Letter to Families

The bestselling author of The Lamb's Supper continues his thoughtful exploration of the complex relationship between the Bible and the Catholic liturgy in a revelatory work that will appeal to all readers. Scott Hahn has inspired millions of readers with his perceptive and unique view of Catholic theology and worship, becoming one of the most looked-to contemporary authorities in these areas. In Letter and Spirit, Hahn extends the message he began in The Lamb's Supper, offering far-reaching and profound insights into what the Bible teaches us about living the spiritual life. For both Christians and Jews, the texts of the Bible are not simply records of historical events. They are intended, through public recitations in churches and synagogues, to bring listeners and readers into the sweeping story of redemption as it unfolds in the Bible. Focusing on the Catholic Mass, Hahn describes how God's Word is meant to open our eyes to the life-giving power of the sacraments, and how the liturgy brings about the "actualization" of the saving truths of Scripture. Letter and Spirit is a stunningly original contribution to the field of biblical studies and will help Hahn's many loyal and enthusiastic readers understand the

relationship between the Bible and the Mass in a deeper way.

Feast Day of Fools

"This study in Johannine ecclesiology reconstructs the history of one Christian community in the first century -- a community whose life from its inception to its last hour is reflected in the Gospel and Epistles of John. It was a community that struggled with the world, with the Jews, and with other Christians. Eventually the struggle spread even to its own ranks. It was, in short, a community not unlike the Church of today. This book offers a different view of the traditional Johannine eagle. In the Gospel the eagle soars above the earth, but with talons bared for the fray. In the Epistles we discover the eaglets tearing at each other for possession of the nest" -- Back cover.

Holy Feast and Holy Fast

A treasury of photos and stories celebrating this historic landmark and Detroit's Italian-American community. The traditions of the Sicilians and Italians have been a part of Detroit since the early 1900s, and Holy Family Church represents the very root of this community's soul, maintaining the culture and the rituals their ancestors brought with them to America over a century ago. Some of these customs date back hundreds of years in their homelands of Cinisi, Terrasini, Trapani, and many other cities. Bonnie Leone was born, raised, and still resides in Detroit. Originally appointed by Gov. John Engler to the position of Wayne County jury commissioner, Leone is a member of several genealogical societies, tracing some of her ancestors as far back as the 1500s. Her strong sense of history, art, and tradition brought her to this church, so that she may help to preserve and protect the traditions of the Sicilians in Detroit—and in this richly illustrated book, she shares its story.

In the ancient disciple-rabbi relationship, the disciple would follow the rabbi so closely that he would be covered in the dust kicked up from his rabbi's feet. Thousands of years later, though we walk on roads of pavement and not dust, we are still called to be disciples—to follow our Rabbi, Jesus Christ, so closely that we are covered with his life, changed, and made new. *Into His Likeness* provides an approachable but in-depth exploration of how to live as a disciple and experience the transformation Jesus wants to work in our lives. We might desire to live more like Christ, but we know we fall short. This book simply helps us follow those initial promptings of the Holy Spirit, so that we may more intentionally encounter Jesus anew each day and be more disposed to his grace changing us ever more into his likeness.

"The future of humanity passes by way of the family." St. John Paul II's Letter to Families remains one of the most insightful and encouraging resources for parents and spouses. As the Holy Father says in the opening lines of his letter, he is knocking "at the door of your home, eager to greet you with deep affection and to spend time with you." In this new study edition you have an incomparable guide to rediscovering the beauty of marriage and parenthood. You'll also come to a deeper sense of your role in the family, and you'll be better prepared to respond to the countless challenges that families experience in today's secular culture. The Holy Father's heroic defense of the family gives us not only hope and courage, but also wonderful tools and advice that will lead to Christ's triumph in our "domestic church." "The vision of Christian marriage in St. John Paul II's Letter to Families is healing, encouraging, and renewing." Archbishop Charles J. Chaput, O.F.M., Cap. Archdiocese of Philadelphia

In the period between 1200 and 1500 in western Europe, a number of religious women gained widespread veneration and even canonization as saints for their extraordinary devotion to the Christian eucharist, supernatural multiplications of food and drink, and miracles of bodily manipulation, including stigmata and inedia (living without eating). The occurrence of such phenomena sheds much light on the nature of medieval society and medieval religion. It also forms a chapter in the history of women. Previous scholars have occasionally noted the various phenomena in isolation from each other and have sometimes applied modern medical or psychological theories to them. Using materials based on saints' lives and the religious and mystical writings of medieval women and men, Caroline Walker Bynum uncovers the pattern lying behind these aspects of women's religiosity and behind the fascination men and women felt for such miracles and devotional practices. She argues that food lies at the heart of much of women's piety. Women renounced ordinary food through fasting in order to prepare for receiving extraordinary food in the eucharist. They also offered themselves as food in miracles of feeding and bodily manipulation. Providing both functionalist and phenomenological explanations, Bynum explores the ways in which food practices enabled women to exert control within the family and to define their religious vocations. She also describes what women meant by seeing their own bodies and God's body as food and what men meant when they too associated women with food and flesh. The author's interpretation of women's piety offers a new view of the nature of medieval asceticism and, drawing upon both anthropology and feminist theory, she illuminates the distinctive features of women's use of symbols. Rejecting presentist interpretations of women as exploited or masochistic, she shows the power

and creativity of women's writing and women's lives.

Lent and Easter 2020

Feast of Ashes

The book that all Catholic voters need to buy, read, and then share with their family and friends before the 2020 election! (Or better yet, buy them all copies.) If you are already a Trump supporter, it will provide you with the arguments needed to better articulate your support for him. If you are a Republican who voted against him in 2016, it will outline why you, as a conservative-leaning Catholic, should vote for him in 2020. If you are a non-radical Catholic Democrat, it will convince you, if your party's candidates have not done so already, that the Democrat leadership does not actually care about you and your concerns, but Donald Trump does. If you are an Independent, it will convince you that the way in which the D.C. establishment of both parties, "the Swamp," so ferociously opposed Trump means he must be doing something right. And if you are a Hispanic Democrat, Romero will tell you why he supports Trump on immigration and why you should too. In these pages, Romero and McCullough combine extensive research, straight talk, and a humorous, punchy style with quotes from the Catechism, the popes, and some of the best Catholic writers and thinkers of the 20th century--and some non-Catholics as well--to make the case that Donald Trump is the only choice in 2020.

The Life of the Blessed Virgin Mary

Can an understanding of the poetics of the Gospels, together with a reading of poetry inspired by them, make the homily an art form as compelling as a poetry performance? In *Preaching the Poetry of the Gospels*, Elizabeth Michael Boyle, O.P., offers a preaching guide to the Sunday Lectionary using the insights of poets to enliven and elicit more powerful homilies. *Preaching the Poetry of the Gospels* demonstrates that not only the Fourth Gospel but also the Synoptics can be read with special understanding when they are interpreted as narrative poetry. For each Sunday, from the first Sunday in Advent through Trinity Sunday, the author offers a poet's reflection on the literary devices in the liturgical texts, and a gathering of poems about the gospel event. Chapters are "Incarnation: Advent to Epiphany, " "Redemption: Ash Wednesday through Holy Week, " "Resurrection: The Sundays of Easter, " "Transformation: Ascension to Trinity Sunday, " and "Reclaiming the Poetry of Ordinary Time."

Preaching the Poetry of the Gospels

The role that Mary plays in God's plan of salvation is an issue that over the centuries has divided Christians and their churches. In part, these differences stem from disagreements about what the New Testament says about the mother of Jesus. This book should go a long way toward solving the disputes. It is not a collection of essays but rather a collaborative statement prepared by a team of Protestant, Anglican, and Roman Catholic scholars who have reached substantial agreement on how Mary was pictured by Christians of the first two centuries. This book follows the same methodology as an earlier volume, *Peter in the New Testament*, produced by the same research group. The status of that first book as an ecumenical achievement of American biblical scholarship is attested to by the welcome it received and by its translation into five foreign languages. In light of the difficulty of the subject matter, *Mary in the New Testament* may be an even greater achievement. If Roman Catholic and Protestant scholars can agree on what the oldest Christian sources said, is the way open for the churches to agree on a fundamental Christian attitude toward Mary? This book is written by scholars, but it is not meant only for scholars. The authors have taken pains to make the work intelligible to students, clergy, and the knowledgeable laity of their churches. It combines scientific research with a respect for Christian sensibilities.

The American Ecclesiastical Review;

Most of us have questions about spiritual direction. What is it? What if I can't find a spiritual director? These questions and more are well answered in Dan Burke's book. The Lord is clearly calling all Catholics into a deeper union with him. This book, in a style which is both inspiring and practical, provides some of the Church's most important wisdom about how to respond to this call.

This is the English translation of the revised edition of that work, published in two volumes. This is an essential collection of sources for every student of the New Testament and of the history and literature of ancient Christianity. Volume II covers writings related to the Apostles, the Apocalypses and related subjects.

Consecration to St. Joseph

The compelling life story of Armenian ceramicist David Ohannessian, whose work changed the face of Jerusalem—and a granddaughter's search for his legacy. Along the cobbled streets and golden walls of Jerusalem, brilliantly glazed tiles catch the light and beckon the eye. These colorful wares—known as Armenian ceramics—are iconic features of the Holy City. Silently, these works of ceramic art—art that also graces homes and museums around the world—represent a riveting story of resilience and survival: In the final years of the Ottoman Empire, as hundreds of thousands of Armenians were forcibly

marched to their deaths, one man carried the secrets of this age-old art with him into exile toward the Syrian desert. Feast of Ashes tells the story of David Ohannessian, the renowned ceramicist who in 1919 founded the art of Armenian pottery in Jerusalem, where his work and that of his followers is now celebrated as a local treasure. Ohannessian's life encompassed some of the most tumultuous upheavals of the modern Middle East. Born in an isolated Anatolian mountain village, he witnessed the rise of violent nationalism in the waning years of the Ottoman Empire, endured arrest and deportation in the Armenian Genocide, founded a new ceramics tradition in Jerusalem under the British Mandate, and spent his final years, uprooted, in Cairo and Beirut. Ohannessian's life story is revealed by his granddaughter Sato Moughalian, weaving together family narratives with newly unearthed archival findings. Witnessing her personal quest for the man she never met, we come to understand a universal story of migration, survival, and hope.

Mary in the New Testament

Best Review at the Catholic Press Association Convention Studies of young American Catholics over the last three decades suggest a growing crisis in the Catholic Church: compared to their elders, young Catholics are looking to the Church less as they form their identities, and fewer of them can even explain what it means to be Catholic and why that matters. *Young Catholic America*, the latest book based on the groundbreaking National Study of Youth and Religion, explores a crucial stage in the life of Catholics. Drawing on in-depth surveys and interviews of Catholics and ex-Catholics ages 18 to 23--a demographic commonly known as early "emerging adulthood"--leading sociologist Christian Smith and his colleagues offer a wealth of insight into the wide variety of religious practices and beliefs among young Catholics today, the early influences and life-altering events that lead them to embrace the Church or abandon it, and how being Catholic affects them as they become full-fledged adults. Beyond its rich collection of statistical data, the book includes vivid case studies of individuals spanning a full decade, as well as insight into the twentieth-century events that helped to shape the Church and its members in America. An innovative contribution to what we know about religion in the United States and the evolving Catholic Church, *Young Catholic America* is the definitive source for anyone seeking to understand what it means to be young and Catholic in America today.

New Testament Apocrypha

The Gospel can be considered a Manual of Prayer, a letter written by the Holy Spirit to you. But God's Word doesn't live in a book. It comes alive when you pray about It. It is not about getting to know what the 'Historical Jesus' did two thousand years ago, what He said "back then"; Jesus Christ is not 'back then' anymore, He is alive, and is longing to talk to you. Taking the Gospel of the day, the iPray provides a commentary that can be a trigger for an authentic and personal conversation with Jesus. That time of prayer spent with Jesus is like a 'cooking pot' in which you blend the Words and scenes of Jesus' life, found in the Gospel, together with your daily life, your worries, your family and friends, all heated up by the fire of the Holy Spirit. 'iPray with the Gospel' is not a ready-made meal you can just throw in the microwave, as if they were some prayers that you read and that's it. It is more like a personal recipe that only you can cook with the help of the Holy Spirit.
