Echoes of Memory allows the reader to travel back to a time that was simple and wholesome. Where the pace of life was slow, and the soul was unencumbered with the fast paced life of today. Where people struggled with The Great Depression, and were poor, but possessed a bountiful richness when it came to family and friends. It's a story about life and love, of good times and bad. It's about beginnings and endings, of dreams realized and dreams lost. It's about promises made and kept, and others broken through dishonesty, abandonment, and betrayal. It's about a country girl, and the struggles she went through. Struggles not unlike our own, for in many ways, her story is our story.

terrorism. Current political events have entirely failed to take account of the subtlety and complexity of jihad. Like many concepts with a long history, different cultural ideas have influenced the religious aspects of jihad. As a result its original meaning has been adapted, modified and destabilized - never more than at the present time. How does jihad manifest itself in Muslims' everyday lives? What impact has 9/11 and its backlash had on jihad? By observing the current crisis of identity among ordinary Muslims, this timely book explores why, and in what circumstances Muslims speak of jihad. In the end, jihad is what Muslims say it is. Marranci offers us a nuanced and sophisticated anthropological understanding of Muslims' lives far beyond the predictable clichés. ## **THE FANTASTIC ADVENTURE OF HATIM TAI**

The orientalist have been studying the seerah of the prophet with a view to casting doubt and raising suspicions and discrediting the life and personality of the Prophet (saw). Their approach has evolved over the period of time. At times they have been vicious in their attacks as was the case in the 18th century which with time during the 19th and 20th century became seemingly sympathetic to his life. This study by Dr Mohammad Mohar Ali critically analyses the works of three famous orientalist, William Muir, D.S Margoliouth and W. Montgomery Watt. Dr Ali refutes the charges levelled by them against the life and character of the Prophet (saw) with an erudition which the treatment of such a subject requires.

man Adam. He taught him many things so that Adam had more knowledge than the angels. There was one Jinn, called Iblis, the Devil. Iblis tried to compare himself to Adam. He believed that he was more honorable than Adam. Therefore he abstained from prostrating even though Allah had commanded him to do so. Adam was surprised by this creature, Iblis who abhorred him without even knowing him and who imagined himself better than Adam without having proved that he was worthier. Allah gives His commissioned creatures' absolute freedom even to the extent that they can refuse His commands. Allah grants them the freedom of denial, disobedience, and even disagreement with Him. His kingdom will not diminish if the disbelievers do not believe in Him nor will it be extended if many people believe in Him.

The Mishkat Al-Anwar, literally translated "The Niche for Lights," is a theological and philosophical sufi text by the well-known Muhammad Al-Ghazzali. Though the exact date of its writing is unknown, it was authored after his opus Ihya' ulum al-din, or Revival of Religious Sciences. The work focuses on expanding upon the meaning behind a verse in the Qu'ran--the Light Verse (S. 24, 35)--and upon the Veils Tradition in Islam. The book is divided into three sections; in the first Al-Ghazzali deconstructs the word "light" and all its meanings, in the second he discusses the symbolic

language in the Qu'ran and Muslim traditions, and in the third he applies his findings to the verse and tradition itself. ABU HAMED MUHAMMAD IBN MUHAMMAD AL-GHAZZALI (1058-1111) was a Persian Islamic philosopher, theologian, psychologist, and mystic, known today as one of the most famous Sunni scholars in history, sometimes cited as next-in-importance only to Muhammad. Born in Tus, Al-Ghazzali was a pioneer of methodic doubt; his work *The Incoherence of Philosophers* shifted early Islamic philosophy from metaphysics to the theory of occasionalism, an Islamic doctrine that states cause-and-effect is controlled by God. He also succeeded in bringing orthodox Islam in contact with Sufism. The author of more than 70 books on various subjects, his influence continues to stretch far and wide even today.
