Go Math! Grade 4

Daily problem-based interactive learning followed by visual learning strategies deepen conceptual understanding by making meaningful connections for students and delivering strong, sequential visual/verbal connections through the visual learning bridge in every lesson. Ongoing diagnosis & intervention and daily data-driven differentiation ensure that enVisionMATH gives every student the opportunity to succeed. - Publisher.

Go Math! Grade 2

Go Math! Standards Practice Book Grade 2

"Wonders, a comprehensive K-6 ELA/ELD program, is designed to meet the challenges of today's classroom and reach all learners. A wealth of research-based print and digital resources provide unmatched support for building strong literacy foundations, accessing complex texts, engaging in collaborative conversations, and writing to sources"--publisher.

High-Dimensional Probability

GO Math! combines fresh teaching approaches with never before seen components that offer everything needed to address the rigors of new standards and assessments. The new Standards Practice Book, packaged with the Student Edition, helps students achieve fluency, speed, and confidence with grade-level concepts. GO Math! is the first K-6 math program written to align with the Common Core. With GO Math! you will hit the ground running and have everything you need to teach the Common Core State Standards. GO Math! combines fresh teaching approaches with everything needed to address the rigors of the Common Core Standards. Using a unique write-in student text at every grade, students represent, solve, and explain -- all in one place. - Publisher.

Go Math!

Go Math!, Grade 3

GO Math! offers an engaging and interactive approach to covering the Common Core State Standards. This Grade 1 student edition is organized into individual chapter booklets and comes with a student resource book.

Houghton Mifflin Math

Give your soon-to-be second grader a head start on their upcoming school year with Summer Bridge Activities: Bridging Grades 1-2. With daily, 15-minute exercises kids can review two-digit place value and verb tenses and learn new skills like measurement and compound words. This workbook series prevents summer learning loss and paves the way to a successful new school year. --And this is no average workbook--Summer Bridge Activities keeps the fun and the sun in summer break! Designed to prevent a summer learning gap and keep kids mentally and physically active, the hands-on exercises can be done anywhere. These standards-based activities help kids set goals, develop character, practice fitness, and explore the outdoors. With 12 weeks of creative learning, Summer Bridge Activities keeps skills sharp all summer long!

Journeys

GO Math! offers an engaging and interactive approach to covering the Common Core State Standards. This Grade 1 student edition is organized into individual chapter booklets and comes with a student resource book.

Go Math! Standards Practice Book Level 5

Sadlier Phonics

Teaching resources for each grade: Adequate yearly progress assessment guide ; Building vocabulary [book and flash cards] ; English learners handbook ; Practice workbook ; Test prep transparencies ; Transparency sampler -- General resources: Combination classroom planning guide (grades K-3 and 3-6) ; Daily math flip chart sampler, Kindergarten-grade 6 ; Every day counts: every day in pre-K: math ; Every day counts: calendar math (sampler for grades K-6) ; Intervention (strand P3, strand 4) ; Knowing mathematics ; Literature library (with activity guides) ; Math songs for young learners [compact disc] ; Read-aloud anthology big books ; Technology preview [CD-ROM] ; Transparencies ; Unit Resources, unit 1.

Singapore has been a world leader in math performance for over 15 years. Bring the world-class Singapore curriculum to your students with Math in Focus. Singapore's curriculum was one of the models used to create the Common Core State Standards. Math in Focus provides complete Common Core support for teachers and students. Math in Focus teaches concepts using a concrete-pictorial-abstract learning progression to anchor learning in real-world, hands-on experiences. Problem solving is at the heart of the Singapore math curriculum and is supported with a proven pedagogy and innovative technology, including the Singapore Math, Bar Models app for iPad. - Publisher.

Go Math! Grade 4

McGraw-Hill My Math develops conceptual understanding, computational proficiency, and mathematical literacy. Students will learn, practice, and apply mathematics toward becoming college and career ready.

Making a New Nation, Grade 5

High-dimensional probability offers insight into the behavior of random vectors, random matrices, random subspaces, and objects used to quantify uncertainty in

high dimensions. Drawing on ideas from probability, analysis, and geometry, it lends itself to applications in mathematics, statistics, theoretical computer science, signal processing, optimization, and more. It is the first to integrate theory, key tools, and modern applications of high-dimensional probability. Concentration inequalities form the core, and it covers both classical results such as Hoeffding's and Chernoff's inequalities and modern developments such as the matrix Bernstein's inequality. It then introduces the powerful methods based on stochastic processes, including such tools as Slepian's, Sudakov's, and Dudley's inequalities, as well as generic chaining and bounds based on VC dimension. A broad range of illustrations is embedded throughout, including classical and modern results for covariance estimation, clustering, networks, semidefinite programming, coding, dimension reduction, matrix completion, machine learning, compressed sensing, and sparse regression.
