The End Has Come

The third and final chapter of the Shift saga. This is part 8 of the Silo Series, which began with Wool. All three Shift books will be collected in an Omnibus edition. Reading Order: 1. WOOL (5 parts) 2. SHIFT (3 parts) 3. DUST (TBD)

Molly Fyde and the Land of Light

Mary Jekyll and the Athena Club foil a plot to unseat the Queen and race to save one of their own in this electrifying conclusion to the Locus Award winning trilogy that began with The Strange Case of the

Alchemist's Daughter. Life's always an adventure for the Athena Club especially when one of their own has been kidnapped! After their thrilling European escapades rescuing Lucina van Helsing, Mary Jekyll, and her friends return home to discover that their friend and kitchen maid Alice has vanished—and so has their friend and employer Sherlock Holmes! As they race to find Alice and bring her home safely, they discover that Alice and Sherlock's kidnapping are only one small part of a plot that threatens Queen Victoria, and the very future of the British Empire. Can Mary, Diana, Beatrice, Catherine, and Justine save their friends—and the Empire? In the final volume of the trilogy that Publishers Weekly called “a tour de force of reclaiming the narrative, executed with impressive wit and insight” in a starred review, the women of the Athena Club will embrace their monstrous pasts to create their own destinies.

The First Last Kiss

The first book in the acclaimed, New York Times best-selling trilogy, *Wool* is the story of a community living in an underground silo completely unaware of the fate of the outside world. When the silo's sheriff asks to leave the silo, a series of events unravels the very fabric of their fragile lives. In a world where all commodities are precious and running out, truth and hope may be the most rare and the most needed.

Sand

The incredible second part of *Shift*, the follow up to

bestseller Wool. Donald wasn't supposed to remember. In fact, he was punished for doing just that. But the information he should have forgotten may end up saving his future. Mission Jones is a young man who wants to change the world around him. The rules, the secrets, the lies. Putting his own life on the line, he fights to build a resistance and save those who have hope. But is he trying to save the wrong people? Donald knows the truth, but is he willing to use it to protect something that he regrets building in the first place?

Wool Omnibus

Molly Fyde and the Parsona Rescue

When Molly gets kicked out of the Naval Academy, she loses more than just another home, she loses the only two things that truly matter: flying in space and her training partner, Cole. A dull future seems to await, until a marvelous discovery changes everything. Her father's old starship, missing for a decade, turns up halfway across the galaxy. Its retrieval launches Molly and Cole on the adventure of a lifetime, one that will have lasting consequences for themselves and billions of others. What starts off as a simple quest to reconnect with her past, ends up forging a new future. And the forgotten family she hoped to uncover becomes one she never foresaw: a band of alien misfits and runaways-the crew of the starship Parsona.

The End Is Nigh

HERD IMMUNITY by Tananarive Due

Half Way Home

Every generation thinks that it is special: that the great fall will occur before their time is up. Every generation is wrong. Until now. Palmer's family has never been the same since their father walked out on them. His youngest brother, Rob, never met the man. Their middle brother, Connor, wants to follow in his footsteps. Their sister, Vic, has been trying to run away from her past for as long as they can remember. And their mother is just trying to survive. Palmer just wants to prove himself to his family, and has agreed to go on a sand-dive to find the lost city of Danvar. If he succeeds, the rewards will be like none ever before. Or so he thinks. For there are people who want Danvar found for different reasons. Dangerous reasons. And they are willing to kill for it.

The Hurricane

Famine. Death. War. Pestilence. These are the harbingers of the biblical apocalypse, of the End of the World. In science fiction, the end is triggered by less figurative means: nuclear holocaust, biological warfare/pandemic, ecological disaster, or cosmological cataclysm. But before any catastrophe, there are people who see it coming. During, there are heroes who fight against it. And after, there are the survivors who persevere and try to rebuild. THE

APOCALYPSE TRIPTYCH tells their stories. Edited by acclaimed anthologist John Joseph Adams and bestselling author Hugh Howey, THE APOCALYPSE TRIPTYCH is a series of three anthologies of apocalyptic fiction. THE END IS NIGH focuses on life before the apocalypse. THE END IS NOW turns its attention to life during the apocalypse. And THE END HAS COME focuses on life after the apocalypse. THE END HAS COME features all-new, never-before-published works by Hugh Howey, Seanan McGuire, Ken Liu, Carrie Vaughn, Mira Grant, Jamie Ford, Tananarive Due, Jonathan Maberry, Robin Wasserman, Nancy Kress, Charlie Jane Anders, Elizabeth Bear, Ben H. Winters, Scott Sigler, and many others. THE END IS NIGH is about the match. THE END IS NOW is about the conflagration. THE END HAS COME is about what will rise from the ashes.

First Shift: Legacy

SHORTLISTED FOR THE BOOKER PRIZE 2020 "THE ENVIRONMENTAL NOVEL OF OUR TIMES" --Lemn Sissay, Booker Prize Judge "The New Wilderness is a virtuosic debut, brutal and beautiful in equal measure." —Emily St. John Mandel, New York Times bestselling author of Station Eleven Margaret Atwood meets Miranda July in this wildly imaginative debut novel of a mother's battle to save her daughter in a world ravaged by climate change; A prescient and suspenseful book from the author of the acclaimed story collection, MAN V. NATURE. Bea's five-year-old daughter, Agnes, is slowly wasting away, consumed by the smog and pollution of the overdeveloped

metropolis that most of the population now calls home. If they stay in the city, Agnes will die. There is only one alternative: the Wilderness State, the last swath of untouched, protected land, where people have always been forbidden. Until now. Bea, Agnes, and eighteen others volunteer to live in the Wilderness State, guinea pigs in an experiment to see if humans can exist in nature without destroying it. Living as nomadic hunter-gatherers, they slowly and painfully learn to survive in an unpredictable, dangerous land, bickering and battling for power and control as they betray and save one another. But as Agnes embraces the wild freedom of this new existence, Bea realizes that saving her daughter's life means losing her in a different way. The farther they get from civilization, the more their bond is tested in astonishing and heartbreaking ways. At once a blazing lament of our contempt for nature and a deeply humane portrayal of motherhood and what it means to be human, *The New Wilderness* is an extraordinary novel from a one-of-a-kind literary force.

Third Shift - Pact (Part 8 of the Silo Series)

In Orson Scott Card's classic apocalyptic science fiction novel *The Folk of the Fringe*, only a few nuclear weapons fell in America--the weapons that destroyed the nation were biological and, ultimately, cultural. But in the chaos, the famine, the plague, there existed a few pockets of order. The strongest of them was the state of Deseret, formed from the vestiges of

Utah, Colorado, and Idaho. The climate has changed. The Great Salt Lake has filled up to prehistoric levels. But there, on the fringes, brave, hardworking pioneers are making the desert bloom again. A civilization cannot be reclaimed by powerful organizations, or even by great men alone. It must be renewed by individual men and women, one by one, working together to make a community, a nation, a new America. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Hard Death

WOOL introduced the silo and its inhabitants. SHIFT told the story of their making. DUST will chronicle their undoing. Welcome to the underground.

Dust

Shadows is fan-fiction set in Hugh Howey's WOOL universe as part of the Silo Saga. Life within the silos follows a well-worn pattern passed down through the generations from master to apprentice, 'caster to shadow. "Don't ask! Don't think! Don't question! Just stay in the shadows." But not everyone is content to follow the past

Shadows

A collection of new and previously published stories by New York Times best-selling author Hugh Howey, including three set in his Wool universe

Earth Abides

Book one of the Silo 49 series, a thrilling journey back into the silo, set in Hugh Howey's world of WOOL. Silo 49 has never had it easy and things have just gotten a whole lot worse. Graham, the head of IT, has done many unsavory things in his life but everyone has a line they won't cross. He just found his. With only his best friend, Wallis and a dying electrician, Grace, to stand by him, he is left with one clear and final choice. Does he do what is right or what the rules say he should? It is a race against time for the trio against the impersonal might of Silo One. Their only choice? Going Dark. Books in the Silo 49 Series: Silo 49: Going Dark Silo 49: Deep Dark Silo 49: Dark Till Dawn Silo 49: Flying Season for the Mis-Recorded

Molly Fyde and the Blood of Billions

PS, I Love You meets One Day in this magical tearjerker from a rising star in female fiction How do you hold on to a love that is slowly slipping away from you? Can you let go of the past when you know what is in the future? And how do you cope when you know that every kiss is a countdown to goodbye? This is the story of a love affair, of Ryan and Molly and how they fell in love and were torn apart. The first time Molly kissed Ryan, she knew they'd be together forever. Six years and thousands of kisses later she's married to the man she loves. But today, when Ryan kisses her, Molly realises how many of them she wasted because the future holds something which neither of them could have ever predicted... 'An adorable,

heartwarming tale of love and friendship which bubbles with tenderness. Love it' Marie Claire 'Not since One Day's Emma and Dexter have we fallen so hard for a literary coupleThe First Last Kiss will burrow deep inside your head and heart, and will stay there long after you finish reading. 5 stars.' Heat

Shift

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SLATE • Includes an exclusive conversation between Lev Grossman and Lauren Owen For fans of Anne Rice, *The Historian*, and *The Night Circus*, an astonishing debut, a novel of epic scope and suspense that conjures up all the magic and menace of Victorian London 1892: James Norbury, a shy would-be poet newly down from Oxford, finds lodging with a charming young aristocrat. Through this new friendship, he is introduced to the drawing-rooms of high society and finds love in an unexpected quarter. Then, suddenly, he vanishes without a trace. Alarmed, his sister, Charlotte, sets out from their crumbling country estate determined to find him. In the sinister, labyrinthine London that greets her, she uncovers a hidden, supernatural city populated by unforgettable characters: a female rope walker turned vigilante, a street urchin with a deadly secret, and the chilling "Doctor Knife." But the answer to her brother's disappearance ultimately lies within the doors of the exclusive, secretive Aegolius Club, whose predatory members include the most ambitious, and most bloodthirsty, men in England. In her first novel, Lauren Owen has created a fantastical world that is

both beguiling and terrifying. The Quick will establish her as one of fiction's most dazzling talents. Look for special features inside. Join the Random House Reader's Circle for author chats and more. "A suspenseful, gloriously atmospheric first novel, and a feast of gothic storytelling that is impossible to resist."—Kate Atkinson "A cracking good read . . . Owen takes the gothic conventions of the vampire novel in a refreshing new direction."—Deborah Harkness, author of *A Discovery of Witches* and *The Book of Life* "A good old-fashioned vampire novel . . . What fun."—The New York Times Book Review (Editor's Choice) "The Quick is that rare book that reviewers and readers live for: both plot- and character-driven, a stay-up-all-night reading romp. . . . This is elegant, witty, force-of-nature writing."—The Dallas Morning News "The book's energy, its wide reach and rich detail make it a confident example of the 'unputdownable' novel."—The Economist "A seamless blend of Victorian London and rich imagination."—Tana French, author of *In the Woods* "A thrilling tale . . . This book will give you chills even on a hot day."—Minneapolis Star Tribune "Stylishly sinister . . . will have you sleeping with the lights on."—O: The Oprah Magazine "A sly and glittering addition to the literature of the macabre."—Hilary Mantel, author of *Wolf Hall* "A big, sly bucketful of the most tremendous fun . . . [Owen] weaves what's here with what's beyond as easily as J. K. Rowling does."—Slate "[An author of] prodigious gifts . . . Owen captures Dickens's London with glee and produces a number of characters Dickens would be happy to call his own."—Pittsburgh Post-Gazette

Dust

The much-anticipated final instalment of the Wool trilogy. 'The next Hunger Games' The Sunday Times 'Thrilling, thought-provoking and memorable one of dystopian fiction's masterpieces alongside the likes of 1984 and Brave New World.' Daily Express In the aftermath of the uprising, the people of Silo 18 are coming to terms with a new order. Some embrace the change, others fear the unknown; none have control of their fate. The Silo is still in danger. There are those set on its destruction. Jules knows they must be stopped. The battle has been won. The war is just beginning.

Wool 4

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall. Juliette, now mayor of Silo 18, doesn't trust Silo 1, especially its leader, Donald. But in the world of the Silos, there is no black and white — everything is shades of gray. Donald may not be the monster Juliette thinks he is, and may in fact be key to humanity's continued survival. But can they work together long enough to succeed?

Dust - Ugly Edition

A long, long time ago, an uprising erupted in Silo 18. The descendants of that great clash have been raised in its shadow. Nobody knows what went wrong. Nobody talks about what happened. Like all wars, it

went from being something one could learn from -- to a legend one merely learns about. Now, almost two hundred years later, the people of Silo 18 will get more than just a chance to learn about that uprising. They'll get to start one of their own

The End Is Now

“A real player in the game of forensic sleuthing.” —Kathy Reichs, author of *Spider Bones* “Forensic pathologist Jonathan Hayes brings his authentic voice—and a fascinating protagonist—to the crime novel.” —Linda Fairstein, author of *Silent Mercy* Forensic pathologist Edward Jenner returns in this explosive sequel to *Precious Blood*—an edgy, electrifying thriller set in a small-town coastal community where nothing is as it seems. Fans of Sam Bourne, Jefferson Bass, and James Grippando will be captivated by Jonathan Hayes’s intricate tale of betrayal, blood, and conspiracy—a chilling suspense novel made all the more enthralling by author Hayes’s vivid details, culled from a lifetime of first-hand experience as a homicide forensics specialist in New York City.

Dust

Two people find themselves stranded in worlds apart. One world is crumbling, the other already in ruin. Will their fight to be reunited spell doom for them both and all around them? Or will it bring salvation? Welcome to the exciting conclusion to the Wool saga.

The Sinister Mystery of the Mesmerizing Girl

"The oceans are dying. The sea is growing warmer and is gradually rising. Seashells have become so rare that collecting them is now a national obsession Supreme among these collectors is Ness Wilde, CEO of Ocean Oil. Ness owns many of the best beaches, and he keeps them to himself. It's his fault the world turned out this way. And I aim to destroy him"--Amazon.com.

Wool 3

There were numbers on each of the pockets. Juliette could look down at her chest and read them, and so it occurred to her that they must be printed upside down. They were there for her to read, and for no one else. She numbly stared at them through her helmet visor while the door behind her was sealed. There was another door, a forbidden one, looming in front of her. It stood silently as it waited to be opened. Juliette felt lost in this void between the two doors, trapped in this airlock full of its brightly colored pipes all jutting from the walls and ceiling, everything shimmering behind a plastic-wrapped shroud. The hiss of Argon being pumped into the room sounded distant through her helmet. It let her know the end was near. Pressure built against the plastic, crinkling it across the bench and walls, wrapping it tightly around the pipes. She could feel the pressure against her suit, like an invisible hand gently squeezing. She knew what was to happen next. And part of her wondered how she had

gotten here, a girl from Mechanical who never cared one whit about the outside, who had only ever broken minor laws, and who would've been content for the rest of her life to live in the deepest bowels of the earth, covered in grease and fixing the broken things, little concern for the wider world of the dead that surrounded her—

All about Hairy Maclary

The incredible first part of the follow up to bestseller Wool. Donald Keene has been recruited by the government to design a shelter. He has been told that it is just protocol. That it won't really be used. That it is 'just-in-case'. It is underground. Over fifty years later Donald's design has been realised and the last remnants of mankind live in his silo. But no one can remember what life was like before. In fact, they're forced to forget. One simple pill erases a memory. And with it, any chance of hope.

The Flicker Men

For centuries, men and women have manned lighthouses to ensure the safe passage of ships. It is a lonely job, and a thankless one for the most part. Until something goes wrong. Until a ship is in distress. In the 23rd century, this job has moved into outer space. A network of beacons allows ships to travel across the Milky Way at many times the speed of light. These beacons are built to be robust. They never break down. They never fail. At least, they aren't supposed to.

The Folk of the Fringe

In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platform that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity's broad history, mankind had discovered the means for bringing about its utter downfall. And the ability to forget it ever happened. This is the sequel to the New York Times best-selling Wool series.

Body Politic

For the first time ever, The Silo Saga Omnibus brings together all of the work in Hugh Howey's groundbreaking, best-selling, acclaimed series, including the individual novels Wool, Shift, and Dust, as well as original essays by the author, and a bonus chapbook of short fiction, Silo Stories. The remnants of humanity live underground in a vast silo. In this subterranean world, rules matter. Rules keep people alive. And no rule is more strictly enforced than to never speak of going outside. The punishment is exile and death. When the sheriff of the silo commits the ultimate sin, the most unlikely of heroes takes his place. Juliette, a mechanic from the down deep, who never met a machine she couldn't fix nor a rule she

wouldn't break. What happens when a world built on rules is handed over to someone who sees no need for them? And what happens when a world broken to its core comes up against someone who won't stop until things are set to right? Their world is about to fall. What – and who – will rise?

Machine Learning

A shaped board book about Lynley Dodd's most delightful canine character that's perfectly pitched for babies and toddlers. Hairy Maclary is a rascally dog, he's a playful dog and a hungry dog. Wherever Hairy Maclary goes, trouble is never far away! Find out all about the raggedy rascal in this delightful introduction to the bestselling Hairy Maclary and Friends™ series by Lynley Dodd.

The Silo Saga Omnibus

In un mondo soffocato tra segreti e bugie, qualcuno ha scoperto la verità. E ha intenzione di raccontarla. Juliette sa cos'hanno fatto i suoi predecessori, conosce il loro inganno. Sa qual è la ragione per cui la vita deve essere vissuta in questo modo, sottoterra, nei silo. E non lo accetta. Ma Juliette non ha più sostenitori: per lei c'è qualcosa di molto più pericoloso dell'aria tossica del mondo esterno, un veleno che si sta diffondendo all'interno del Silo 18. Un veleno che non può essere fermato. Epico e commovente, l'epilogo della trilogia di Hugh Howey è sofferto e appassionato, capace di sorprendere, stupire, emozionare. La Trilogia del Silo finisce così, con il

ritorno alla polvere.

Angel Beneath My Wheels

Nearly sixty teens awaken halfway through their training, stranded on a harsh alien world with few supplies, no adults, and led by a treacherous artificial intelligence, but their greatest enemy is each other.

Silo 49

It's been ten years since Molly last set foot on her birth planet, and this isn't how she'd imagined her homecoming. The sky is full of an invading fleet, one powerful enough to threaten the entire galaxy. The new family she has come to rely on -- her crew of alien misfits and runaways -- are scattered in three directions. As they struggle to reunite, events beyond their control seem to be driving more than just them apart: the universe itself may be torn asunder if the bond between these unlikely heroes is broken.

Beacon 23

"I need you to help me rescue your father_" With those words, Molly Fyde-and the rest of the known universe-will never be the same. What began as a simple task to retrieve her father's spaceship, has turned into more than Molly bargained for. Setting off to reconnect with her past, she is about to meet it in a way she never expected: Head-on. Her father is alive. Her mother's memories are trapped inside the very ship which bears her name. On the run from her own

Navy, Molly and her crew are now tasked with the impossible: Rescue her parents. Save the galaxy. End a war. But before they can attempt such heroics, Molly must first save a friend. One of her crew members is in trouble, their life hanging by a thread. And the only race of people Molly can turn to just happens to be the very aliens she's been raised to fear, trained to meet in battle. Drenard. Homeworld of humanity's sworn enemy. And the next stop for the starship Parsona.

Wool

"A high-speed thriller. . . . The pages turn rapidly with well-orchestrated suspense." - The New York Times "If Stephen Hawking and Stephen King wrote a novel together, you'd get The Flicker Men. Brilliant, disturbing, and beautifully told." -Hugh Howey, New York Times bestselling author of the Wool series A quantum physicist shocks the world with a startling experiment, igniting a struggle between science and theology, free will and fate, and antagonizing forces not known to exist Eric Argus is a washout. His prodigious early work clouded his reputation and strained his sanity. But an old friend gives him another chance, an opportunity to step back into the light. With three months to produce new research, Eric replicates the paradoxical double-slit experiment to see for himself the mysterious dual nature of light and matter. A simple but unprecedented inference blooms into a staggering discovery about human consciousness and the structure of the universe. His findings are celebrated and condemned in equal

measure. But no one can predict where the truth will lead. And as Eric seeks to understand the unfolding revelations, he must evade shadowy pursuers who believe he knows entirely too much already.

The Stranded

***WARNING: NOT FIT FOR HUMAN

CONSUMPTION***This book contains foul language and fouler descriptions of life as a zombie. It will offend most anyone, so proceed with caution or not at all. And be forewarned: This is not a zombie book. This is a different sort of tale. It is a story about the unfortunate, about those who did not get away. It is a human story at its rotten heart. It is the reason we can't stop obsessing about these creatures, in whom we see all too much of ourselves.

The Shell Collector

Edinburgh, 2020 - a independent, supposedly crime-free city with a year-round festival. No TV, private cars or popular music; sex sessions once a week. Blues-haunted private investigator Quint Dalrymple is called in to cast light on the murder of a guardswoman. Has the Ear, Nose and Throat Man returned, or is something much worse at the heart of the body politic?

I, Zombie

Famine. Death. War. Pestilence. These are the harbingers of the biblical apocalypse, of the End of

the World. In science fiction, the end is triggered by less figurative means: nuclear holocaust, biological warfare/pandemic, ecological disaster, or cosmological cataclysm. But before any catastrophe, there are people who see it coming. During, there are heroes who fight against it. And after, there are the survivors who persevere and try to rebuild. THE APOCALYPSE TRIPTYCH will tell their stories. Edited by acclaimed anthologist John Joseph Adams and bestselling author Hugh Howey, THE APOCALYPSE TRIPTYCH is a series of three anthologies of apocalyptic fiction. THE END IS NIGH focuses on life before the apocalypse. THE END IS NOW turns its attention to life during the apocalypse. And THE END HAS COME focuses on life after the apocalypse. THE END IS NIGH features all-new, never-before-published works by Hugh Howey, Paolo Bacigalupi, Jamie Ford, Seanan McGuire, Tananarive Due, Jonathan Maberry, Scott Sigler, Robin Wasserman, Nancy Kress, Charlie Jane Anders, Ken Liu, and many others.

The Quick

Luke's gentle ways and country charm may win her over-if his past doesn't push her away.

The New Wilderness

This Omnibus Edition collects the five Wool books into a single volume. The first Wool story was released as a standalone short in July of 2011. Due to reviewer demand, the rest of the story was released over the next six months. My thanks go out to those reviewers

who clamored for more. Without you, none of this would exist. Your demand created this as much as I did. This is the story of mankind clawing for survival, of mankind on the edge. The world outside has grown unkind, the view of it limited, talk of it forbidden. But there are always those who hope, who dream. These are the dangerous people, the residents who infect others with their optimism. Their punishment is simple. They are given the very thing they profess to want: They are allowed outside.

Second Shift: Order
