workplace, generational differences, gamification, social media, and diversity and inclusion.

Fundamentals of Human Resource Management

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

Fundamentals of Human Resource Management, Global Edition

The Cultural Dimension of Global Business (1-download)

Fundamentals of Human Resource Management provides a complete introduction to human resource management for the general business manager who wants to learn more about how HRM is used in the everyday work environment. Its adaptive learning program and its engaging, focused, and applied content make it the fastest growing HRM program on the market.

Fundamentals of Human Resources in Healthcare

Get 12 months FREE access to an interactive eBook when purchasing the paperback* Reflecting the global nature of the workplace with its use of real world examples and case studies, Nick Wilton's book is not another 'How to' of HRM in practice, but goes beyond the prescriptive approach to the practice of strategic HRM and encourages critical reflection to prepare students for the issues and dilemmas they could face in their careers. Providing an introduction to the management of people in work organizations, it seeks to outline the purpose and operation of HRM activities in the 'real world', whilst situating practice in the context of associated debates and controversies played out in the parallel field of academic study. It adopts a critical perspective on the study and practice of HRM to provide the reader with an understanding not only of the potential for HRM to

contribute to both improved organizational performance and individual well-being in the workplace, but also why it very often fails to achieve either of these positive outcomes and suggests that the management of people is not the exclusive preserve of HR specialists, but an area of interest or concern for all organizational actors. The new edition comes packed with features that encourage readers to engage and relate theory to practice including: - Management skills and attributes boxes outlining the required competencies of line managers and HR practitioners - HR in practice boxes illustrating how HRM theory works in real world practice - Ethical insights presenting ethical considerations for budding practitioners - Global insights highlighting practices around the world - Research insights inviting students to explore further academic research - Case Studies and Examples offering a more in-depth look at HRM across a variety of organizations - A free interactive eBook* featuring author videos, web-links interactive multiple choice questions, free SAGE journal articles, extended case studies and other relevant links, allowing access on the go and encouraging learning and retention whatever the reading or learning style. Aimed at students across the academic spectrum, whether studying on a specialist HRM or CIPD program of study, a generalist business and management programme or studying HRM as part of a programme in an unrelated discipline (such as engineering or humanities). *Interactivity only available through VitalSource eBook included as part of paperback product (ISBN 9781473954199). Access not guaranteed on second-hand copies (as access code may have previously been redeemed).

ISE Fundamentals of Human Resource Management

Fundamentals of Human Resource Management, by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a complete introduction to human resource management. While it doesn't cover the depths of human resource management theory, the book is rich with examples and engages students through application. Fundamentals differs from the hardback textbook by the same author team. Instead of a higher level of theory that's geared towards the HRM majors, this book focuses on the uses of human resources for the general business manager. Issues such as strategy are reduced to give a greater focus on how human resources management is used in the everyday work environment. It provides students with the background necessary to manage human resources effectively and to be able to distinguish good from poor human resource management practices and how they impact business. Instructors are provided with a robust ancillary package that includes a comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center to make course preparation easy.

Fundamentals of Human Resource Management provides a succinct yet comprehensive overview of the key issues shaping HRM today. The book explores the complex relationships between HRM and a range of organizational functions and encompasses the business, public and voluntary sectors. Using a wealth of real world examples, the text analyses HRM from a number of illuminating practical and theoretical perspectives. The book is arranged around four essential perspectives: environmental, organizational, strategic and operational. The text offers extensive coverage of contemporary HRM topics including ethics and diversity, knowledge management, and talent management. Highly topical coverage of how HRM has been affected by the global financial crisis and of how HRM is practiced in the world's developing economies is incorporated throughout. This book emphasises the operational realities of HRM within the wider business context, demonstrating the practical application of key HRM concepts.
