Healing Without Medicine

This is a reprint of the 1920 edition of an important but almost unknown work. When Atwood made her suggestive inquiry into what was termed "The Hermetic Mystery," she supposed that the adept Hieophants put the candidate into a deep trance and his soul was led into something that was for her the Supreme Oneness of everything.

The Awesome Life Force

This book is Mr. Cater's follow up work to The Awesome Life Force. It contains countless gems of thought provoking ideas. In this two volume set you will discover an explanation for seemingly unexplainable phenomena. Levitation, missle weight loss in space, pyramid power and a closer look at the properties of light. Joseph Cater points out the fundamental weakness in conventional mathematics. The role of the soft electrons is expanded upon. Magnetic fields and astronomical error in determining planetary sizes and distances are fully explained. Volume 2 carries us into the mystery of the Crystal Skull. Have you ever wondered how from certain rock formations water can be produced? Everything in the process of creation proceeds from the simple to the more complex. If there is a test for the validity of a theory or concept in its ability to be explained Joseph Cater accomplishes it in this

set of books. You do not have to be a genius to understand, there is something here for everyone!

Its esoteric insights, drawn from the Hermetic traditions of Ancient Egypt and Greece, present a complete philosophy of life. Now, historian and New Thought scholar Mitch Horowitz reintroduces this landmark work in a razor-sharp condensation that contains all the wisdom of the original, but provides a special entry point for newcomers and a touchstone for long-time readers who want a refresher in the book's insights. This condensation of The Kybalion will enhance your understanding of the original, as it zeroes in on the book's most transformative points, and Mitch's introduction explains and contextualizes the work's enduring power.

Not exactly what it says on the tin. Despite the subtitle, the Kybalion introduces streams of thought that were never present in the hermetic philosophy of Ancient Greece and Egypt. But the occult is a living system, subject to enlargement and change and this work remains worth study.

The Corpus Hermeticum (Annotated Edition)

Here is the flagship edition of the most popular occult work of the past century, now published with a groundbreaking historical introduction that establishes its authentic authorship and a "lost" bonus work by the original author. It is one of the most mysterious and hotly debated occult works ever written-and without question the most popular and widely influential book of arcane philosophy of the twentieth century: The Kybalion has been credited only to the cryptic "Three Initiates" since its first appearance in 1908. Debate rages over the identity of the Three Initiates, the origin of the book's mysterious title and insights, and the nature of the Hermetic teachings on which it is thought to be based. Now the veil is parted. The Kybalion: The Definitive Edition presents the first full- scale analysis of this work of practical occult wisdom. It features the complete text of The Kybalion and the first-ever publication of Atkinson's previously unknown post-Kybalion work: The Seven Cosmic Laws. In an engaging introduction to this unique volume, religious scholar Philip Deslippe surveys the work's context, history, and impact (including as a source of spiritual insight to communities ranging from New Thought to Black Nationalism), and provides a biographical sketch of its elusive author, the New Thought pioneer William Walker Atkinson. As valuable to new fans as it is to longtime readers who crave more knowledge about Atkinson and his work, The Kybalion: The Definitive Edition illuminates the remarkable history of this long-cherished text.

Science of Spirit

Catalogue, Classified and Alphabetical

Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life. Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery? "Science of Spirit: Lost Keys to the Kingdom of Heaven on Earth" shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang. It clarifies the connectedness of all life with Science and to Spirit through the understanding of world-old Hermetic Teachings in a balance of Reason and Faith. Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life. Consciousness and the energy that makes up matter are inextricably combined or linked, emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality. The universe isn't made of things or particles. It's a process. It's made up of events. The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super-conscious species of humanity moving through an Omega Point in time between 2011-- 2013. These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy. Our accelerating consciousness is moving to a quantum existence of Spirit-in-Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society. The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from. It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by. I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society. This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life. A Science of Spirit that is inherent in Mother Nature. It goes in-depth about understanding What Consciousness Is! - An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment. It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious "Apocalypse at "The Omega Point" in time around 2012 as its foundational understanding of an "Evolution of Consciousness" on earth. This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit. It explains from a new perspective, this battle between the "Forces of Good and Evil" at "The End of Time". This Ancient Science of Spirit philosophy explains how the primeval forces of life [Spirit] that are inherent in Mother Earth

growing for 16.4 billion years are pitted against the "dogmatic, stagnant, god-fearing personalities," that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet. This is a real life battle between evolving evolutionary beings against the "Anti-Christ Social Consciousness of The Multi-National Corporations. Religious dogmas talk about an "Apocalypse at the end of time" to help warn us of our impending doom the remarkable thing is that the word "Apocalypse" means the "lifting of a veil" or a disclosure to certain privileged persons of something hidden from the majority of humankind. I will show in this book that the "lifting of a veil" is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon. This ancient "Science

In the current volume, the author discusses the concept of hermetic philosophy and presents the works of Emanuel Swedenborg, a hermetic philosopher and the head of a considerable body of Christians who believe that the New Jerusalem has recently descended upon earth, or is about to come down from heaven to bless the world"--[Source inconne].

A Series of Lessons in Mystic Christianity

The The Emerald Tablet of Hermes & Kybalion compose two pillars of Hermetic thought. Combined here in one volume, these two works share true wisdom with

those ready to receive it. "When the ears of the student are ready to hear, then cometh the lips to fill them with wisdom." The Kybalion was first published anonymously in 1908 by "The Three Initiates." The true authorship of the work is unknown, although theories suggest it was written entirely or in part by William Walker Atkinson. Atkinson was a prolific writer and supported the New Thought movement of the 19th and early 20th centuries. New Thought included the belief that our realities can be manifested by mental effort, which is also suggested in Hermetic principles. Scholars point to similarities in style and content between The Kybalion and Atkinson's own The Arcane Teachings as evidence that he was one (or all) of "The Three Initiates." The Kybalion provides an introduction to the teachings of Hermes Trismegistus--Hermes "the Thrice-Greatest." This "Master of Masters" is said in The Kybalion to have lived 300 years on Earth, and believed by some to be the founder of both astrology and alchemy (precursors to astronomy and chemistry, respectively). Hermes Trismegistus was deified after his death as Toth by the ancient Egyptians, and Hermes by the Greeks. In both pantheons, this man-turned-god was considered a symbol of great wisdom. The Kybalion's explanation of Hermetic teachings are claimed to have been passed down orally for centuries, eventually reaching "The Three Initiates." The fundamental Hermetic traditions presented in The Kybalion consist of seven "working principles" Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. Within these seven principles is true wisdom, tied to no particular place and no particular religion. It is the "sacred flame" kept lit by a chosen few used to "re-light the lesser lamps of the outside world when the light of truth grew dim" In short, these are the truths of the universe, regardless of era or creed. The Emerald Tablet of Hermes is a short, ancient text attributed to Hermes Trismegistus himself. Unlike The Kybalion, which aims to provide some explanation and instruction, the brief Emerald Tablet has been puzzling and fascinating scholars for over 1,000 years. Consisting of a mere 14 stanzas, the Emerald Tablet is said to contain the secrets of prima materia--the foundational material of the universe. The Emerald Tablet and its teaching influenced freemasonry and philosophy throughout history. The text of the tablet has been translated and commented on by a variety of scholars, including Sir Isaac Newton who was inspired by its teachings throughout his life and work. The earliest known version of the text comes from an Arabic work written between the 6th and 8th centuries by Balinas. He claimed to have found the tablet hidden in a vault beneath a statue of Hermes. Another story claims the tablet was written by Seth, the third son of Adam and Eve. And yet another says the tablet was uncovered and then reburied by Alexander the Great. The source and material of the physical tablet is unknown. It was reported to be a rectangular green stone, with text in raised bas-relief rather than engraved. Some even claim there never was a physical tablet at all, although several accounts claim it was on display in Egypt in 330 BCE. Whatever its origins and history, the work was first introduced to the West in the 12th century through Latin translations. Since then, this cryptic text has been translated and re-translated, pored-over and analyzed by philosophers, historians, and theologians alike.

The Kybalion

You have natural magical abilities that can elevate your life to a whole new level, as well as heal and help your loved ones and clients. The original teacher of this Divine magic was an Egyptian sage named Hermes Trismegistus. His teachings,

called "Hermetics," were only taught verbally or in very cryptic writings. In 1908, three Hermetic students wrote these teachings in a book called *The Kybalion*. Yet, this book was still difficult to understand because of its archaic and confusing language. Now in *Divine Magic*, Doreen Virtue presents a clearly edited version of *The Kybalion*, written in understandable and modern language. She gives comments and practical suggestions based upon her own success in using Hermetic teachings for healing and manifestation. With *Divine Magic*, you can master your moods, release negativity, manifest new levels of abundance, and attract wonderful opportunities in all areas of your life. The Vocabulary of Philosophy, Mental, Moral and Metaphysical

As a man thinketh, so is he—thus is the biblical King Solomon often quoted by proponents of New Thought, one of the most influential native religious movements in America. Albert Amao provides an engaging and serious history of this and related movements from the eighteenth century to the present. His discussion ranges from Phineas P. Quimby, the father of New Thought, and Mary Baker Eddy, founder of Christian Science, to Myrtle Fillmore, cofounder of Unity Church of Christianity, William James, the father of American psychology, and leaders in the emerging field of Energy Psychology. Amao's aim is to provide a rational explanation of the power of thought to heal the mind and body. All methods of mind/spiritual healing are self-healing, he says; we all have an inner capacity to heal ourselves. He examines cases of contemporary New Thought leaders who self-healed from "incurable" diseases free of medicine, and he describes the mechanism that triggered their healing. Their experiences have benefited millions of followers worldwide. The beauty of New Thought, says Amao, is that it empowers us to become conscious co-creators of our well-being and achieve success in other areas of life beyond recovering our health.
