The Good, the Bad, and the Furry

You've heard the story before: an orphaned boy, raised by a wise old man, comes to a fuller knowledge of his magic and uses it to fight the great evil threatening his world. But what if that hero were destined to become the new dark lord? The Academy of Chaenbalu has stood against magic for centuries. Hidden from the world, acting from the shadows, it trains its students to detect and retrieve magic artifacts, which it jealously guards from the misuse of others. Because magic is dangerous: something that heals can also harm, and a power that aids one person may destroy another. Of the academy's many students, only the most skilled can become avatars—warrior thieves, capable of infiltrating the most heavily guarded vaults—and only the most determined can be trusted to resist the lure of magic. More than anything, Annev de Breth wants to become one of them. But Annev carries a secret. Unlike his classmates who were stolen as infants from the capital city, Annev was born in the village of Chaenbalu, was believed to be executed, and then unknowingly raised by his parents' killers. Seventeen years later, he struggles with the burdens of a forbidden magic, a forgotten heritage, and a secret deformity. When Annev is subsequently caught between the warring ideologies of his priestly mentor and the Academy's masters, he must finally decide whether to accept the truth of who he really is or embrace the darker truth of what he may one day become.

Robogenesis

Fifth in the hard-hitting military science-fiction series. On the distant world of Zoe, an expedition finds DNA-based life. When alien invaders are also discovered, Glenn Hamilton calls on the U.S.S. Merrimack for help. But the Ninth Circle and the Palatine Empire have also found Zoe. Soon everyone will be on a collision course to determine the fate of this planet.

Fire Cannot Kill a Dragon

The seventh book in the NYT bestselling Expanse series, Persepolis Rising finds an old enemy returning home with more power and technology than anyone thought possible, and the crew of the aging gunship Rocinante tries to rally forces against the new invasion. Now a Prime Original series. An old enemy returns. In the thousand-sun network of humanity's expansion, new colony worlds are struggling to find their way. Every new planet lives on a knife edge between collapse and wonder, and the crew of the aging gunship Rocinante have their hands more than full keeping the fragile peace. In the vast space between Earth and Jupiter, the inner planets and belt have formed a tentative and uncertain alliance still haunted by a history of wars and prejudices. On the lost colony world of Laconia, a hidden enemy has a new vision for all of humanity and the power to enforce it. New technologies clash with old as the history of human conflict returns to its ancient patterns of war and subjugation. But human nature is not the only enemy, and the forces being unleashed have their own price. A price that will change the shape of humanity -- and of the Rocinante -- unexpectedly and forever. Warden's Vengeance

A sequel to the best-selling Robocalypse is told through a series of narratives that finds new and former characters fighting to rebuild a war-stricken world under threat of the surviving Archos machine code. 100,000 first printing.

Honor Among Thieves

Gereint Enseichen of Casmantium knows little and cares less about the recent war in which his king tried to use griffins and fire to wrest territory from the neighboring country of Feierabiand but he knows that his kingdom's unexpected defeat offers him a chance to escape from his own servitude. But now that the griffins find themselves in a position of strength, they are not inclined to forgive and the entire kingdom finds itself in deadly peril. Willing or not, Gereint will find himself caught up in a desperate struggle between the griffins and the last remaining Casmantian mage. Even the strongest gifts of making and building may not prove sufficient when the fiery wind of the griffins begins to bury the life of Casmantium beneath the burning sands . . .

Gods of Risk

The rebellion has been crushed. Lord Anakreon and his crew are fleeing for their lives. Now, as the survivors are hunted throughout the Empire, he conceives of one last, desperate plan. Winning is impossible. Survival is unlikely. But he will have his vengeance. And might just take some of the enemy with him For his apprentice Tristan, time is running out. All his life has been leading up to this point: he must step through the ancient alien Portal that killed his father. What lies beyond it, no-one knows Because no-one has ever survived the journey. But he has to try - the Black Ships are consuming planet after planet, utterly unstoppable in their bid to wipe out all life as we know it. What he stands to learn could save the entire galaxy Or destroy it. A pulse-pounding burst of action and adventure with a cast of powerful Wardens, quirky robots and seductive assassins. The Expanse

ONE GIANT LEAP FOR MANKIND Those were Neil Armstrong's immortal words when he became the first human being to step onto another world. All at once, the horizon expanded; the human race was no longer Earthbound. Edge of Infinity is an exhilarating new SF anthology that looks at the next giant leap for humankind: the leap from our home world out into the Solar System. From the eerie transformations in Pat Cadigan's Hugo-award-winning "The Girl-Thing Who Went Out for Sushi" to the frontier spirit of Sandra McDonald and Stephen D. Covey's "The Road to NPS," and from the grandiose vision of Alastair Reynolds' "Vainglory" to the workaday familiarity of Kristine Kathryn Rusch's "Safety Tests," the thirteen stories in this anthology span the whole of the human condition in their race to colonise Earth's nearest neighbours. Featuring stories by Hannu Rajaniemi, Alastair Reynolds, James S. A. Corey, John Barnes, Stephen Baxter, Kristine Kathryn Rusch, Elizabeth Bear, Pat Cadigan, Gwyneth Jones, Paul McAuley, Sandra McDonald, Stephen D. Covey, An Owomoyela, and Bruce Sterling, Edge of Infinity is hard SF adventure at its best and most exhilarating.

Tiamat's Wrath

A novella set in the hard-scrabble world of James S. A. Corey's NYT-bestselling Expanse series, Gods of Risk tells the story of Bobbie Draper following the events of Caliban's War. Now a Prime Original series. As tension between Mars and Earth mounts, and terrorism plagues the Martian city of Londres Nova, sixteen-year-old David Draper is fighting his own lonely war. A gifted chemist vying for a place at the university, David leads a secret life as a manufacturer for a ruthless drug

dealer. When his friend Leelee goes missing, leaving signs of the dealer's involvement, David takes it upon himself to save her. But first he must shake his aunt Bobbie Draper, an ex-marine who has been set adrift in her own life after a mysterious series of events nobody is talking about. Terminal World

The eighth book in the NYT bestselling Expanse series, Tiamat's Wrath finds the crew of the Rocinante fighting an underground war against a nearly invulnerable authoritarian empire, with James Holden a prisoner of the enemy. Now a Prime Original series. Thirteen hundred gates have opened to solar systems around the galaxy. But as humanity builds its

interstellar empire in the alien ruins, the mysteries and threats grow deeper. In the dead systems where gates lead to stranger things than alien planets, Elvi Okoye begins a desperate search to discover the nature of a genocide that happened before the first human beings existed, and to find weapons to fight a war against forces at the edge of the imaginable. But the price of that knowledge may be higher than she can pay. At the heart of the empire, Teresa Duarte prepares to take on the burden of her father's godlike ambition. The sociopathic scientist Paolo Cortázar and the Mephistophelian prisoner James Holden are only two of the dangers in a palace thick with intrigue, but Teresa has a mind of her own and secrets even her father the emperor doesn't guess. And throughout the wide human empire, the scattered crew of the Rocinante fights a brave rear-guard action against Duarte's authoritarian regime. Memory of the old order falls away, and a future under Laconia's eternal rule -- and with it, a battle that humanity can only lose -- seems more and more certain. Because against the terrors that lie between worlds, courage and ambition will not be enough

The fourth book in the NYT bestselling Expanse series, Cibola Burn sees the crew of the Rocinante on a new frontier, as the rush to colonize the new planets threatens to outrun law and order and give way to war and chaos. Now a Prime Original series. Hugo Award Winner for Best Series Enter a new frontier. "An empty apartment, a missing family, that's creepy. But this is like finding a military base with no one on it. Fighters and tanks idling on the runway with no drivers. This is bad juju. Something wrong happened here. What you should do is tell everyone to leave." The gates have opened the way to a thousand new worlds and the rush to colonize has begun. Settlers looking for a new life stream out from humanity's home planets. Ilus, the first human colony on this vast new frontier, is being born in blood and fire. Independent settlers stand against the overwhelming power of a corporate colony ship with only their determination, courage, and the skills learned in the long wars of home. Innocent scientists are slaughtered as they try to survey a new and alien world. The struggle on Ilus threatens to spread all the way back to Earth. James Holden and the crew of his one small ship are sent to make peace in the midst of war and sense in the midst of chaos. But the more he looks at it, the more Holden thinks the mission was meant to fail. And the whispers of a dead man remind him that the great galactic civilization that once stood on this land is gone. The Churn: An Expanse Novella

The fifth book in the NYT bestselling Expanse series, Nemesis Games drives the crew of the Rocinante apart, and as they struggle to survive, the inner planets fall victim to an enemy's catastrophic plan. Now a Prime Original series. A thousand worlds have opened, and the greatest land rush in human history has begun. As wave after wave of colonists leave, the power structures of the old solar system begin to buckle. Ships are disappearing without a trace. Private armies are being secretly formed. The sole remaining protomolecule sample is stolen. Terrorist attacks previously considered impossible bring the inner planets to their knees. The sins of the past are returning to exact a terrible price. And as a new human order is struggling to be born in blood and fire, James Holden and the crew of the Rocinante must struggle to survive and get back to the only home they have left. The Vital Abyss

The first book in the revolutionary New York Times bestselling Expanse series, a modern masterwork of science fiction. Leviathan Wakes introduces Captain James Holden, his crew, and Detective Miller as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system - Mars, the Moon, the Asteroid Belt and beyond - but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for - and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations - and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe. "Interplanetary adventure the way it ought to be written." - George R. R. Cibola Burn

Han Solo and his new friends embark on a daring rescue mission just after the destruction of the first Death Star.

Deuces Down

In a post-apocalyptic America that has shattered into a hundred perpetually warring fiefdoms, anyone with a loud voice and a doomsday weapon can be king (and probably has been). Duncan Archer—con man, carpetbagger, survivor—has found a way to somehow successfully navigate the end of the world, with its giant killer robots, radioactive mutants, mad scientists, rampant nanotechnology, armed gangs, sea monsters, and 101 unpleasant ways to die. But when he meets Captain James Barrow, a former OSS agent and the most wanted man in the world, Duncan finds himself a reluctant hero caught up in a whole new level of weird, rollicking adventure. . . . And the second most wanted man in the world. *Tales from the Radiation Age* is a throwback to the pulp-origins of science fiction, painting a vision of the future that's richly detailed, wildly imaginative—and altogether too easy to imagine.

The Haunted Shore

The second book in the NYT bestselling Expanse series, *Caliban's War* shows a solar system on the brink of war, and the

only hope of peace rests on James Holden and the crew of the Rocinante's shoulders. Now a Prime Original series. We are not alone. On Ganymede, breadbasket of the outer planets, a Martian marine watches as her platoon is slaughtered by a monstrous supersoldier. On Earth, a high-level politician struggles to prevent interplanetary war from reigniting. And on Venus, an alien protomolecule has overrun the planet, wreaking massive, mysterious changes and threatening to spread out into the solar system. In the vast wilderness of space, James Holden and the crew of the Rocinante have been keeping the peace for the Outer Planets Alliance. When they agree to help a scientist search war-torn Ganymede for a missing child, the future of humanity rests on whether a single ship can prevent an alien invasion that may have already begun . . .

The Ninth Circle

One summer weekend in 1949—but not our 1949—the well-connected "Farthing set", a group of upper-crust English families, enjoy a country retreat. Lucy is a minor daughter in one of those families; her parents were both leading figures in the group that overthrew Churchill and negotiated peace with Herr Hitler eight years before. Despite her parents' evident disapproval, Lucy is married—happily—to a London Jew. It was therefore quite a surprise to Lucy when she and her husband David found themselves invited to the retreat. It's even more startling when, on the retreat's first night, a major politician of the Farthing set is found gruesomely murdered, with abundant signs that the killing was ritualistic. It quickly becomes clear to Lucy that she and David were brought to the retreat in order to pin the murder on him. Major political machinations are at stake, including an initiative in Parliament, supported by the Farthing set, to limit the right to vote to university graduates. But whoever's behind the murder, and the frame-up, didn't reckon on the principal investigator from Scotland Yard being a man with very private reasons for sympathizing with outcasts and looking beyond the obvious. As the trap slowly shuts on Lucy and David, they begin to see a way out—a way fraught with peril in a darkening world. The Woman who Thought She was a Planet

With Jordan Peele's Twilight Zone reboot arriving, read the stories that inspired some of the show's greatest episodes, including "The Howling Man"! The profoundly original and wildly entertaining short stories of a legendary Twilight Zone writer, with a foreword by Ray Bradbury and an afterword by William Shatner It is only natural that Charles Beaumont would make a name for himself crafting scripts for The Twilight Zone—for his was an imagination so limitless it must have emerged from some other dimension. Perchance to Dream contains a selection of Beaumont's finest stories, including seven that he later adapted for Twilight Zone episodes. Beaumont dreamed up fantasies so vast and varied they burst through the walls of whatever box might contain them. Supernatural, horror, noir, science fiction, fantasy, pulp, and more: all were equally at home in his wondrous mind. These are stories where lions stalk the plains, classic cars rove the streets,

and spacecraft hover just overhead. Here roam musicians, magicians, vampires, monsters, toreros, extraterrestrials, androids, and perhaps even the Devil himself. With dizzying feats of master storytelling and joyously eccentric humor, Beaumont transformed his nightmares and reveries into impeccably crafted stories that leave themselves indelibly stamped upon the walls of the mind. In Beaumont's hands, nothing is impossible: it all seems plausible, even likely. "[Beaumont's] imagination, as *Perchance to Dream* amply shows, was more than most writers enjoy in the longest of lifetimes." -NPR For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

"This book left me breathless!" - R. L. Stine, #1 New York Times bestselling author of *Goosebumps* and *Fear Street*, on *The Darkdeep* "Everything you could want in a series." - Soman Chainani, New York Times bestselling author of *The School for Good and Evil*, on *The Beast* The blockbuster middle-grade series by New York Times bestselling authors Ally Condie and Brendan continues in this edge-of-your-seat adventure that's *Stranger Things* meets *The Goonies*. After the events of *Dark Halloween*, the town of Timbers is in a full-blown monster panic, making life for the Torchbearers--Opal, Nico, Tyler, Emma, and Logan--extremely difficult. Nico is investigating the Rift and the strange natural phenomena that continue to occur, all while worrying about his dad's potential work transfer. Opal has her hands full researching the founding Torchbearer, Yvette Dumont, and deciphering clues from another realm sent by the mysterious *Thing In a Jar*. Emma's wildly popular YouTube show has brought her new-found fame, but also earned her some enemies. Logan is trying to unlock secrets in his own family history that might shed light on how the Torchbearer Order began, while Tyler, as the self-proclaimed *Beastmaster*, strives to commune with--and not be eaten by--the mercurial and deadly alien sea creature living in *Still Cove*. But that's

not all. Something cryptic has surfaced from within the Darkdeep. Questions arise, and the five friends find themselves suddenly at odds. The stakes climb even higher when an enigmatic new girl comes to town, with an agenda of her own. As the Torchbearers discover shocking secrets about their houseboat hangout, the Rift, and the Darkdeep itself, signs point to new realms beyond the ones they know, putting their friendships to the test as never before . . . Told from alternating POVs, this thrilling next book from bestselling duo Ally Condie and Brendan Reichs will once again have readers sleeping with the lights on.

Leviathan Wakes

A brand-new novel from "the most exciting space opera writer working today" (Locus). In a far distant future, an enforcement agent named Quillon has been living incognito in the last human city of Spearpoint, working as a pathologist in the district morgue. But when a near-dead angel drops onto his dissecting table, his world is wrenched apart. For the angel is a winged posthuman from Spearpoint's Celestial Levels, and with the dying body comes bad news—to save the angel's life, Quillon must leave his home and travel into the cold and hostile lands beyond the city.

Tales from the Radiation Age

On September 15, 1946, a biological weapon created by an alien race was accidentally detonated above the streets of New York City, killing countless numbers of men, women, and children. But those who survived the initial explosion soon began to wish they had died also, once they discovered they had been forever mutated by the virus unleashed in the blast? Set in an alternate, shared-world universe, *Deuces Down* is the one place you'll find such never-before-told tales as John J. Miller's exciting 1969 World Series between the Baltimore Orioles and the Brooklyn Dodgers; Michael Cassutt's first moon landing, when the whole world wasn't watching; Walter Simon's Great New York City Blackout of 1977; Melinda M. Snodgrass's account of Grace Kelly's mysterious disappearance during the filming of the French *Lieutenant's Woman*. It's a strange and terrifying world, where anything can happen. A world of Wild Cards.

Crown of Bones

In this exciting, visionary, and all-too-plausible next chapter in the legendary Dale Brown's New York Times bestselling techno-warfare series, Brad McLanahan and the Iron Wolf Squadron must fight the Russians on a dangerous, untested battlefield: outer space. The previous administration's ineffective response to the growing Russian threat has left America vulnerable. Setting a bold course for America's defense, the decisive and strong new president, John Dalton Farrell, intends to challenge Russian aggression head on. Brad and Patrick McLanahan and the formidable Iron Wolf Squadron—including

the recently injured Nadia Roz, rested and back to fighting form thanks to a pair of state-of-the-art prosthetic legs—are ready and eager to join the battle. But even with their combined forces, the Russian menace may prove too great for the Americans to overcome. Done with provocative skirmishes and playing for small stakes, the Russian president has set his sights on the ultimate prize: controlling the entire world. Expanding beyond earth's bounds, the Russians have built a new high-tech space station and armed it with weaponry capable of destroying US satellites as well as powerful missiles pointed at strategic targets across earth. Devising a cunning plan of attack, Brad, Nadia, and the Iron Wolf warriors will take to the skies in their advanced space planes to destroy the space station, check the Russians' plan for dominance, and save the world. But is it already too late?

Escapement

A novella set in the hard-scrabble world of James S. A. Corey's NYT-bestselling *Expanse* series, *The Churn* takes the bestselling sci-fi series to the dark world of organized crime, drugs, secrets, and murder that shaped the Rocinante's mechanic, Amos. Before his trip to the stars, before the Rocinante, Timmy was confined to a Baltimore where crime paid you or killed you. Unless the authorities got to you first. On a future Earth beset by overpopulation, pollution, and poverty, people do what they must to survive. *The Churn* follows a crime boss named Burton as his organization is threatened by a new private security force tasked with cleaning up the city. When the police start cracking down, Burton and his footsoldiers—loyal lieutenant Erich, former prostitute Lydia, and young enforcer Timmy—become increasingly desperate to find a way out. The Torchbearers

The sixth novel in James S.A. Corey's New York Times bestselling Expanse series--now a new original series from the Syfy Channel, coming December 14th 2015. The final war has started. The protomolecule, fairly quiescent since the opening of the gates, has identified its enemy and is arming itself for battle. Humanity is at most a tool in its post-human arsenal. When people, ships, and even places begin to disappear, Holden and the crew of the Rocinante have to face the fact that the thing they've been hauling through the depths of space only appears to be Detective Miller. The time when the protomolecule's agenda and humanity's overlapped has passed. As the protomolecule takes control of the ancient networks and relays, the final battle begins. Holden and his allies are faced with the decision of whether to blow the gates, trapping humanity in beads of disconnected worlds, or engage in a battle that they can only lose no matter who wins.

Auberon

Praise from George R.R. Martin: "James Hibberd covered Game of Thrones from start to finish, and he knows where all the bodies are buried. It's all here, in his oral history of the series: how it began, how it ended, dragons and direwolves, what went on in front of the cameras and what went on behind the scenes, the triumphs and the stumbles, the tough decisions, the forks in the road, the reasons why. Actors, directors, showrunners, producers, executives, even me Fire Cannot Kill a Dragon has it all, everything you ever wanted to know. Game of Thrones was an amazing ride. Fire Cannot Kill a Dragon is an amazing read." The official, definitive oral history of the blockbuster show from Entertainment Weekly's James Hibberd. It was supposed to be impossible. George R.R. Martin was a frustrated television writer who created his bestselling A Song of Ice and Fire fantasy novels to be an unfilmable saga bound only by the limits of his vast imagination. Then a pair of first-time TV writers teamed with HBO to try and adapt Martin's epic. We've all seen the eight seasons of the Emmy-winning fantasy series that came next. But there is one Game of Thrones tale that has yet to be told: the 13-year behind-the-scenes struggle to pull off this extraordinary phenomenon. In Fire Cannot Kill a Dragon, award-winning Entertainment Weekly writer James Hibberd chronicles the untold and uncensored story of Game of Thrones, from the creative team's first meetings to staging the series finale and all the on-camera battles and off-camera struggles in between. The book draws from more than 50 revealing new interviews, rare and stunning photos, and unprecedented access to the producers, cast, and crew who took an impossible idea and made it into the biggest show in the world.

Caliban's War

Humorous and endearing, The Good, the Bad and the Furry is a heartwarming memoir about a man at the mercy of his unpredictable, demanding and endlessly lovable cats. Meet The Bear—a cat who carries the weight of the world on his furry shoulders, and whose wise, owl-like eyes seem to ask, Can you tell me why I am a cat please? Like many intellectuals, The Bear would prefer a life of quiet solitude with plenty of time to gaze forlornly into space and contemplate society's ills.

Unfortunately, he is destined to spend his days surrounded by felines of a significantly lower IQ. There is Janet, a large man cat who often accidentally sets fire to his tail by walking too close to lighted candles; Ralph, a preening tabby who enjoys meowing his own name at 5AM; and Shipley, Ralph's brother, who steals soup but is generally relaxed once you pick him up and turn him upside down. And then there's Tom Cox, writing with wit and charm about the unexpected adventures that go hand-in-hand with a life at the beck and call of four cats.

The Kremlin Strike

In his novel Mainspring, Lake created an enormous canvas for storytelling with his hundred mile high Equatorial Wall that holds up the great Gears of the Earth. Now in Escapement, he explores more of that territory. Paolina Barthes is a young woman of remarkable intellectual ability – a genius on the level of Isaac Newton. But she has grown up in isolation, in a small village of shipwreck survivors, on the Wall in the middle of the Atlantic Ocean. She knows little of the world, but she knows that England rules it, and must be the home of people who possess the learning that she so desperately wants. And so she sets off to make her way off the Wall, not knowing that she will bring her astounding, unschooled talent for sorcery to the attention of those deadly factions who would use or kill her for it. Leviathan Falls

'A handsome, cool, enigmatic Gen X'er who never seems to age, James King is the perfect man to write about Keanu Reeves.' Stephen Merchant 'James has been my movie guru for years and now he's my spiritual guru too! From now on I'm going to ask myself: 'What would Keanu do?' Jo Whiley Keanu Reeves: actor, musician, dog lover. He's the internet's boyfriend. The poetic petrolhead. The guru on a surfboard. Part samurai, part samaritan. He is, very simply, 'The One'. In

this hilarious book of pocket philosophy, film critic and Keanu fan James King reveals what makes Mr Reeves so special. He unpacks iconic films from the Bill & Teds to the John Wicks, as well as the star's own free-spirited life, showing us why the great man with the great hair has all the answers. And how everyone can #bemorekeanu.

Persepolis Rising

Farthing

Based on the bestselling books and tying into the hit television series, THE EXPANSE ORIGINS reveals the untold origins of the crew members of The Rocinante. As interplanetary tensions reach an all-time high, the crew of The Rocinante finds themselves at the center of a conflict that threatens to destroy all of human civilization. But before they were heroes, each member of the crew faced moments that would come to define them and brought them one step closer to the ship they now call home.

Nemesis Games

A novella set in the hard-scrabble world of James S. A. Corey's NYT-bestselling Expanse series, Strange Dogs follows a family of colonists on Laconia where a new generation of humanity struggles with the profound changes that come with making a home on an alien world. Now a Prime Original series. Like many before them, Cara and her family ventured through the gates as scientists and researchers, driven to carve out a new life and uncover the endless possibilities of the unexplored alien worlds now within reach. But soon the soldiers followed and under this new order Cara makes a discovery that will change everything.
