The American Pageant

A special 20th anniversary edition of the beloved international bestseller that changed millions of lives Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used

to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Discipline of Organizing synthesizes insights from library science, information science, computer science, cognitive science, systems analysis, business, and other disciplines to create an Organizing System for understanding organizing. This framework is robust and forward-looking, enabling effective sharing of insights and design patterns between disciplines that weren't possible before. The 4th edition of this award-winning and widely adopted text adds content to bridge between the foundations of organizing systems and the new statistical and computational techniques of data science because at its core, data science is about how resources are described and organized. The 4th edition reframes descriptive statistics as organizing techniques, expands the treatment of classification to include computational methods, and incorporates many new examples of data-driven resource selection, organization, maintenance, and personalization. The Informatics edition contains all the new content related to data science, but omits the discipline-specific content about library science, museums, and document archives.

The House on Mango Street

Understanding Psychology, Student Edition

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord*

With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Cultural Landscape: An Introduction to Human Geography, Global Edition

The bestselling coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world from the winner of the 2018 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes-sometimes heartbreaking, sometimes deeply joyous-Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers.

Principles of Economics

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.

Stress is then laid on the global context within which user groups operate, including the nature and the forms of state intervention and the effects of increasing market integration. To date, this context has generally been uncongenial to community-based resource management; therefore, the authors recommend that, whenever a co-management approach is feasible, the concrete institutional form adopted is tailored to the specific features of local cultures.

Things Fall Apart

One of the BBC's '100 Novels That Shaped Our World' A worldwide bestseller and the first part of Achebe's African Trilogy, *Things Fall Apart* is the compelling story of one man's battle to protect his community against the forces of change. Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harmattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe's stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This

backgrounds, struggling to make their voices heard. Real people, telling their stories, reflect our ideals, choices, and collective experiences as a nation. In *American Government: Stories of a Nation*, author Scott Abernathy tunes in to these voices, showing how our diverse ideas shape the way we participate and behave, the laws we live by, and the challenges we face. Each chapter features real stories illustrating how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. Students learn the nuts and bolts of political science through these compelling stories. Learning concepts in context is a tested learning technique that works to help ideas stick. The key concepts are memorable because they are tied to real politics, where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Not only will all students see themselves reflected in the pages, but they will come to understand that they, too, are strategic players in American politics, with voices that matter. Just like the Full version, The Essentials edition is perfect for instructors who don't wish to cover the last three chapters on policy.
