This book offers a highly accessible introduction to natural language processing, the field that supports a variety of language technologies, from predictive text and email filtering to automatic summarization and translation. With it, you'll learn how to write Python programs that work with large collections of unstructured text. You'll access richly annotated datasets using a comprehensive range of linguistic data structures, and you'll understand the main algorithms for analyzing the content and structure of written communication. Packed with examples and exercises, Natural Language Processing with Python will help you: Extract information from unstructured text, either to guess the topic or identify "named entities" Analyze linguistic structure in text, including parsing and semantic analysis Access popular linguistic databases, including

WordNet and treebanks Integrate techniques drawn from fields as diverse as linguistics and artificial intelligence This book will help you gain practical skills in natural language processing using the Python programming language and the Natural Language Toolkit (NLTK) open source library. If you're interested in developing web applications, analyzing multilingual news sources, or documenting endangered languages -- or if you're simply curious to have a programmer's perspective on how human language works -- you'll find Natural Language Processing with Python both fascinating and immensely useful.

A Thousand Splendid Suns

Critically acclaimed when it was first published, Tuck Everlasting has become a much-loved, well-studied modern-day classic. This anniversary edition features an in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look at Tuck Everlasting twenty-five years later. What if you could live forever? Is eternal life a blessing or a curse? That is what young Winnie Foster must decide when she discovers a spring on her family's property whose waters grant immortality. Members of the Tuck family, having drunk from the spring, tell Winnie of their experiences watching life go by and never growing older. But then Winnie must decide whether or not to keep the Tucks' secret—and whether or not to join them on their never-ending journey. Praise for Tuck Everlasting by Natalie Babbitt: “A fearsome and beautifully written book that can't be put down or forgotten.” —The New York Times “Exciting and excellently written.” —The New York Times Book Review “With its serious intentions and light touch the story is, like the Tucks, timeless.” —Chicago Sun-Times “Probably the best work of our best children's novelist.” —Harper's “Natalie Babbitt's great skill is spinning fantasy with the lilt and sense of timeless wisdom of the old fairy tales. . . . It lingers on, haunting your waking hours, making you ponder.” —The Boston Globe “This book is as shapely, crisp, sweet, and tangy as a summer-ripe pear.” —Entertainment Weekly This title has Common Core connections.

Elements of Language

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and , unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he

vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

Speak

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's *1984* takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—*The New Yorker* In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power.

50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world." —The New York Times "Taut with tension, filled with drama." —The Chicago Tribune "[A] classic coming-of-age book." —Philadelphia Daily News A New York Herald Tribune Best Teenage Book A Chicago Tribune Book World Spring Book Festival Honor Book An ALA Best Book for Young Adults Winner of the Massachusetts Children's Book Award

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, *Anthem* takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Anthem* is both modern and readable.

Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. Twelve Years a Slave

The ordinary interactions and everyday routines of the Watsons, an African American family living in Flint, Michigan, are drastically changed after they go to visit Grandma in Alabama in the summer of 1963.

1984

By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize Selected by Time as One of the Ten Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. *Black Swan Green* tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepiest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-fueled thrills of the Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes,

first kisses, first Duran Duran LPs, and first deaths; of Margaret Thatcher's recession; of Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, *Black Swan Green* is David Mitchell's subtlest and most effective achievement to date. Praise for *Black Swan Green* "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel. . . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman Melville, one feels the roof of the narrative lifted off and oneself in thrall."—Time "[A] brilliant new novel . . . In Jason, Mitchell creates an evocation yet authentically adolescent voice."—The New York Times Book Review "Alternately nostalgic, funny and heartbreaking."—The Washington Post "Great Britain's *Catcher in the Rye*—and another triumph for one of the present age's most interesting and accomplished novelists."—Kirkus Reviews (starred review) "This book is so entertainingly strange, so packed with activity, adventures, and diverting banter, that you only realize as the extraordinary novel concludes that the timid boy has grown before your eyes into a capable young man."—Entertainment Weekly From the Hardcover edition.

The Art of Happiness

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

The City of Ember

The New York Times bestseller *A Long Walk to Water* begins as two stories, told in alternating sections, about two eleven-year-olds in Sudan, a girl in 2008 and a boy in 1985. The girl, Nya, is fetching water from a pond that is two hours' walk from her home: she makes two trips to the pond every day. The boy, Salva, becomes one of the "lost boys" of Sudan, refugees who cover the African continent on foot as they search for their families and for a safe place to stay. Enduring every hardship from loneliness to attack by armed rebels to contact with killer lions and crocodiles, Salva is a survivor, and his story goes on to intersect with Nya's in an astonishing and moving way.

As Frank revisits the memories from childhood and the war that leave him questioning his sense of self, he discovers a profound courage he thought he could never possess again. A deeply moving novel about an apparently defeated man finding himself--and his home.
