In 1900 the railways enjoyed an unrivalled monopoly but, within a few years, first urban electric tramways and then bus competition, offered a challenge that had to be faced. This book charts the uneasy relationship between rail and road transport in both parts of Ireland. It details all major reports and enquiries into public transport in the Republic of Ireland and Northern Ireland with pointers to ow transport policy might develop in the 21st century.

The Compendium of Insurance Law consolidates diverse insurance law sources, statutes and codes of practice in one comprehensive volume. Each piece of legislation is supplemented by detailed annotations, which explain the operation and relationship of the legislation with other sources of insurance law. The book is filled with comprehensive coverage of legislation relating to the following areas: regulation, reinsurance, life assurance, property insurance, marine insurance, liability insurance, motor insurance, insurance intermediaries, insurance contracts and competition.

The Ford Escort MkII was a worthy successor to the original MkI. It became Ford's most successful rally car and the cars are still winning historic events today. It brought new standards to the sport, inspiring many others to copy it. Contains full details of every 'works' Escort MkII that went rallying, plus driver and personality profiles, and detailed car evolution.
