The Art of Game Design

Imagine that a jewel-like garden overlooking Kabul is your ancestral home. Imagine a kitchen made fragrant with saffron strands and cardamom pods simmering in an authentic pilau. Now remember that you were born in London, your family in exile,

and that you have never seen Afghanistan in peacetime. These are but the starting points of Saira Shah's memoir, by turns inevitably exotic and unavoidably heartbreaking, in which she explores her family's history in and out of Afghanistan. As an accomplished journalist and documentarian—her film *Beneath the Veil* unflinchingly depicted for CNN viewers the humiliations forced on women under Taliban rule—Shah returned to her family's homeland cloaked in the burqa to witness the pungent and shocking realities of Afghan life. As the daughter of the Sufi fabulist Idries Shah, primed by a lifetime of listening to her father's stories, she eagerly sought out, from the mouths of Afghan refugees in Pakistan, the rich and living myths that still sustain this battered culture of warriors. And she discovered that in Afghanistan all the storytellers have been men—until now. From the Trade Paperback edition.

The two were inseparable friends. They still are. And Billy is not about to let a little thing like death stop him from hanging in there with Eddie in his epic struggle to

get his life back on track.

Dork Diaries: Dear Dork

Based on the Silliman Lectures delivered at Yale in 1913, this book remained unfinished at Osler's death. He requested in his will that it and his other unfinished works not be published. However, it was prepared for publication by Harvey Cushing, Archibald Malloch and others. Garrison said it is one of the most interesting short histories of medicine, written in Osler's charming style, an excellent book to begin the study of medical history.

Put Your Dream to the Test

This profoundly moving memoir is the remarkable and inspiring true story of Sandra Uwiringiyimana, a girl from the Democratic Republic of the Congo who tells the tale of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp. Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members. With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new country, of her hope for the future, and how she found a way to give voice to her people.

The Sledding Hill

Eternal love is worth waiting for. Since Lacey Robinson trekked off to college four years ago, Kade Maxwell has worried non-stop that her blackouts and panic attacks would destroy her independence. But with her graduation on the horizon, he begins to relax, knowing she'll soon be back in his arms. He's excited to do the one thing he's been longing to do-propose. But when he surprises her the day before graduation, he may be walking away instead. Lacey was practically born with a baseball in one hand and a mitt on the other. The only time she hasn't played was after the death of her mom and sister. The uphill climb to get back to pitching was painful, and if it weren't for Kade, she might not have made it. Now, a major league team is interested in her, but she knows that her sexy bad boy wants to get married. Fate is throwing curveballs at Kade and Lacey. Will they be brave enough to swing for love's homerun? This is the final installment of Kade and Lacey's story. It's highly recommended that Dare to Kiss and Dare to Dream be read before reading Dare to Breathe. Intended for audiences 18+ Strong language and sexual content.

Acts of Faith

J.M. Coetzee's latest novel, *The Schooldays of Jesus*, will soon be available from Viking. Set in post-apartheid South Africa, J. M. Coetzee's searing novel tells the story of David Lurie, a twice divorced, 52-year-old professor of communications and Romantic Poetry at Cape Technical University. Lurie believes he has created a comfortable, if somewhat passionless, life for himself. He lives within his financial and emotional means. Though his position at the university has been reduced, he teaches his classes dutifully; and while age has diminished his attractiveness, weekly visits to a prostitute satisfy his sexual needs. He considers himself happy. But when Lurie seduces one of his students, he sets in motion a chain of events that will shatter his complacency and leave him utterly disgraced. Lurie pursues his relationship with the young Melanie—whom he describes as having hips “as slim as a twelve-year-old’s”—obsessively and narcissistically, ignoring, on one occasion, her wish not to have sex. When Melanie and her father lodge a complaint against him, Lurie is brought before an academic committee where he admits he is guilty of all the charges but refuses to express any repentance for his acts. In the furor of the scandal, jeered at by students, threatened by Melanie's boyfriend, ridiculed by his ex-wife, Lurie is forced to resign and flees Cape Town for his daughter Lucy's

smallholding in the country. There he struggles to rekindle his relationship with Lucy and to understand the changing relations of blacks and whites in the new South Africa. But when three black strangers appear at their house asking to make a phone call, a harrowing afternoon of violence follows which leaves both of them badly shaken and further estranged from one another. After a brief return to Cape Town, where Lurie discovers his home has also been vandalized, he decides to stay on with his daughter, who is pregnant with the child of one of her attackers. Now thoroughly humiliated, Lurie devotes himself to volunteering at the animal clinic, where he helps put down diseased and unwanted dogs. It is here, Coetzee seems to suggest, that Lurie gains a redeeming sense of compassion absent from his life up to this point. Written with the austere clarity that has made J. M. Coetzee the winner of two Booker Prizes, *Disgrace* explores the downfall of one man and dramatizes, with unforgettable, at times almost unbearable, vividness the plight of a country caught in the chaotic aftermath of centuries of racial oppression. From the Trade Paperback edition.
