Comprehensive Guide to CDS Exam 2nd Edition

This super-handy book is a survival guide for the busiest job there is: being a preschooler. Being little is hard work. There's so much for children to learn: tying their shoelaces, finding the right hole for each arm in a sweater, remembering to say "please" and "thank you," sharing toys with other children, and a whole bunch of other things, too. Then they're expected to go to school and learn even more. How to be a Big Kid is here to help children learn the skills they need to take care of themselves, get along with others, and be ready to go on their first day of school.

The Homecoming

Phatik Chakravorti was ringleader among the boys of the village. A new mischief got into his head. There was a heavy log lying on the mud-flat of the river waiting to be shaped into a mast for a boat. He decided that they should all work together to shift the log by main force from its place and roll it away. The

owner of the log would be angry and surprised, and they would all enjoy the fun. Every one seconded the proposal, and it was carried unanimously.
