child of Afrika, a student and teacher of Afrikan Spirituality in general, and Kemetic spirituality in specific, and the way that this tradition is currently being practiced by the community of Henensu.

Philosopher of the Heart

A master of visual illustration and allegory, Lewis wrote with the intuitive understanding that his readers wrestled with the same questions about the Christian story, about pain, suffering, and notions of Heaven and Hell, as he himself had wrestled.

Embraced by the Light

Anne Lamott claims the two best prayers she knows are: "Help me, help me, help me" and "Thank you, thank you, thank you." She has a friend whose morning prayer each day is "Whatever," and whose evening prayer is "Oh, well." Anne thinks of Jesus as "Casper the friendly savior" and describes God as "one crafty mother." Despite--or because of--her irreverence, faith is a natural subject for Anne Lamott. Since *Operating Instructions* and *Bird by Bird*, her fans have been waiting for her to write the book that explained how she came to the big-hearted, grateful, generous faith that she so often alluded to in her two earlier nonfiction books. The people in Anne Lamott's real life are like beloved characters in a favorite series for her readers--her friend Pammy, her son, Sam, and the many funny and wise folks who attend her church are all familiar. And *Traveling Mercies* is a welcome return to those lives, as well as an introduction to new companions Lamott treats with the same candor, insight, and tenderness. Lamott's faith isn't about easy answers, which is part of what endears her to believers as well as nonbelievers. Against all odds, she came to believe in God and then, even more miraculously, in herself. As she puts it, "My coming to faith did not start with a leap but rather a series of staggers." At once tough, personal, affectionate, wise, and very funny, *Traveling Mercies* tells in exuberant detail how Anne Lamott learned to shine the light of faith on the darkest part of ordinary life, exposing surprising pockets of meaning and hope.

All My Road Before Me

A first book by a Zen Buddhist practitioner and leading art critic assesses the influence of Zen Buddhism on the work of composer John Cage, exploring the ways in which Zen transformed Cage's troubled psyche, his relationship with partner Merce Cunningham and his often indefinable music. 20,000 first printing.

Deeper Magic

A biography of the African American scientist describes how he overcame tremendous hardship to receive a college education and make important discoveries in the field of agriculture.

C.S. Lewis

Written after his wife's tragic death as a way of surviving the "mad midnight moment," *A Grief Observed* is C.S. Lewis's honest reflection on the fundamental issues of life, death, and faith in the midst of loss. This work contains his concise, genuine reflections on that period: "Nothing will shake a man -- or at any rate a man like me -- out of his merely verbal thinking and his merely notional beliefs. He has to be knocked silly before he comes to his senses. Only torture will bring out the truth. Only under torture does he discover it himself." This is a beautiful and unflinchingly honest record of how even a stalwart believer can lose all sense of meaning in the universe, and how he can gradually regain his bearings.

Working Class Mystic

A Life Observed

The complete and unedited edition of Thomas Merton's famous autobiography, one of the greatest works of spiritual pilgrimage ever written.

Where the Heart Beats

In this personal account, one man details how his past life sins had a direct effect on his love life. Frank Mares, a successful middle-aged businessman, was always mystified why his love life was snake bitten. Others thought of him as a considerate, funny guy with good looks, but every one of his long-term relationships with attractive women ended in a fiery wreck. After the death of his father, he started a meditation practice that inexplicably rewarded him with psychic abilities. With his new gift, he discovers that reincarnation is real and he recovers facts about nine of his past lives. Most of those lives involved violent, bloody deaths. Mares goes on a spiritual journey to find out why he kept dying violently and why he couldn't find the love he was looking for in his current life. The answers do not come easily, but by using a team of three world class psychics, he tracks down the shocking reason why the Universe is angry with his soul. The psychic team finds that within the soul of this normal, small businessman resides a brutal, stone killer from the 1600's, who surprisingly was the revered founder of a gentile noble family. The killer's portrait still hangs in his tourist destination castle outside of Prague, while Mares pays his Karmic bill. Mares hopes to salvage the dark time in his soul's past into something that could help others today. Specifically, he found that everyone's long term romantic relationships were preplanned before their births. This planning was done not so that you can find love and happiness, but rather so that your soul can learn spiritual lessons through heartache. By examining his past relationships with a new perspective, he saw how the Universe set him up for romantic doom through amazing coincidental encounters and by ruthlessly preventing more suitable girls from ever meeting him. If you read this book, you will never look at Love and Death in the same way again. In addition, some of your past romantic disappointments might now start to make sense.

The Measure of a Man

In this quick and vibrant little book, Kelly Kapic presents the nature, method and manners of theological study for newcomers to the field. He emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are. "Theology is about life," writes Kapic. "It is not a conversation our souls can afford to avoid."

The Pilgrim's Regress

From the age of fourteen until his death at the age of eighty-two, Pope John XXIII kept what he called his 'Journal of a Soul' - the record of his growth in holiness. Elected Pope at the age of seventy-eight he impressed the world with the breadth of his mind but also with his simplicity and his will to be at the service of others. This book covers the full span of his long career from the seminary at Bergamo to his brief but transformative papacy. His journal is a rare and intimate record of the spiritual life of a much-loved figure. As he wrote, 'my soul is in these pages.'

Remembering Osir

As I walked away from New Buildings, I found the man that Lewis had called "Tollers" sitting on one of the stone steps in front of the arcade. "How did you get on?" he asked. "I think rather well. I think he will be a most interesting tutor to have." "Interesting? Yes, he's certainly that," said the man, who I later learned was J. R. R. Tolkien. "You'll never get to the bottom of him." Over the next twenty-nine years, author George Sayer's first impression about C. S. Lewis proved true. He was interesting; but he was more than just that. He was a devout Christian, gifted literary scholar, best-selling author, and brilliant apologist. Sayer draws from a variety of sources, including his close friendship with Lewis and the million-word diary of Lewis's brother, to paint a portrait of the man whose friends knew as Jack. Offering glimpses into Lewis's extraordinary relationships and experiences, Jack details the great scholar's life at the Kilns; days at Magdalen College; meetings with the Inklings; marriage to Joy Davidman Gresham; and the creative process that produced such world-famous works as the classic Chronicles of Narnia, Mere Christianity, and The Screwtape Letters. This book is an intimate account of the man who helped-and through his works, continues to help-generations hear and understand the heart of Christianity.

Practical Duct Tape Projects

Philosopher of the Heart is the groundbreaking biography of renowned existentialist Søren Kierkegaard's life and creativity, and a searching exploration of how to be a human being in the world. Søren Kierkegaard is one of the most passionate and challenging of all modern philosophers, and is often regarded as the founder of existentialism. Over about a decade in the 1840s and 1850s, writings poured from his pen pursuing the question of existence—how to be a human being in the world?—while exploring the possibilities of Christianity and confronting the failures of its institutional manifestation around him. Much of his creativity sprang from his relationship with the young woman whom he promised to marry, then left to devote himself to writing, a relationship which remained decisive for the rest of his life. He deliberately lived in the swim of human life in Copenhagen, but alone, and died exhausted in 1855 at the age of 42, bequeathing his remarkable writings to his erstwhile fiancée. Clare Carlisle's innovative and moving biography writes Kierkegaard's life as far as possible from his

own perspective, to convey what it was like actually being this Socrates of Christendom—as he put it, living life forwards yet only understanding it backwards.

Tolkien

John Lennon called himself a working class hero. George Harrison was a working class mystic. Born in Liverpool as the son of a bus conductor and a shop assistant, for the first six years of his life he lived in a house with no indoor bathroom. This book gives an honest, in-depth view of his personal journey from his blue-collar childhood to his role as a world-famous spiritual icon. Author Gary Tillery's approach is warmly human, free of the fawning but insolent tone of most rock biographers. He frankly discusses the role of drugs in leading Harrison to mystical insight but emphasizes that he soon renounced psychedelics as a means to the spiritual path. It was with conscious commitment that Harrison journeyed to India, studied sitar with Ravi Shankar, practiced yoga, learned meditation from the Maharishi Mahesh Yogi, and became a devotee of Hinduism. George worked hard to subdue his own ego and to understand the truth beyond appearances. He preferred to keep a low profile, but his empathy for suffering people led him to spearhead the first rock-and-roll super event for charity. And despite his wealth and fame, he was always delighted to slip on overalls and join in manual labor on his grounds. At ease with holy men discussing the Upanishads and the Bhagavad Gita, he was ever the bloke from Liverpool whose father drove a bus, whose brothers were tradesmen, and who had worked himself as an apprentice electrician until the day destiny called. Tillery's engaging narrative depicts Harrison as a sincere seeker who acted out of genuine care for humanity and used his celebrity to be of service in the world. Fans of all generations will treasure this book for the inspiring portrayal it gives of their beloved "quiet" Beatle.

Rudolf Steiner

ECPA 2014 Christian Book Award Winner (Non-Fiction)! Fifty years after his death, C. S. Lewis continues to inspire and fascinate millions. His legacy remains varied and vast. He was a towering intellectual figure, a popular fiction author who inspired a global movie franchise around the world of Narnia, and an atheist-turned-Christian thinker. In *C.S. Lewis—A Life*, Alister McGrath, prolific author and respected professor at King's College of London, paints a definitive portrait of the life of C. S. Lewis. After thoroughly examining recently published Lewis correspondence, Alister challenges some of the previously held beliefs about the exact timing of Lewis's shift from atheism to theism and then to Christianity. He paints a portrait of an eccentric thinker who became an inspiring, though reluctant, prophet for our times. You won't want to miss this fascinating portrait of a creative genius who inspired generations.

The Unselfishness of God and how I Discovered it

Grace abounding to the chief of sinners

C. S. Lewis is one of the most influential Christian writers of our time. The Chronicles of Narnia has sold more than 100 million copies worldwide and all Lewis's works are estimated to sell 6 million copies annually. At the fiftieth anniversary of his death, Lewis expert Devin Brown brings the beloved author's story to life in a fresh, accessible, and moving biography through focusing on Lewis's spiritual journey. Although it was clear from the start that Lewis would be a writer, it was not always clear he would become a Christian. Drawing on Lewis's autobiographical works, books by those who knew him personally, and his apologetic and fictional writing, this book tells the inspiring story of Lewis's journey from cynical atheist to joyous Christian and challenges readers to follow their own calling. The book allows Lewis to tell his own life story in a uniquely powerful manner while shedding light on his best-known works.

Swami Abhedananda

The first book written by C. S. Lewis after his conversion to Christianity, *The Pilgrim's Regress* is, in a sense, a record of Lewis's own search for meaning and spiritual satisfaction, a search that eventually led him to Christianity. Here is the story of the pilgrim John and his odyssey to an enchanting island that creates in him an intense longing -- a mysterious, sweet desire. John's pursuit of this desire takes him through adventures with such people as Mr. Enlightenment, Mr. Mammon, Mother Kirk, and Mr. Sensible and through such cities as Thrill and Eschropolis -- and through the Valley of Humiliation. Though the dragons and giants here are different from those in Bunyan's *Pilgrim's Progress*, Lewis's allegory performs the same function of enabling the author to say with fantasy and simplicity what would otherwise have demanded a full-length philosophy of religion. In Lewis's skillful hands this fable becomes as effective a Christian apologia as Bunyan's.

A Life Observed

Since it first appeared in English translation in 1962, *A Little Exercise for Young Theologians* has achieved classic status. In thirteen concise reflections Helmut Thielicke offers wise counsel on the difficulties--and vital importance--of maintaining one's spiritual health in the course of academic theological study. Thousands of beginning theological students over the years have had the opportunity to eavesdrop, as it were, on a practical theology seminar by one of the twentieth century's leading Christian thinkers. More experienced pastors and theologians have also returned to this volume again and again for the valuable insights that Thielicke brings to bear on their vocation.

Traveling Mercies

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

Medieval Wisdom for Modern Christians

"Explore the theology behind *Narnia*, *The Screwtape Letters*, *Mere Christianity*, and the other works of C.S. Lewis! The imagination of C.S. Lewis inspired people all over the world. We remember him today as a literary giant and a preeminent apologist for the Christian faith. But what about the theological framework that drove his writing? *Deeper Magic* reveals the foundation of Lewis' thought--the theological underpinnings that gave his prose so much power. If you have been moved by the writing of Lewis, this book will help you understand why"--www.squarehalobooks.com

George Washington Carver

C.S. Lewis

This is a four volume set of books. This is volume 1 *The " Guide to the Spiritual Life,"* as it is called in this edition, although more immediately addressed to Directors of souls, may be used with advantage by all Christians who aspire to perfection. The author himself makes this remark in his Preface or Introduction. It is essentially a practical work, being intended to supply a defect which the author observed in the treatises of previous writers. These had indeed delivered excellent maxims of perfection, but not in such a form as to be immediately applicable to the needs of individual souls. F. Scaramelli has not failed to set forth the scientific, theological, basis of each branch of his subject, following herein mainly the doctrine of St Thomas; but he has always kept before his eyes the needs of those Priests who would desire to have some assistance in directing souls called to something higher than the ordinary Christian life. Each volume contains a Skeleton outline for sermons for the Sunday s of the year, treating of the material dealt with in that particular volume. Volume 1 contains *The Means to Arrive at Christian Perfection*, which include the Desire of Perfection, choice of a good director, reading of spiritual

books, meditation on the maxims of our faith, mental and vocal prayer, the presence of God, Confession, daily examination of conscience, frequent Communion and devotion to the Saints, especially the Blessed Virgin Mary. Volume 2 contains Hindrances in the path to Christian perfection with the means to overcome them, which include the sense of touch, sense of taste, sense of sight, sense of hearing, sense of smell, the use of the tongue in speech, ill-regulated and unmortified passions, love of worldly goods and riches, love of worldly honor and glory, attacks of the devil and scruples. Volume 3 contains the Immediate Dispositions for Christian Perfection which are found through prudence, justice, fortitude and temperance. These are also found through the virtues of religion, devotion, obedience, patience, chastity, meekness and humility. Volume 4 contains the Essence of Christian Perfection, which comes from the three Theological Virtues of Faith, Hope and Charity. Charity is divided into love of God, conformity with His holy will and love of neighbor. This volume concludes with an index to the entire set of books.

A Little Book for New Theologians

A Little Exercise for Young Theologians

Duct tape has gotten a reputation as the quick-fix tape for every situation. However, did you know that you can use duct tape to create practical items for everyday use? Did you also know that duct tape now comes in a variety of colors, so your creations can be fun and stylish? Originating from Instructables, a popular project-based community made up of all sorts of characters with wacky hobbies and a desire to pass on their wisdom to others, Practical Duct Tape Projects contains ideas from a number of authors who nurse a healthy urge to create anything possible from duct tape. Practical Duct Tape Projects provides step-by-step instructions on a variety of useful and fun objects involving duct tape. Guided through each endeavor by detailed photographs, the reader will create articles of clothing, tools, and more, such as: Fishing net Messenger bag Wallet with change pouch Duck tub stopper Laptop case Pencil case And much more! The Instructables community has provided a compilation of guides on a variety of duct tape exploits. The most outrageous projects are definitely the most fun, and this book shows that duct tape can make just about anything.

The Secret Life of Bees

A cloth bag containing eight copies of the title.

Sealed Orders

The Confessions of St. Augustine

C. S. Lewis is one of the most influential Christian writers of our time. The Chronicles of Narnia has sold more than 100 million copies worldwide and all Lewis's works are estimated to sell 6 million copies annually. At the fiftieth anniversary of his death, Lewis expert Devin Brown brings the beloved author's story to life in a fresh, accessible, and moving biography through focusing on Lewis's spiritual journey. Although it was clear from the start that Lewis would be a writer, it was not always clear he would become a Christian. Drawing on Lewis's autobiographical works, books by those who knew him personally, and his apologetic and fictional writing, this book tells the inspiring story of Lewis's journey from cynical atheist to joyous Christian and challenges readers to follow their own calling. The book allows Lewis to tell his own life story in a uniquely powerful manner while shedding light on his best-known works.

Grief Observed

Chronicles the life of the cofounder of the Theosophical Society, examining her legacy and the controversy surrounding her.

Journal of a Soul

"I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite the contrary, I began this book as an exploration, an exercise in selfquestioning. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure--as a man, as a husband and father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of selfworth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one does for a living articulates who one is, Poitier played only forceful and affecting characters who said

something positive, useful, and lasting about the human condition. Here, finally, is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man seeking truth, passion, and balance in the face of limits--his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier.

C. S. Lewis □ A Life

A repackaged edition of the revered author's spiritual memoir, in which he recounts the story of his divine journey and eventual conversion to Christianity. C. S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—takes readers on a spiritual journey through his early life and eventual embrace of the Christian faith. Lewis begins with his childhood in Belfast, surveys his boarding school years and his youthful atheism in England, reflects on his experience in World War I, and ends at Oxford, where he became "the most dejected and reluctant convert in all England." As he recounts his lifelong search for joy, Lewis demonstrates its role in guiding him to find God.

Jack's Life

Many Christians today tend to view the story of medieval faith as a cautionary tale. Too often, they dismiss the Middle Ages as a period of corruption and decay in the church. They seem to assume that the church apostatized from true Christianity after it gained cultural influence in the time of Constantine, and the faith was only later recovered by the sixteenth-century Reformers or even the eighteenth-century revivalists. As a result, the riches and wisdom of the medieval period have remained largely inaccessible to modern Protestants. Church historian Chris Armstrong helps readers see beyond modern caricatures of the medieval church to the animating Christian spirit of that age. He believes today's church could learn a number of lessons from medieval faith, such as how the gospel speaks to ordinary, embodied human life in this world. *Medieval Wisdom for Modern Christians* explores key ideas, figures, and movements from the Middle Ages in conversation with C. S. Lewis and other thinkers, helping contemporary Christians discover authentic faith and renewal in a forgotten age.
