Oxford English: An International Approach Students'

In this enthralling work of popular science, respected Harvard psychiatrist Jordan Smoller addresses one of humankind's most enduring and perplexing questions: What does it mean to be "normal?" In *The Other Side of Normal*, Smoller explores the biological component of normalcy, revealing the hidden side of our everyday behaviors—why we love what we love and fear what we fear. Other bestselling works of neurobiology and the mind have focused on mental illness and abnormal behaviors—like the Oliver Sacks classic, *The Man Who Mistook His Wife for a Hat*—but *The Other Side of Normal* is an eye-opening, thought-provoking, utterly fascinating and totally accessible exploration of the universals of human experience. It will change forever our understanding of who we are and what makes us that way.

True Reflections

This comprehensive and engaging text, developed in cooperation with the IB, follows the new curriculum for first assessment in 2022. With accessible, engaging lessons students will actively relate economics to real-world issues and the global economy. The international examples and case studies encourage students to analyse economics in terms of present-day challenges and concerns. Conceptual links are provided to help students understand the over-arching big questions that relate economics to the multi-faceted challenges of the world economy including how it works and changes over time. Through inquiry-based tasks and links to TOK and ATL activities students will gain a deep understanding of economics. Practice activities will develop the skills required to succeed in the IB assessment including exam-style questions and data response questions. Clear explanations will help students achieve assessment success. About the Series: Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.
