Features of South Carolina Real Estate License Exam Prep (SC-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) South Carolina-Specific Laws and Practices (28 pages) National Practice Tests (500 questions) South Carolina Practice Tests (125 questions) South Carolina Sample Exam (100 questions) We know the real estate

licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the South Carolina Real Estate License Exam Prep (SC-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. SC-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is South Carolina-specific – not just simplistic national content, but terse, relevant and accurate South Carolina laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. SC-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for South Carolina. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your South Carolina license exam. A word about the test questions... SC-RELEP's testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your state exam.

The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your South Carolina real estate exam. So good luck!! For South Carolina students looking for a South Carolina textbook to complement South Carolina Real Estate License Exam Prep, we have Principles of Real Estate Practice in South Carolina.

We know that reading all of NRS 645 and NAC 645 is certainly a challenge. That's why we have hand-selected some of the more important and relevant laws and regulations to help you prepare for the Nevada state licensing exam. We also combined NRS 645 and NAC 645 where the topics are similar or the same. As an example, "agency" statutes in NRS 645 are followed by "agency" regulations from NAC 645. Each law and regulation is followed with an easy-to-understand explanation as marked with our "Simply Put" icon. Our experience with our students has found that most all of the students who have difficulty with the state portion do so because they have not read the laws and regulations. It may be tiring, but it is essential that you do. Although we have focused on what we believe to be testable topics, anything in NRS 645 and NAC 645 is fair game for the state exam. The RealtySchool.com textbook, 645 Simplified, should be used as an additional resource when preparing for your Nevada state exam or even your licensing school's exam, but it is not intended to serve as your main course of instruction. RealtySchool.com and I have published this reference guide to help you through NRS and NAC 645 in preparation for the Nevada real estate licensing exam. We hope you find the publication to be a helpful supplement in preparing for your upcoming exam.
