This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as "Free Silver and the Mind of 'Coin' Harvey" and "What Happened to the Antitrust Movement?", *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States. From the Trade Paperback edition.

## **N.W. Ayer & Son's American Newspaper Annual**

## **Polk's Medical Register and Directory of North America**

## **N.W. Ayer & Son's American Newspaper Annual and Directory**

## **The Annals of the American Academy of Political and Social Science**

The Progressive Revolution in Politics and Political Science explores the scope, ambition, and effect of the Progressive revolution of a century ago, which relegated the theory and practice of the Founders to an antiquated historical phase. By contrast, our contributors see beyond the horizon of Progressivism to take account of the Founders' moral and political premises and illuminate its effects on our political science and political practice today. It is a study in political philosophy, intellectual history, and current political understanding.

Stephen Crane's Red Badge of Courage (1895) is a psychological study of a young soldier that deals with the true meaning of courage. Henry Fleming enlists himself as a recruit in the American Civil War over his mother's objection. During the battle, he flees into the forest, thinking that saving his life is the best thing. But when his battalion has won, he feels guilty and returns to his unit. After mastering his fear, Henry goes into the final battle as the flag bearer.
