Starting an LLC (Limited Liability Company)? Started an LLC and need to issue membership certificates that look professional and are easy to use? If yes, then this book is for you! What is an LLC (Limited Liability Company)? An LLC is a hybrid type of legal entity that provides the limited liability features of a corporation and the tax benefits and operational flexibility of a partnership. Owners of an LLC are referred to as "members." Depending on the state, the members can consist of a single individual (one owner), two or more individuals, corporations or other LLCs. What is an LLC membership certificate? An LLC membership certificate is a document that certifies ownership and specifies the number of units or percentage owned by a member in an LLC. While LLC membership certificates aren't required by federal or state law, it is still highly recommended for LLCs to use them. Without an LLC membership certificate to show evidence of ownership a member may have no say or control in how an LLC is structured or operates. Generally, LLC membership certificates are issued during the initial meeting of its members. A membership transfer ledger is also used to accurately record membership transactions whether it is an initial issuance of units or percentage of ownership or any subsequent transfers during the LLC's existence. This book contains 20 blank LLC membership certificates (for the use of any LLC organized in the state of Alabama), a membership transfer ledger to record buy-sell transactions of units or percentage of ownership, and bill of sale forms to document the purchase of units or percentage of ownership. Other titles available: LLC Membership Certificates

Guide to the Evaluation of Educational Experiences in the Armed Services

Elizabeth, 27 years of age, lives alone and works for a glamorous magazine showcasing the best about beautiful homes and renovation. She doesn't want to change her home or herself. But then she is forced... or rather coerced to attend a motivational self-help course, by her boss, who only wants what is best for the workplace. So that all employees are efficient. And productive. Elizabeth, not wanting anything to change yet not wanting to lose her job...enrolls in "The Completion Course" with 'Mr Cliché' - a walking, talking textbook on change. It is inevitable - life changes and homework is given. She feels like she's back in school and her teenage angst and memories are rekindled. The self-help sessions ask her to open up emotionally - to let go of the past that she loves so dearly so that there is a clearing for the present and future. Elizabeth doesn't know if she can let go. She holds on tight to the past - looking through diaries, letters and calling her ex-boyfriend constantly. Life is passing her by but she doesn't know how to let go. She is stuck but others in the course help her reconnect to the world and move on. Through talking and meeting with others, she realizes that SHE is the one in the way of her dreams. No one else. A book about transformation and change. A wonderful thing happens when you let go and go forth into the beautiful, magical world of a new future. A new life.

This practical guide grew out of author Bret Kernoff's own experience in preparing for the BCBA certification exam. After pursuing certification in applied behavior analysis, he recognized the tremendous value of a study guide designed to give applicants insight into the science of applied behavior analysis. This guide is directly aligned with the BACB 4th Edition Task List. Based on study guides he created in preparation for his certification exam, this book provides the foundational science of applied behavior analysis as well as specific examples applicants can use to help learn how to pass the certification exam. This 2nd edition is identical to 1st edition except for the title. This new title complies with BACB standards. Also published by Bret Kernoff, Med, CAGS, BCBA is the "Teacher's Guide to Applied Behavior Analysis." This text is written in plain english using many classroom examples to explain to science of ABA!

Humanity is a part of Nature, yet every thinking person at one time or another asks herself or himself, "How did we get here? What makes me different from the rest of Nature?" In *The Course of Nature* an artist and a scientist ask those questions with full respect for all contexts, both scientific and not. Amy Pollack's figures stand on their own as elegant summaries of one or another aspect of Nature and our place in it. Robert Pollack's one-page essays for each illustration lay out the underlying scientific issues along with the overarching moral context for these issues. Together the authors have created a door into Nature for the non-scientist, and a door into the separate question of what is right, for both the scientist and the rest of us.

The book elucidates the importance of a letter of credit in matters of trade finance. A letter of credit is an instrument that is used worldwide to facilitate the flow of trade finance. This book is ideal for beginners who are interested in the subject but do not possess a clear understanding of the basics of the letter of credit or adequate technical knowledge. It may also benefit bankers and students of international trade finance. It will help them build a strong foundation to help understand how to tackle difficult day to day transactions. The book explains the UCP 600 guidelines that govern letters of credit and the roles of the issuing bank, beneficiary, advising bank, nominated bank, confirming bank, applicant and so on. This book is not exhaustive as letter of credit is a vast subject and every single transaction carried out is unique. The book has been written keeping in mind the difficulties I faced while working at a bank and the experiences I have gained thus

far, on my journey as a trade finance professional.
