A few years ago, Chimamanda Ngozi Adichie received a letter from a childhood friend, a new mother who wanted to know how to raise her baby girl to be a feminist. Dear Ijeawele is Adichie's letter of response: fifteen invaluable suggestions—direct, wryly funny, and perceptive—for how to empower a daughter to become a strong, independent woman. Filled with compassionate guidance and advice, it gets right to the heart of sexual politics in the twenty-first century, and starts a new and urgently needed conversation about what it really means to be a woman today.

Hope for the Journey Through Cancer

This guide offers helpful advice on how teachers, administrators, and career advisers in science and engineering can become better mentors to their students. It starts with the premise that a successful mentor guides students in a variety of ways: by helping them get the most from their educational experience, by introducing them to and making them comfortable with a specific disciplinary culture, and by offering assistance with the search for suitable employment. Other topics covered in the guide include career planning, time management, writing development, and responsible scientific conduct. Also included is a valuable list of bibliographical and Internet resources on mentoring and related topics.

My Dearest Friend

Shortly after starting a "Pie of the Month Club," Coletta Kewitt's business grew to eighty pies a month. Using a commercial kitchen about thirty miles from her home, she would head into town after a day of baking with a car filled with warm pie. Along the way, she prayed for no sudden stops. When her dear friend, Paul, died,

she wrote her first "pie letter," which she taped to the top of the pie boxes. Customers urged her to write more letters, and thus began her monthly essays on pie and life. Many times, she would see customers sitting in their cars reading their pie letters before taking off for home. To add an element of fun to the pie club, small pieces of artwork designed by friend and artist Cynthia Weed, were placed inside the lid of one pie box a month. The winner would win the artwork and a pie. After years of enjoying the "Pie of the Month Club," Coletta and Cynthia began another adventure: weaving passions of the soul in art and words. They found that patience is P.I.E. - "patience in everything," which is one of the greatest blessings God can bestow on us.

What Your Heart Needs for the Hard Days

Most of us go through life with a vision of what the ideal relationship is supposed to be, yet too often our longing for a soul mate leads to disappointment and heartbreak. What we see, desire, or harshly judge in our mate is but a reflection of self, Vanzant explains, as in *IN THE MEANTIME* she helps us to break free of our fantasies and view a relationship as an ongoing process of discovery and growth. Whether she is offering practical advice on how to avoid making the same relationship mistakes over and over again, or helping us to view the painful end of a relationship as an opportunity to learn and change, Iyanla Vanzant, as author Patrice Gains has said, 'reminds us that every moment is an opportunity to learn and inspires and encourages us to continue our inward daily search'.

Grown and Flown

In this uplifting book, Holley Gerth invites readers to sit down with her to be filled with the strength, peace, and joy that come from God's promises to us. Each of the 52 devotions based on the Psalms will help weary women remember that God is good and we're all in this together. Whether it's a bad hair day or a broken heart, Holley offers hope and encouragement to get us through whatever life brings. Women need that kind of encouragement because we all have hard days--days

that make us want to give up, retreat inside ourselves, and drown our sorrows in a pint of ice cream. And while we may crave all sorts of things to ease the pain we feel in our hearts, what we really need is truth. We need to be confident in God's character and his promises. We need to remember--and celebrate--who he made us to be. And we need exactly the kind of encouragement Holley Gerth loves to offer.

The Motherly Guide to Becoming Mama

"I managed to make my way to the car through blurry, tear-filled vision. Inside the car I tried to calm down by looking out the window as cars drove by. Everyone was going somewhere. And I sat and watched. My life had suddenly come to a standstill." When young mother Vivian Mabuni was diagnosed with breast cancer three days before Christmas, she struggled to know how to respond. How do you tell your children you have cancer? How do you allow yourself to be vulnerable and ask for your family's support? And how do you continue to trust God? Through her battle, cancer patients, family, and friends will find perspective, hope, and an honest look at what it is like to be diagnosed with and treated for cancer—as well as encouragement to know that God is present in our pain. *Warrior in Pink: A Story of Cancer, Community, and a God Who Comforts* · provides an honest look at what it is like to be diagnosed with and treated for cancer · includes ways to encourage yourself and others · shows you how to invite God into your pain

Pulitzer Prize-winning biologist Edward O. Wilson imparts the wisdom of his storied career to the next generation. Edward O. Wilson has distilled sixty years of teaching into a book for students, young and old. Reflecting on his coming-of-age in the South as a Boy Scout and a lover of ants and butterflies, Wilson threads these twenty-one letters, each richly illustrated, with autobiographical anecdotes that illuminate his career—both his successes and his failures—and his motivations for becoming a biologist. At a time in human history when our survival is more than ever linked to our understanding of science, Wilson insists that success in the sciences does not depend on mathematical skill, but rather a passion for finding a problem and solving it. From the collapse of stars to the exploration of rain forests and the oceans' depths, Wilson instills a love of the innate creativity of science and a respect for the human being's modest place in the planet's ecosystem in his readers.

A NEW YORK TIMES BESTSELLER As a healthy, happy thirty-nine-year-old mother with no family history of breast cancer, being diagnosed with the disease rocked Hollye Jacobs's world. Having worked as a nurse, social worker, and child development specialist for fifteen years, she suddenly found herself in the position of moving into the hospital bed. She was trained as a clinician to heal. In her role as patient, the healing process became personal. Exquisitely illustrated with full-color photographs by Hollye's close friend, award-winning photographer Elizabeth Messina, *The Silver Lining* is both Hollye's memoir and a practical, supportive resource for anyone whose life has been touched by breast cancer. In the first section of each chapter, she describes with humor and wisdom her personal experience and gives details about her diagnosis, treatment, side effects, and recovery. The second section of each chapter is told from Hollye's point of view as a medical expert. In addition to providing a glossary of important terms and resources, she addresses the physical and emotional aspects of treatment, highlights what patients can expect, and provides action steps, including: What to do when facing a diagnosis How to find the best and most supportive medical team What questions to ask What to expect at medical tests How to talk with and support children How to relieve or avoid side effects How to be a supportive friend or family member How to find Silver Linings Looking for and finding Silver Linings buoyed Hollye from the time of her diagnosis throughout her double mastectomy, chemotherapy, radiation, and recovery. They gave her the balance and perspective to get her through the worst days, and they compose the soul of the book. The Silver Lining of Hollye's illness is that she can now use the knowledge gleaned from her experience to try to make it better for those who have to follow her down this difficult path. This is why she is sharing her story. Hollye is the experienced girlfriend who wants to help shed some light in the darkness, provide guidance through the confusion, and hold your hand every step of the way. NEW YORK TIMES BESTSELLER • Maya Angelou shares her path to living well and with meaning in this absorbing book of personal essays. Dedicated to the daughter she never had but sees all around her, *Letter to My Daughter* transcends genres and categories: guidebook, memoir, poetry, and pure delight. Here in short spellbinding essays are glimpses of the tumultuous life that led Angelou to an exalted place in American letters and taught her lessons in compassion and fortitude: how she was brought up by her indomitable grandmother in segregated Arkansas, taken in at thirteen by her more worldly and less religious mother, and grew to be an awkward, six-foot-tall teenager whose first experience of loveless sex paradoxically left her with her greatest gift, a son. Whether she is recalling such lost friends as Coretta Scott King and Ossie Davis, extolling honesty, decrying vulgarity, explaining why becoming a Christian is a “lifelong endeavor,” or simply singing the praises of a meal of red rice—Maya Angelou writes from the heart to millions of women she considers her extended family. Like the rest of her remarkable work, *Letter to My Daughter* entertains and teaches; it is a book to cherish, savor, re-read, and share. “I gave birth to one child, a son, but I have thousands of daughters. You are Black and White, Jewish and Muslim, Asian, Spanish speaking, Native Americans and Aleut. You are fat and thin and pretty and plain, gay and straight, educated and unlettered, and I am speaking to you all. Here is my offering to you.”—from *Letter to My Daughter*

She trusted her immense intuition and generous heart--and published the most. Ursula Nordstrom, director of Harper's Department of Books for Boys and Girls from 1940 to 1973, was arguably the single most creative force for innovation in children's book publishing in the United States during the twentieth century. Considered an editor of maverick temperament and taste, her unorthodox vision helped create such classics as *Goodnight Moon*, *Charlotte's Web*, *Where the Wild Things Are*, *Harold and the Purple Crayon*, and *The Giving Tree*. Leonard S. Marcus has culled an exceptional collection of letters from the HarperCollins archives. The letters included here are representative of the brilliant correspondence that was instrumental in the creation of some of the most beloved books in the world today. Full of wit and humor, they are immensely entertaining, thought-provoking, and moving in their revelation of the devotion and high-voltage intellect of an incomparably gifted editor, mentor, and publishing visionary.

Stacy Shelton had to face every woman's worst nightmare when she was diagnosed, not once, but twice, with breast cancer. To make matters worse, a new presence, which she dubbed "Crazy Woman," took up residence in her brain, wreaking havoc and forcing her to face her own mortality. By walking herself through her own death and conquering additional obstacles that sometimes seemed too much to survive, she discovered an enlightened sense of purpose, and a newfound way of living, free from fear. Me, the Crazy Woman, and Breast Cancer is a hauntingly moving memoir that will leave you knowing all of life's lessons are to be cherished. More so, it provides a roadmap to solace for anyone afflicted with a life-threatening illness or anyone who loves them. "Rarely have I found a story to be so gripping. A happy and successful businesswoman, wife, and mother who is thrown into the grip of a deadly sickness . . . twice! The author is totally, almost brutally, honest as she shares her sadness, rage, self-doubt, and struggles to keep her family, and her own sanity intact. Through her survival, she beautifully equips the current cancer victim with how to do the same." ~Bob Burg, coauthor, Wall St. Journal Bestseller, The Go-Giver "Astonishing Along with shock, fear, and pain, Stacy Shelton found strength, wisdom, and deep gratitude for her life, and her loved ones. Her story is a personal journey of courage, true love, and profound hope. It offers the same for others fighting cancer or for those who love someone with the disease. Her story will inspire you to savor each moment of your life, and to embrace all that it has to offer including the obstacles." ~Svetlana Kim, author, White Pearl and I: A Memoir of a Political Refugee "Stacy Shelton bravely shares an incredibly painful journey, yet manages to maintain a sense of dignity throughout. I know her story will give hope to many people struggling with illness, pain or plain old fear. Read it!" ~Libby Gill, author, You Unstuck: Mastering the New Rules of Risk-taking in Work & Life "This book is a true work of art. It is written for the

mother, daughter, son, husband, family, and friends whose loved one is battling breast cancer. One of the best features is the Do's and Don'ts section of how to help anyone you know dealing with a life-threatening disease." ~Heidi Richards Mooney, Publisher & Editor in Chief - WE Magazine for Women

Dear Ijeawele, or A Feminist Manifesto in Fifteen Suggestions

"One of the most astonishing and revelatory pieces of writing ever produced by this twentieth-century literary icon, presented in both the original German and the English translation. Kafka's letter to his father is at once an exploration of his relationship to his father, his need to write, and the source of his fear--one that his father prompts in him but that is beyond the scope of Kafka's memory and power of reasoning. There is no greater text about authority, the disfiguring effects of shame, and, in particular, Kafka's lifelong need to have his father's unobtainable approval"--

The Screwtape Letters (Enhanced Special Illustrated Edition)

"I want you to know that if my illness inspired you to write these stories, the cancer was worth it."—Deb What stories could possibly make cancer worth it? Stories that represent a miracle—a lifetime of miracles. Stories that changed the writer as she wrote them and stories that will touch the heart of the reader, one by one by one. Stories that are not just stories. They started out as words of encouragement to a dying woman. They turned into a collection of sparkling and intimate moments, pulled from the past to finally be understood and shared with new meaning. Story by story, letter by letter, Margaret Terry uncovered powerful pictures in her own life of the one truth that could help carry her friend Deb from this life to the next: God is at work. Together, Deb and Margaret found renewed hope in all the ways God shows up right to the very end. Which is where they found the miracle they'd been praying for all along. In each other.

Adviser, Teacher, Role Model, Friend

Born in Prague when it was part of the Austro-Hungarian empire and recognized today as a master of verse, poet Rainer Maria Rilke was considerably less well known in 1902 when he received a heartfelt letter from an aspiring poet. A 19-year-old student sent Rilke some of his verses, seeking an opinion of their worth. Rilke declined to offer a critique, instead encouraging the student to rely upon his own inner judgment: "Nobody can advise and help you, nobody. There is only one single means. Go inside yourself." This seemingly dismissive letter proved to be the first of ten, written during a six-year period that coincided with an important stage in Rilke's artistic development. The poet offered his young correspondent further advice on developing a rich inner life as well as guidance on broader philosophical and existential issues. These letters, which explore many of the themes that later emerged in Rilke's best works, remain a captivating source of insights into the artistic identity and process.
