This practical guide will empower even the busiest faculty members to create culturally inclusive courses and learning environments. In a collection of more than 50 vignettes, exceptional teachers from a wide range of academic disciplines—health sciences, humanities, sciences, and social sciences—describe

how they actively incorporate diversity into their teaching. Different strategies discussed include a role-model approach, creating a safe space in the classroom, and the cultural competency model. Written for teaching faculty in all disciplines of higher education, this book offers practical guidance on culturally inclusive course design, syllabus construction, textbook selection, and assessment strategies. In addition, examples of diversity initiatives are detailed at six institutions: Duquesne University, Emerson College, St. Louis Community College, University of Connecticut, University of Maryland University College, and University of North Carolina-Chapel Hill. This book also contains an overview of the following areas: Diversity as an integral component of college curricula Structuring diversity-accessible courses Practices that facilitate diversity across the curriculum Diversity and disciplinary practices

Sarah Lotz, internationally acclaimed author of *The Three*, and *Day Four*, describes

The Mark as: "An entrancing, truly original novel packed with twists you won't see coming and a heroine that breaks the mould. Unputdownable." In the future, the world has flipped. Ravaged by the Conflagration, the State of Mangeria is a harsh place where the sun beats down, people's lives are run by a heartless elite and law is brutally enforced. A mark at the base of the spine controls each person's destiny. The Machine decides what work you will do and who your life partner will be. Juliet Seven - "Ettie" - will soon turn 15 and her life as a drudge will begin, her fate-mate mate will be chosen. Like everyone else, her future is marked by the numbers on her spine. But Ettie decides to challenge her destiny. And in so doing, she fulfills the prophecy that was spoken of before she even existed.

Shakespeare's "Macbeth" Side by Side with a Modernised Version

A farmhouse is being reproduced a dozen times, with slight variations, throughout a valley. Three small graves have been dug in the front garden, the middle one lying empty. A woman in a wheelchair sorts through boxes while her husband clambers around the old demolished buildings, wondering where the animals have gone. A young woman - called 'the barren one' behind her back - dreams of love, while an ageing headmaster contemplates the end of his life. At the entrance to the long dirt driveway, a car appears and pauses - pointed towards the house like a silver bullet, ticking with heat. So begins *The Dream House*, Craig Higginson's riveting and unforgettable novel set in the Midlands of KwaZulu-Natal. Written with

dark wit, a stark poetic style and extraordinary tenderness, this is a story about the state of a nation and a deep meditation on memory, ageing, meaning, family, love and loss. This updated 2016 edition contains new content, with Craig Higginson exploring the background to *The Dream House*, his varied experiences in a farmhouse in KwaZulu-Natal and the subsequent and poignant motivations for this moving novel.

Implementation Plan for Education and Training

In the wild night hours, or during the heat of the day - whenever man's thoughts whirl feverishly - then truth and fantasy, the past and the future, life and death are indiscriminately mingled on Toorberg, home of the Moolman family. So the magistrate is to learn as he investigates the strange circumstances of the death of little Noah, child of grief, who was not entirely of this world. Every day the case becomes more complex, until it challenges the very foundations of the law. It seems as if the magistrate will have to judge an entire dynasty, both the living and the dead. Everyone's guilt has to be affirmed, or denied, and this means he will have to rip open the lives of all. The Moolmans are a tribe who have long since learned how to deal with their own. Parents cut children out of their lives, shunt

them aside to live as stepchildren, scrag-ends of the clan, or as city-dwellers whose names are never uttered. The Moolmans cannot forgive; not when their tribal blood is betrayed.
