## **Brave New World and Brave New World Revisited**

As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being,' she snapped. 'Educate yourself or you'll be a nobody!' And when James asked what colour God was, she said 'God is the colour of water.' As an adult, McBride finally persuaded his mother to tell her story - the story of a rabbi's daughter, born in Poland and raised in the South, who fled to Harlem, married a black man, founded a Baptist church, and put twelve children through college.

writers can invent interesting characters and improve them so that they move a story along. “The core of character,” he says in chapter 1, “lies in each individual story person’s ability to care about something; to feel implicitly or explicitly, that something is important.” Building on that foundation—the capacity to care—Swain takes the would-be writer step-by-step through the fundamentals of finding and developing “characters who turn you on.” This basic but thought-provoking how-to is a valuable tool for both the novice and the seasoned writer.

## **The Things They Carried**

### **The Viewpoints Book**

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

Vivid and memorable characters aren't born: they have to be made. This book is a set of tools: literary crowbars, chisels, mallets, pliers and tongs. Use them to pry, chip, yank and sift good characters out of the place where they live in your memory, your imagination and your soul. Award-winning author Orson Scott Card explains in depth the techniques of inventing, developing and presenting characters, plus handling viewpoint in novels and short stories. With specific examples, he spells out your narrative options—the choices you'll make in creating fictional people so "real" that readers will feel they know them like members of their own families. You'll learn how to:

- draw the characters from a variety of sources, including a story's basic idea, real life—even a character's social circumstances
- make characters show who they are by the things they do and say, and by their individual "style"
- develop characters

### **Beginnings, Middles and Ends**

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction
