Blood and Earth

"BLOOD AND EARTH is a gripping account of the deadly link between slavery and environmental destruction. Kevin Bales is a social scientist, human rights activist, and journalist -- and he's also one of the world's leading experts on modern slavery. In his work he began to notice the connection between environmental decline and slavery: the two almost always went hand-in-hand, whether in the hellish gold mines of Ghana or the miraculously beautiful mangrove forests of Bangladesh. But why? He set off to find the answer on a fascinating and moving journey that took him into the lives of modern day slaves and along a supply chain that leads directly to the cell phones in our pockets. He found solutions that redeemed both the lives of the slaves in the world's most threatened places and the environments they live in. This is a clear-eyed, inspiring, and profoundly hopeful book that brings us dramatic stories from the world's environmental and human rights hotspots and offers solutions to our most pressing crises"--

Fair Game

A joy-inducing illustrated book about New York City in the ingenious style of William Steig's classic CDB! Just as there are few cities as storied and replete with life as New York City, there are few illustrators or writers who have charmed as many generations as William Steig. To Molly Young and Joana Avillez, a connection between the two seemed obvious, and so D C-T! ("The City!") was born. Using a playful phonetic language first invented by Steig in his now classic 1968 book CDB!--but which in today's world of text message and internet shorthand feels uncannily contemporary--Young and Avillez tell a different story on each page of this collection of illustrations stuffed to brim with humor and cleverness: • "S L-I-F!" (It's alive!) A boy shouts gleefully at a pile of rubbish seething with rats • "I M B-Z" (I'm busy) Declares the phone-wielding businesswoman to the would-be mugger •

"R U I?" (Are you high?) Asks the clerk at a bodega to the blissed out shopper Brought to life in Avillez's distinctively ebullient and droll style are precocious pets and pet-owners, iconic architecture, and startlingly intrepid anthropomorphic rats. At once recognizable, and imagined like never before, are the surprising, intoxicating, and not-always-entirely-welcome sights, sounds, and smells of New York City. Full of wit, romance, and sheer delight, D C-T! is both an affectionate portrait of the visual cornucopia that is New York City and a gracious love letter to the great William Steig, sure to enchant readers young and old alike just as his work has for half a century.

Fair Play for Cuba Committee

These six powerful short stories chronicle bits of the lives of characters, major and minor, who have walked the rugged terrain of Chris Crutcher's earlier works. They also introduce some new and unforgettable personalities who may well be heard from again in future books. As with all Crutcher's work, these are stories about athletes, and yet they are not sport stories. They are tales of love and death, bigotry and heroism, of real people doing their best even when that best isn't very good. Crutcher's straightforward style and total honesty have earned him an admiring audience and made readers of many nonreaders.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary

painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The Enemies of Books

"My love, speak to me. Tell me everything." Neferet went to Kalona, kneeling before him, stroking the soft, dark wings that unfurled loosely around the immortal. "What would you have me say?" He didn't meet her eyes. "Zoey lives." Neferet's

voice was flat, cold, lifeless. "She does." "Then you owe me the subservience of your immortal soul." She started to walk away from him. "Where are you going? What will happen next?" "It is quite simple. I will ensure Zoey is drawn back to Oklahoma. There, on my own terms, I will complete the task you failed." Exonerated by the Vampyre High Council and returned to her position of High Priestess at Tulsa's House of Night, Neferet has sworn vengeance on Zoey. Alice's Adventures in Wonderland

Fairplay International Shipping Weekly

One Sunday afternoon in August 1965, on a day when baseball's most storied rivals, the Giants and Dodgers, vied for the pennant, the national pastime reflected the tensions in society and nearly sullied two men forever. Juan Marichal, a Dominican anxious about his family's safety during the civil war back home, and John Roseboro, a black man living in South Central L.A. shaken by the Watts riots a week earlier, attacked one another in a moment immortalized by an iconic photo: Marichal's bat poised to strike Roseboro's head. The violent moment—uncharacteristic of either man—linked the two forever and haunted both. Much like John Feinstein's *The Punch, The Fight of Their Lives* examines the incident in its context and aftermath, only in this story the two men eventually reconcile and become friends, making theirs an unforgettable tale of forgiveness and redemption. The book also explores American culture and the racial prejudices

against blacks and Latinos both men faced and surmounted. As two of the premiere ballplayers of their generation, they realized they had more to unite them than keep them apart.
