Dream Street

Winner of the Tupelo Press Editors' Prize This is flawless poetry from a fearless poet with perfect pitch, whether she is writing whimsy or elegy. Melanie

Almeder's poems span myriad locales and themes without ever losing sight of the author's goal: to enlighten, arouse, irk, and amuse. She is graceful and musical as she spins an "Ode to Peterson's Guide to Birds," and yet profoundly articulate as she intuits language from the paintings of Chagall-this, in a thoughtful and distinctive series of poems concerning eminent works of painting and photography. Contemporary philosophy, autobiography, and the landscapes of Florida and Maine are all rendered between these pages, but there is an underlying unity and wisdom to her vision that will manipulate, surprise, and edify her readers as they are led into her lyrically rich yet subtly nuanced landscapes. A singular debut from a compellingly inventive new voice that cannot, and will not, be ignored. Melanie Almeder was raised in Atlanta, Georgia, and southern Maine. She received her BA in English from the University of Virginia, MFA in poetry from the University of Massachusetts, and PhD in contemporary fiction from the University of Florida. Her poems have been widely published in a range of journals, including The Georgia Review, Poetry, Five Points, Seneca Review, The Comstock Review, and American Literary Review. She has been nominated three times for the Pushcart Prize. Almeder currently teaches contemporary literature at Roanoke College.

Hell's Hotel

In one fast-paced story, a strong and aggravated man considers the pretty woman at the bar while he fingers the knife in his pocket. But what becomes of

his prey when they move to the bedroom? In another tale, a man remembers the victim of a ghastly murder who visited the same hair salon as he does. And a Don Juan of a protagonist has a hobby of marrying vulnerable women, getting access to their bank accounts, and then robbing them blind. But there is much more to this collection than dark-haired vixens and crimes of passion. Some stories are brooding, some twisted; some bring righteous satisfaction, some linger in the back of your mind. What is truly on display is an impressive collection of literary talent: a group of some of the best writers we have, weaving fresh and memorable stories from a pair of classic themes. Taken as a whole, they are a rare treat for fans of great fiction, whether it's high literature, good old-fashioned suspense, or anything in between. Original black-and-white art by artist/author Jonathan Santlofer completes this innovative, exciting, and irresistibly intriguing book—a true literary gem.

The Second Edition of The Oxford Companion to Canadian Literature, now in its third printing, is a landmark reference work. Reducing its 1200 pages by almost one half this concise edition will make the core contents of the original volume accessible to a much wider range of readers. Some entries have been

shortened and others have been dropped, including many genre and regional surveys (except for Aboriginal literature, Exploration literature, and Writing in New France) and articles on Quebecois and Acadian writers whose works have not been translated into English. The remaining entries, however, have all been updated to include new publications, and those on leading writers have in many cases been expanded. Finally, over sixty new entries have been added - including entries on Gail Anderson-Dargatz, Anne Cameron, Wayson Choy, The Colony of Unrequited Dreams, Trevor Ferguson, Cecil Foster, D.M. Fraser, The Giller Prize, Elizabeth Hay, David Macfarlane, Peter Oliva, Kenneth Opel, Witold Rybczynski, Shyam Selvadurai, Russell Smith, and Margaret Visser - making this concise edition an indispensable supplement to the original companion.

Susanna's Dream

In "The Dark End of the Street", Maria Damon brings a new sensitivity to modern poetic criticism. She adds an important dimension to cultural theory, revealing the struggles of American poets as they address important questions about art, social life, and the oppression they encounter. Taking as her premise that the intensity of poetic language is an appropriate venue for representing the "dark end of the street" of social pain, Damon foregrounds the work and lives of a number of modern American poets in order to argue that the American avant-garde is located in the experimental literary works of social "outsiders."

Unlike most literary studies on poetry and poetics, "The Dark End of the Street" examines an unusually wide range of poets and poetic activities. Damon explores avant-garde poetry as writing that pushes at the limits of experience as well as at the limits of conventional form. She argues that the marginalized and oppressed, ostensibly the most expendable members of American society, have produced its truly vanguard literature. Damon brings a sense of social context to a field long dominated by purely formalist criticism, ultimately revealing how time, place, and circumstance affect the creation, distribution, and reception of modern poetry. This book is intended for contemporary American poetry, cultural studies, and American studies.

The House on Dream Street

William Bassett is a land surveyor in the small Midwestern town of St. Elsewhere. While surveying along US Highway 40, he is struck by a car, inducing a deep coma. It is December of 1818 and Illinois just became a state. William is a US Deputy Surveyor in the new Capital city of Kaskaskia. He has been given the task of finding a more centralized location for the state's Capitol. He must form a survey party and be ready to embark on a journey through uncivilized territory. In the local tavern, he finds Duke and Montgomery Longhorn, brothers and buffalo hunters. Two French trappers, Martin St. Louis and Jacques Black join the adventure. Two surveyor's helpers, John and Wayne complete the crew. In his search, he finds more than he bargained for - a woman. The angelic

vision of Mary Margaret Rose would capture William's heart. The journey is more than an adventure of a lifetime, it is two lives intertwined through time, but only one makes it to the end.

Going the Distance

International Books in Print

This bold new theoretical study explores dissident subjectivity, that is, the struggle for unique authorial identity in American literary discourse that has existed, according to David Jarraway, since the Romantics. From Emerson's "Experience" remarking upon the "focal distance within the actual horizon of human life" to Toni Morrison's Nobel Prize address sanctifying the artist's "sophisticated privileged space," American literature has continuously recognized a necessary "distance"—the gap between culturally accepted ideas of selfhood and the intractable reality of the self's never-completed construction in time. Jarraway's fascinating examination of modernist poets shows that engaging with this artistic space, or "going the distance," empowers writers and their readers to create and perceive identities that resist the frozen certainties of conventional gender, sexual, and social roles. Employing this theory with grace and precision, Jarraway ranges through the dissident process in Gertrude Stein, the cultural criticism of William Carlos Williams, the deferred racialism of Langston Hughes, the queer perversities of Frank O'Hara, and the

spectral lesbian poetics of Elizabeth Bishop. Bolstered further by insights from the pragmatism of William James through the cultural critique of Theodor Adorno to the queer theory of Judith Butler, the author challenges his audience with politically engaged insistence on the life-affirming potentialities of human subjectivity in literature. His passionate conclusion demonstrates the liberating fluidity of self made possible by feminist chartings of modern identity's depths. Lucidly composed, theoretically sophisticated and up-to-the-minute, *Going the Distance* painstakingly recovers the dissident American subjective in modernist literary discourse within its fullest cultural context. Jarraway's readings are a major contribution to poetry scholarship and to cultural studies that will provoke further investigations into the history of subjectivity in American literature as a whole.

On Dream Street

A “vividly detailed” memoir of traveling to the formerly forbidden country and exploring life and culture in Hanoi (Kirkus Reviews). For years after the Vietnam War, Americans were unable to visit the country, so once tourist visas became available, young Dana Sachs eagerly applied. Born in the early 1960s, she had little memory of the war and its history, but yearned to know more about this Southeast Asian nation, with its odd mix of capitalism and communism and its streets crowded with bicycles. In this unusual travel memoir, she recounts arriving as a backpacker in the late 1980s; moving in with a family and earning her keep by teaching English; encountering a salesman offering remains of American “poes and meeas”—which she finally recognizes as “POWs and MIAs”—and falling for a motorcycle mechanic named Phai. The House on Dream Street is a warm, witty portrait of a country on the cusp of change—and of a woman learning to know her own heart. “Engrossing . . . Sachs bravely renders

Vietnam through fresh eyes.” —Publishers Weekly

The Secret of Dream Street

An imaginatively constructed new literary history of the twentieth century. This companion with a difference sets a controversial new agenda for literary-historical analysis. Far from the usual forced march through the decades, genres and national literatures, this reference work for the new century cuts across familiar categories, focusing instead on literary 'hot spots': Freud's Vienna and Conrad's Congo in 1899,

Chicago and London in 1912, the Somme in July 1916, Dublin, London and Harlem in 1922, and so on, down to Bradford and Berlin in 1989 (the fatwa against Salman Rushdie, the new digital media), Stockholm in 1993 (Toni Morrison's Nobel Prize) and September 11, 2001.

The Complete Poetical Works of Robert Burns

Tara's life in Halifax is about as good as it gets--she gets top marks in her class, her parents are cool, she has a good part-time job, her boyfriend Ron edits an alternative paper. Her life is especially good compared to her friend Janet's. Janet fights with her parents whenever she sees them, which isn't often. She spends more time begging for change on the street and crashing at the dismal squat locals call Hell's Hotel. Soon, however, cracks start to appear in Tara's perfect life. When Ron writes an exposé on the kids who live at the Hotel, Tara is forced to question his motives. Things start falling apart, one by one: her grades slip, her friends drop her, her mom leaves town. When catastrophe hits Hell's Hotel, however, Tara and Janet find themselves relying on each other more than either expected. Together they aim to make big changes, in their city and in themselves. Set against a gritty, inner-city background, Hell's Hotel examines the challenges teenagers face every day, in their comfortable homes and on the streets. This book was originally published in 1984 as *Dark End of Dream Street*. [Fry Reading Level - 3.3]

"I won the right to name a street in southern California," writes author and photographer Douglas McCulloh. This chance win at a charity event launched him into an obsessive relationship with a 134-home subdivision just commencing in southern California's Inland Empire. Increasingly captivated with the creation of this new neighborhood, he haunted the place he named Dream Street, vividly chronicling the lives of builders, workers, and prospective homebuyers with his camera and tape recorder. In Dream Street, as the tract of land progresses from an abandoned strawberry field to a jumble of framed houses to a typical suburban neighborhood, McCulloh puts a human face on the process that continues to reshape America. The name "Dream Street," he soon discovers, belies reality for those building the home - most of whom are poorly trained and paid - and for those flocking to open house events hoping to buy. McCulloh's timely and captivating work illuminates the history and fate of Dream Streets everywhere.

Since the appearance of the first science fiction magazine in 1926, thousands of short stories have been published in periodicals devoted to the genre. These stories cover a wide range of subjects, from spacecraft to the human condition, and feature little-known authors as well as masters like Ellison and Asimov. In the past, finding which issue of what

magazine ran a certain story was nearly impossible. This much-needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines, providing exhaustive indexes to magazines, authors, and titles, allowing a variety of options for research on 34,000 stories appearing in nearly 5,000 issues of 133 genre magazines. Stories from all major American publications, as well as from several minor periodicals, are indexed. Also included is an appendix of the best known and most prolific contributors, giving the titles of all their stories in this work (necessary because the huge author index does not show titles). A guide to how to use this book clarifies its features for the researcher.
