Satish Chandra's History of Medieval India is a comprehensive overview of the history of the Indian subcontinent during the thousand-year period between the eighth and the eighteenth century. History of Medieval India studies this interesting period in Indian history when the land underwent drastic changes, deeply influenced by the invading armies, religious movements and the vicissitudes of the changing political, economic and cultural scene. To tell the history of a land spanning the geographical dimensions and the political divisions of the Indian subcontinent is in itself a formidable task. Satish Chandra executes this difficult mission with the eye of an enquirer and the pen of a scholar. Both students and interested readers are sure to find this volume, dealing with the histories of the Cholas, Rajputs, the invading Turks, Vijayanagara kings, Bahmanids, Mughals, Marathas and others, an essential reader for understanding the history of medieval India.

## **Objective Mechanical Engineering**

The 10th edition of Halliday, Resnick and Walkers Fundamentals of Physics

provides the perfect solution for teaching a 2 or 3 semester calculus-based physics course, providing instructors with a tool by which they can teach students how to effectively read scientific material, identify fundamental concepts, reason through scientific questions, and solve quantitative problems. The 10th edition builds upon previous editions by offering new features designed to better engage students and support critical thinking. These include NEW Video Illustrations that bring the subject matter to life, NEW Vector Drawing Questions that test students conceptual understanding, and additional multimedia resources (videos and animations) that provide an alternative pathway through the material for those who struggle with reading scientific exposition. WileyPLUS sold separately from text.

### **Purvavlokan Indian History Part-2**

Anand Kumar, a mathematics prodigy, defied all challenges to set up one of the most successful and innovative teaching initiatives in the world—Super 30. Born in Chandipur Bela, Patna, Anand secured a place in Cambridge University but couldn't attend because he had no money and sold papads in the evenings instead. He dealt with his own disappointment by setting up an innovative school in 2002 to prepare underprivileged students for the IIT JEE examination. Super 30 has an astonishing success rate and on an average, twenty-seven to twenty-eight of the thirty students crack the exam every year. Stirring and heart-wrenching, this is the extraordinary story of a visionary who has elevated these bright sparks and,

through education, given them hope to rise above crippling poverty.
