Law and the Passions

Lightning strikes twice. Two people have died in Lake Tahoe in shocking accidents. In a nearly empty parking lot, a hit-and-run driver kills probation officer Anna Meade Hallowell. High up on a jagged mountain, wife abuser Ray de Beers gets what he deserves: he's struck by lightning. Attorney Nina Reilly, hiking on a rare day off from her one-woman law practice, sees him die. So does her date, Tahoe deputy DA Collier Hallowell. Still shaken from his wife's violent death, Hallowell is hit hard by the accident. It's a bad end to a first date and the start of a case that will test Nina's ethics and her heart. Nina is certain de Beers's death is an act of God. But his aging father wants to exhume the body to rule out foul play. De Beers's frantic wife and teenage twins hire Nina to stop the disinterment. What gets unearthed are secrets that raise new questions about Anna Hallowell's death, an indictment against one twin for murder, and a damning piece of evidence that can convict the boy . . . unless Nina obstructs justice by hiding it. No good lawyer will take that kind of risk. But a brilliant lawyer, one with a passion for truth, just might From the Paperback edition.

The LegalTech Book

What does it mean when images of refugees' plight are shared on social media? Or when we respond to emotive NGO fundraising campaigns, or are heartened by do-good reality TV shows? Do these narratives offer incentives for genuine social change or only momentary feelings of individual satisfaction? Drawing on social theory, political economy and cultural studies, Media Solidarities explores the way in which media can both enable and obstruct meaningful bonds of solidarity and positive social change. Written in a highly approachable style, it ties theory to contemporary world events and media discourses through a series of examples and case studies. The book offers an analytical toolkit to critically understand media narratives of representation, participation and production and to challenge our perceptions of our selves and society. It will be fascinating reading for students in media and communications, politics, sociology, human geography and cultural studies.

Punishment Without Crime

Ray Michalko explores the series of unsolved murdered and missing women's cases in northern British Columbia, along a lonely stretch of Highway 16, now known as "The Highway of Tears" that winds its way through the scenic wilderness of the Coast Mountains, west from Prince George, through a number of small northern communities to Prince Rupert, on northern British Columbia's West Coast. The Highway of Tears holds the secrets of multiple mysteries spanning close to four decades and the tragic unknown sets of circumstances involving the murder and disappearance of nine young women, all an average age of eighteen and with one exception, all Aboriginal. Fueled by frustration with the police's inability to solve any of these crimes in thirty-five years, inspired by the belief that someone somewhere knew something, and driven by his unexplainable personal commitment, Ray embarked on a life-altering journey.

Donald Trump v. The United States

What can local histories of interracial conflict and collaboration teach us about the potential for urban equity and social justice in the future? Courtney Elizabeth Knapp chronicles the politics of gentrification and culture-based development in Chattanooga, Tennessee, by tracing the roots of racism, spatial segregation, and mainstream "cosmopolitanism" back to the earliest encounters between the Cherokee, African Americans, and white settlers. For more than three centuries, Chattanooga has been a site for multiracial interaction and community building; yet today public leaders have simultaneously restricted and appropriated many contributions of working-class communities of color within the city, exacerbating inequality and distrust between neighbors and public officials. Knapp suggests that "diasporic placemaking"—defined as the everyday practices through which uprooted people create new communities of security and belonging—is a useful analytical frame for understanding how multiracial interactions drive planning and urban development in diverse cities over time. By weaving together archival, ethnographic, and participatory action research techniques, she reveals the political complexities of a city characterized by centuries of ordinary resistance to racial segregation and uneven geographic development.

Impeding Justice

"At the end of the day, Foxy, we're not all that different, really. I'm going to enjoy working with you." Detective Alex Fox now had positive proof that The Escape Artist was not only in New York, but monitoring her every move. As a member of the newly formed Special Investigations unit of the NYPD, she's finally in a position to find him, put an end to his villainous crimes and avenge her sister's brutal murder. When the mutilated bodies of three teenage runaways are recovered, and with the abduction of former Commander Patterson, Alex is forced to put her plans on hold, as the unit is called in to investigate these horrendous crimes. With the two cases running side by side, Alex and her team are stretched to the limits in this edge-of-your-seat thriller.

Media Solidarities

In the aftermath of World War II, the Allied intent to bring Axis crimes to light led to both the Nuremberg trials and their counterpart in Tokyo, the International Military Tribunal of the Far East. Yet the Tokyo Trial failed to prosecute imperial Japanese leaders for the worst of war crimes: inhumane medical experimentation, including vivisection and open-air pathogen and chemical tests, which rivaled Nazi atrocities, as well as mass attacks using plague, anthrax, and cholera that killed thousands of Chinese civilians. In *Hidden Atrocities*, Jeanne Guillemin goes behind the scenes at the trial to reveal the American obstruction that denied justice to Japan's victims. Responsibility for Japan's secret germ-warfare program, organized as Unit 731 in Harbin, China, extended to top government leaders and many respected scientists, all of whom escaped indictment. Instead, motivated by early Cold War tensions, U.S. military intelligence in Tokyo insinuated itself into the Tokyo Trial by blocking prosecution access to key witnesses and then classifying incriminating documents. Washington decision makers, supported by the American occupation leader, General Douglas MacArthur, sought to acquire Japan's biological-warfare expertise to gain an advantage over the Soviet Union, suspected of developing both biological and nuclear weapons. Ultimately, U.S. national-security goals left the victims of Unit 731 without vindication. Decades later, evidence of the Unit 731 atrocities still troubles relations between China and Japan. Guillemin's vivid account of the cover-up at the Tokyo Trial shows how without guarantees of transparency, power politics can jeopardize international justice, with persistent consequences.

Hostile Justice

From NY Times bestselling author M A Comley comes the final Justice book. With over two and a half million copies sold worldwide this is a must read series. Time is supposed to be a great healer However, sometimes to heal isn't enough. Back on duty for her final case, DI Lorne Warner and her team are assigned one of their most gruesome cases to date when a man is found murdered in his home. The brutal nature of the crime makes Lorne suspect a woman is behind the murder. But why? What could her motive be? With less than two weeks to go before Lorne retires, can she solve not one gruesome murder but a number of them? Could there possibly be a female serial killer on the loose or something far more sinister afoot? Grab this fast-paced thriller today and prepare to be riveted to the edge of your seat. Other books in this highly successful series are: *Cruel Justice #1* in Police Procedurals and *1# Women Sleuths*. *Impeding Justice #1* in Police Procedurals *Final justice #1* Action and Adventure *Foul Justice #1* *Hard-Boiled Mysteries* *Guaranteed Justice #1* *Women Sleuths* *Ultimate Justice - #2* *Women Sleuths* *Virtual Justice - #1* *Hard Boiled #2* *Psychological Thrillers* *Hostile Justice - #1* *Police Procedural* *Tortured Justice - #1* *Vigilante Justice* *Rough Justice - #1* *Women Sleuths* *Dubious Justice - #1* *British Detectives* *Calculated Justice - #2* *Action and Adventure* *Twisted Justice - #1* *Women Sleuths* *Prime Justice - #2* *Police Procedural* *Shameful Justice - #1* *Women Sleuths* *Immoral Justice - #2* *British Detectives* *Toxic Justice - #1* *Hard Boiled*

Sinful Deception

Obstruction of justice, the specter of impeachment, sexism at work, shocking revelations: Jill Wine-Banks takes us inside her trial by fire as a Watergate prosecutor. It was a time, much like today, when Americans feared for the future of

their democracy, and women stood up for equal treatment. At the crossroads of the Watergate scandal and the women's movement was a young lawyer named Jill Wine Volner (as she was then known), barely thirty years old and the only woman on the team that prosecuted the highest-ranking White House officials. Called "the mini-skirted lawyer" by the press, she fought to receive the respect accorded her male counterparts—and prevailed. In *The Watergate Girl*, Jill Wine-Banks opens a window on this troubled time in American history. It is impossible to read about the crimes of Richard Nixon and the people around him without drawing parallels to today's headlines. The book is also the story of a young woman who sought to make her professional mark while trapped in a failing marriage, buffeted by sexist preconceptions, and harboring secrets of her own. Her house was burgled, her phones were tapped, and even her office garbage was rifled through. At once a cautionary tale and an inspiration for those who believe in the power of justice and the rule of law, *The Watergate Girl* is a revelation about our country, our politics, and who we are as a society.

Obstruction of Justice

Adolescence is a distinct, yet transient, period of development between childhood and adulthood characterized by increased experimentation and risk-taking, a tendency to discount long-term consequences, and heightened sensitivity to peers and other social influences. A key function of adolescence is developing an integrated sense of self, including individualization, separation from parents, and personal identity. Experimentation and novelty-seeking behavior, such as alcohol and drug use, unsafe sex, and reckless driving, are thought to serve a number of adaptive functions despite their risks. Research indicates that for most youth, the period of risky experimentation does not extend beyond adolescence, ceasing as identity becomes settled with maturity. Much adolescent involvement in criminal activity is part of the normal developmental process of identity formation and most adolescents will mature out of these tendencies. Evidence of significant changes in brain structure and function during adolescence strongly suggests that these cognitive tendencies characteristic of adolescents are associated with biological immaturity of the brain and with an imbalance among developing brain systems. This imbalance model implies dual systems: one involved in cognitive and behavioral control and one involved in socio-emotional processes. Accordingly adolescents lack mature capacity for self-regulations because the brain system that influences pleasure-seeking and emotional reactivity develops more rapidly than the brain system that supports self-control. This knowledge of adolescent development has underscored important differences between adults and adolescents with direct bearing on the design and operation of the justice system, raising doubts about the core assumptions driving the criminalization of juvenile justice policy in the late decades of the 20th century. It was in this context that the Office of Juvenile Justice and Delinquency Prevention (OJJDP) asked the National Research Council to convene a committee to conduct a study of juvenile justice reform. The goal of *Reforming Juvenile Justice: A Developmental Approach* was to review recent advances in behavioral and neuroscience research and draw out the implications of this knowledge for juvenile justice reform, to assess the new generation of reform activities occurring in the United States, and to assess the performance of OJJDP in carrying out its statutory mission as well as its potential role in supporting scientifically based reform efforts.

The Killers Among Us

New York Times and USA Today Bestselling Author DIANE CAPRI Does It Again! For Lee Child and John Grisham Fans! NEW Hunt for Jack Reacher Series book! "Full of thrills and tension, but smart and human, too. Kim Otto is a great, great character - I love her." Lee Child, #1 World Wide Bestselling Author of Jack Reacher Thrillers Agents Kim Otto and Carlos Gaspar track Reacher's past in Tampa where they team up with Judge Willa Carson, investigative journalist Jessica Kimball, and attorney Jennifer Lane. When Retired Army Colonel Thomas Weston returns to MacDill Air Force Base for a public event after sixteen years, he's an easy target for his enemies, including Jack Reacher. Restoring Justice

A revelatory account of the misdemeanor machine that unjustly brands millions of Americans as criminals Punishment Without Crime offers an urgent new interpretation of inequality and injustice in America by examining the paradigmatic American offense: the lowly misdemeanor. Based on extensive original research, legal scholar Alexandra Natapoff reveals the inner workings of a massive petty offense system that produces over 13 million cases each year. People arrested for minor crimes are swept through courts where defendants often lack lawyers, judges process cases in mere minutes, and nearly everyone pleads guilty. This misdemeanor machine starts punishing people long before they are convicted; it punishes the innocent; and it punishes conduct that never should have been a crime. As a result, vast numbers of Americans -- most of them poor and people of color -- are stigmatized as criminals, impoverished through fines and fees, and stripped of drivers' licenses, jobs, and housing. For too long, misdemeanors have been ignored. But they are crucial to understanding our punitive criminal system and our widening economic and racial divides. A Publishers Weekly Best Book of 2018

Cruel Justice

For eight long years, Detective Inspector Lorne Simpkins has tracked the vicious criminal known as The Unicorn. But the killer has frustrated MI6 at every turn and

remained successful at Impeding Justice. When Lorne is targeted in a trap that results in the death of her partner, the tragedy shakes her confidence to the core. Before she has time to recoup, her teenage daughter is kidnapped. More than Lorne's professional reputation rests on her bringing The Unicorn to justice.

Cast Iron

Although the connection of law, passion and emotion has become an established focus in legal scholarship, the extent to which emotion has always been, and continues to be, a significant influence in informing legal reasoning, decision-making, decision-avoidance and legal judgment – rather than an adjunct – is still a matter for critical analysis. Engaging with the underlying social context in which emotional states are a motivational force – and have produced key legal principles and controversial judgments, as evidenced in a range of illustrative legal cases – Law and the Passions: A Discrete History provides a uniquely inclusive commentary on the significance and influence of emotions in the history and continuing development of legal institutions and legal dogma. Law, it is argued, is a passion; and, as such, it is a primarily emotional endeavour.

Mining in Latin America

From CNN chief legal analyst and bestselling author Jeffrey Toobin, a real-life legal thriller about the prosecutors and congressional investigators pursuing the truth about Donald Trump's complicity in several crimes--and why they failed. Donald Trump's campaign chairman went to jail. So did his personal lawyer. His long-time political consigliere was convicted of serious federal crimes, and his national security advisor pled guilty to others. Several Russian spies were indicted in absentia. Career intelligence agents and military officers were alarmed enough by the president's actions that they alerted senior government officials and ignited the impeachment process. Yet despite all this, a years-long inquiry led by special counsel Robert Mueller, and the third impeachment of a president in American history, Donald Trump survived to run for re-election. Why? Jeffrey Toobin's highly entertaining definitive account of the Mueller investigation and the impeachment of the president takes readers behind the scenes of the epic legal and political struggle to call Trump to account for his misdeeds. With his superb storytelling and analytic skills Toobin recounts all the mind-boggling twists and turns in the case--Trump's son met with a Russian operative promising Kremlin support! Trump paid a porn star \$130,000 to hush up an affair! Rudy Giuliani and a pair of shady Ukrainian-American businessmen got the Justice Department to look at Russian-created conspiracy theories! Toobin shows how Trump's canny lawyers used Mueller's famous integrity against him, and how Trump's bullying and bluster cowed Republican legislators into ignoring the clear evidence of the impeachment hearings. Based on dozens of interviews with prosecutors in Mueller's office, Trump's legal team, Congressional investigators, White House staffers, and several of the key players, including some who are now in prison, True Crimes and Misdemeanors is a revelatory narrative that makes sense of the seemingly endless chaos of the Trump years. Filled with never-before-reported details of the high-stakes legal battles and political machinations, the book weaves a tale of a rogue president guilty of historic misconduct, and how he got away with it.

Siege

A NEW YORK TIMES BESTSELLER Written and designed by the staff of The Washington Post and illustrated by artist Jan Feindt, *The Mueller Report Illustrated: The Obstruction Investigation* brings to life the findings of special counsel Robert S. Mueller III in an engaging and illuminating presentation. When it was released on April 18, 2019, Mueller's report laid out two major conclusions: that Russia's interference in the 2016 presidential election had been "sweeping and systematic" and that the evidence did not establish that Trump or his campaign had conspired with the Kremlin. The special counsel left one significant question unanswered: whether the president broke the law by trying to block the probe. However, Mueller unspooled a dramatic narrative of an angry and anxious president trying to control the criminal investigation, even after he knew he was under scrutiny. Deep inside the 448-page report is a fly-on-the-wall account of the inner workings of the White House, remarkable in detail and drama. With dialogue taken directly from the report, *The Mueller Report Illustrated* is a vivid, factually rigorous narrative of a crucial period in Trump's presidency that remains relevant to the turbulent events of today.

Overdue Justice

IN THE RED-HOT FINALE TO PETER MAY'S CRITICALLY ACCLAIMED ENZO FILES, ENZO MACLEOD WILL FACE HIS MOST CHALLENGING COLD CASE YET. "ENDS MACLEOD'S QUEST WITH A FLOURISH." ---MARILYN STASIO, THE NEW YORK TIMES "A SATISFYING SURPRISE." --PUBLISHERS WEEKLY (STARRED REVIEW) "THE LAST SHALL BE BEST." --KIRKUS REVIEWS Western France, 1989A weeping killer deposits the unconscious body of twenty-year-old Lucie Martin, her head wrapped in a blue plastic bag, into the waters of a picturesque lake. Lot-et-Garonne, 2003 Fourteen years later, a summer heat wave parches the countryside, killing trees and bushes and drying out streams. In the scorched mud and desiccated slime of the lake, a fisherman finds a skeleton wearing a bag over its skull. Paris, October 2011 In an elegant apartment in Paris, forensic expert Enzo Macleod, now fifty-six years old, pores over the scant evidence of the sixth and final cold case he has been challenged to solve. The most obvious suspect is Régis Blanc, a former pimp already imprisoned for the murders of three sex workers, who may have been Lucie's lover in the months before her disappearance. But Régis has a solid alibi, and Enzo has a feeling the real explanation might be more complicated. In taking on this old and seemingly impossible-to-crack case, Enzo puts everything and everyone he holds dear in terrible danger--and in ways even he never could have imagined.

Fatal Frost (Defenders of Justice Book #1)

A fast-paced short story thriller in the bestselling Justice series. In a race against time, with the life of a young woman at risk, DI Lorne Simpkins and her partner, DS Pete Childs find themselves in an impossible situation which puts them in mortal danger. Can the dynamic duo rescue her before she draws her final breath, or will they fall victim to a diabolical killer?

Immoral Justice

Impeccably researched by author Sue Titus Reid, *A Basic Introduction to Criminal Justice* is the essential text for introducing the U.S. criminal justice system to future law enforcement professionals. The coverage balances basic concepts and theory against cutting-edge law that fuels class discussion. Examples taken from real events illustrate the criminal justice system in action. Each chapter has been skillfully formatted to enrich learning and facilitate study. Timely topics covered include: Introductory topics in Chapter One are illustrated with references to recent crimes and discussion of issues raised by courts in recent cases, such as those involving whether police should be permitted to seize and search the cell phones of those they arrest. Latest statistics throughout the text, including the most recently available FBI crime data. Recent developments in the area of immigration. Discussion of crimes on U.S. campuses and universities that are under investigation amid allegations that officials do not properly investigate sexual assault. Recent cases on search and seizure, including *State v. Mitchell*. Chapter 5 features a Spotlight presenting the mission statement of the Police Officers' Lives Matter and well as that of Black Life Matters. Chapter 6 discusses recent U.S. Supreme Court appointments, including the controversies surrounding nominations. Chapter 7's discussion of ineffective assistance of counsel includes new Supreme Court cases, including *Garza v. Idaho*. Current coverage of the issue of racial prejudice in sentencing. Discussion of the bipartisan bill on criminal justice reform that passed the Congress and was signed into law in late 2018. Chapter 9 includes thoughtful coverage of women in prison and an enhanced discussion of the children of inmates. In addition, this chapter has timely coverage on private prisons. Coverage of the death penalty, including moratorium on executions in California. Up-to-date chapter on Juvenile Justice, including current information on juvenile correctional facilities and the 2018 passage of the Reauthorization of the Juvenile Justice and Delinquency Prevention Act. Professors and students will benefit from: A concise overview of the Criminal Justice System Systematic coverage, including sections on: Policing Criminal Court Systems Corrections Juvenile Justice Examples that connect theory to current events and debate Integrated discussion of court decisions, accurately interpreted and cited Dynamic pedagogy in every chapter: End-of-chapter summary and study questions Learning Objectives Chapter Outlines and Overviews Key terms, defined in a comprehensive glossary Tables, figures, and photographs, and Spotlights that highlight timely issues Author's meticulous attention to including the most recent information on topics covered.

A Basic Introduction to Criminal Justice

Murder most foul With two barbaric murders to solve, DI Lorne Simpkins needs her team behind her more than ever, however, a member of her team is doing their very best to let her down. The case is a perplexing one from the outset and when the murderer shows their hand, Lorne is left shaking her head at their motivation.

Unfair Justice

This true legal thriller debunks everything the media and the government told us

about the Department of Justice's destruction and prosecution of the venerable accounting firm Arthur Andersen, Merrill Lynch executives who did one business transaction with Enron, Alaska Senator Ted Steven's, and more. The common thread through it all is a cabal of narcissistic federal prosecutors who broke all the rules and rose to great power. Still in the news today--Robert Mueller's "pitbull" Andrew Weissmann and other members of Obama's inner circle--are wreaking havoc on our Republic. This is the book that began exposing "the Deep State."

The Mueller Report: Report on the Investigation into Russian Interference in the 2016 Presidential Election

Transitional justice has become the principle lens used by countries emerging from conflict and authoritarian rule to address the legacies of violence and serious human rights abuses. However, as transitional justice practice becomes more institutionalized with support from NGOs and funding from Western donors, questions have been raised about the long-term effectiveness of transitional justice mechanisms. Core elements of the paradigm have been subjected to sustained critique, yet there is much less commentary that goes beyond critique to set out, in a comprehensive fashion, what an alternative approach might look like. This volume discusses one such alternative, transformative justice, and positions this quest in the wider context of ongoing fall-out from the 2008 global economic and political crisis, as well as the failure of social justice advocates to respond with imagination and ambition. Drawing on diverse perspectives, contributors illustrate the wide-ranging purchase of transformative justice at both conceptual and empirical levels.

Twisted Justice

Mehl Ramps Up the Suspense in This Brand-New U.S. Marshals Series Mercy Brennan followed in her father's footsteps in a law enforcement career, but she has no interest in any other connection to him. A U.S. Marshal in St. Louis, Missouri, she's assigned to a joint task force with the St. Louis PD that puts her back into contact with her father and in the sights of St. Louis's most powerful gang. When the gang has reason to believe Mercy has possession of some highly sensitive and incriminating information, her boss assigns Mark St. Laurent--a Deputy U.S. Marshal and Mercy's ex-boyfriend--to get her out of town until they can guarantee her safety. Initially unaware of the danger she's in and uncomfortable working with Mark, Mercy's frustration escalates when she discovers the extent her boss and Mark have been keeping her in the dark. It isn't until a freak ice storm hits, stranding them at a remote location and out of contact with the district office, that the full severity of their situation becomes clear. As the storm worsens, the forces of nature combine with a deadly enemy closing in to put their lives at imminent risk. Can they survive long enough for help to arrive--if help is even coming at all?

Licensed to Lie

Derelict buildings hold many secrets... Some of them even contain dead bodies... In one of her most complex cases to date, can Lorne uncover the victim's identity and why she was left to rot on a heap of rubble? Her husband thought she was on

holiday! Who killed this beautiful woman and why? As the case nears its conclusion Lorne receives news concerning her daughter that rocks her world. Grab this breakneck paced thriller today. Corruption in the Iberian Empires

The wait for The Mueller Report is over. This strikingly designed edition has been prepared by expert typographers – allowing for an optimised, immersive reading experience. "From the moment [the report] was published, two separate news universes took shape. In one, the special counsel's report was presented as a smoking-gun chronicle of high crimes and misdemeanours. In the other, it was heralded as a credibility-shredding blow to the president's opponents."—The Atlantic Make up your own mind. The Mueller Report is a must read political blockbuster.

A Knock at Midnight

To Serve and Protect

NEW YORK TIMES BESTSELLER • With unparalleled reporting, a Pulitzer Prize-winning New York Times reporter continues to break news about the most important political story of our lives as he chronicles the clash between a president and the officials of his own government who tried to stop him. In the early days of the Trump presidency, the people who work in the institutions that make America America saw Trump up close in the Oval Office and became convinced that they had to stand up to an unbound president. These officials faced a situation without parallel in American history: What do you do, and who do you call, if you are the only one standing between the president, his extraordinary powers, and the abyss? Michael S. Schmidt's Donald Trump v. The United States tells the dramatic, high-stakes story of those who felt compelled to confront and try to contain the most powerful man in the world as he shredded norms and sought to expand his power. Schmidt has broken many of the major stories of the Trump era, from the news of Hillary Clinton's use of a personal email account to the report on former FBI

director James Comey's contemporaneous memos of conversations with Trump that led directly to the appointment of special counsel Robert S. Mueller III. Now he takes us inside the defining events of the presidency, chronicles them up close, and records the clash between an increasingly emboldened president and those around him, who find themselves trying to thwart the president they had pledged to serve, unsure whether he is acting in the interest of the country, his ego, his family business, or Russia. Through their eyes and ears, we observe an epic struggle. Drawing on secret FBI and White House documents and confidential sources inside federal law enforcement and the West Wing, Donald Trump v. The United States is vital journalism, recording the shocking reality of a presidency like no other, a riveting contemporary history, and a lasting account of just how fragile and vulnerable the institutions of American democracy really are.

The Mueller Report Illustrated

Investigative reporter Luke Rosiak is being hailed as "one of the smartest, most diligent reporters in Washington" (TUCKER CARLSON) and "a bulldog" (DANA LOESCH) for uncovering "what is possibly the largest scandal and coverup in the history of the United States House of Representatives" (NEWT GINGRICH). It's like something out of a spy novel: In the heat of the 2016 election, an unvetted Pakistani national with a proclivity for blackmail gained access to the computer files of one in five Democrats in the House of Representatives. He and his family lifted data off the House network, stole the identity of an intelligence specialist, and sent congressional electronic equipment to foreign officials. And that was only the beginning. Rather than protect national security, Congress and the Justice Department schemed to cover up a politically inconvenient hack and an underlying fraud on Capitol Hill involving dozens of Democrats' offices. Evidence disappeared, witnesses were threatened, and the supposed watchdogs in the media turned a blind eye. Combining tenacious investigative reporting and high-tech investigative techniques, Luke Rosiak began ferreting out the truth, and found himself face to face with the "Deep State," observing how Nancy Pelosi's Democrats manipulated the Department of Justice, the media, and even Republican leadership to sabotage the investigation into what Newt Gingrich calls possibly the biggest congressional scandal in history.

Mortal Justice

New York Times and USA Today Bestselling Author DIANE CAPRI Returns! For fans of Lee Child, John Grisham, and Michael Connelly "Full of thrills and tension - but smart and human too." —Lee Child, #1 New York Times Bestselling Author of Jack Reacher Thrillers Tampa's most charismatic Federal Judge, Wilhelmina Carson, returns in another fast-paced novel of mystery and suspense. War hero General Randall Andrews has been nominated to the U.S. Supreme Court and George Carson leads the fight to defeat him. The Watergate Girl

Restoring Justice: An Introduction to Restorative Justice offers a clear and convincing explanation of restorative justice, a movement within criminal justice with growing worldwide influence. It explores the broad appeal of this new vision and offers a brief history of its development. The book presents a theoretical foundation for the principles and values of restorative justice and develops its four cornerpost ideas of encounter, amends, inclusion and reintegration. After exploring how restorative justice ideas and values may be integrated into policy and practice, it presents a series of key issues commonly raised about restorative justice, summarizing various perspectives on each.

Reforming Juvenile Justice

In the early hours of the morning, the murdered body of a teenager, Maria Collins, is discovered close to a railway track. With very few clues to go on, can DI Lorne Simpkins and her team uncover who the murderer is before he claims yet another victim?

True Crimes and Misdemeanors

This book provides new perspectives into a subject that historians have largely overlooked. The contributors use fresh archival research from Spain, Portugal, Brazil, Bolivia, Mexico, and the Philippines to examine the lives of slaves and farmworkers as well as self-serving magistrates, bishops, and traders in contraband. The authors show that corruption was a powerful discourse in the Atlantic world. Investigative judges could dismiss culprits, jail them, or, sometimes, have them “garroted and their corpses publicly displayed.”

Obstruction of Justice

The last two decades have witnessed a dramatic expansion and intensification of mineral resource exploitation and development across the global south, especially in Latin America. This shift has brought mining more visibly into global public debates and spurred a great deal of controversy and conflict. This volume assembles new scholarship that provides critical perspectives on these issues. The

book marshals original, empirical work from leading social scientists in a variety of disciplines to address a range of questions about the practices of mining companies on the ground, the impacts of mining on host communities, and the responses to mining from communities, civil society and states. The book further explores the global and international causes, consequences and innovations of this new era of mining activity in Latin America. Key issues include the role of Canadian mining companies and their investment in the region, and, to a lesser extent, the role of Chinese mining capital. Several chapters take a regional perspective, while others are based on empirical data from specific countries including Bolivia, Brazil, El Salvador, Guatemala and Peru.

Irrational Justice

Michael Wolff, author of the bombshell bestseller *Fire and Fury*, once again takes us inside the Trump presidency to reveal a White House under siege. Just one year into Donald Trump's term as president, Michael Wolff told the electrifying story of a White House consumed by controversy, chaos, and intense rivalries. *Fire and Fury*, an instant sensation, defined the first phase of the Trump administration; now, in *Siege*, Wolff has written an equally essential and explosive book about a presidency that is under fire from almost every side. At the outset of Trump's second year as president, his situation is profoundly different. No longer tempered by experienced advisers, he is more impulsive and volatile than ever. But the wheels of justice are inexorably turning: Robert Mueller's "witch hunt" haunts Trump every day, and other federal prosecutors are taking a deep dive into his business affairs. Many in the political establishment—even some members of his own administration—have turned on him and are dedicated to bringing him down. The Democrats see victory at the polls, and perhaps impeachment, in front of them. Trump, meanwhile, is certain he is invincible, making him all the more exposed and vulnerable. Week by week, as Trump becomes increasingly erratic, the question that lies at the heart of his tenure becomes ever more urgent: Will this most abnormal of presidencies at last reach the breaking point and implode? Both a riveting narrative and a brilliant front-lines report, *Siege* provides an alarming and indelible portrait of a president like no other. Surrounded by enemies and blind to his peril, Trump is a raging, self-destructive inferno—and the most divisive leader in American history.

Jack in the Green

From NY Times and USA Today bestselling author, M A Comley, with over two million copies sold worldwide. A chance encounter leads to a gruesome conclusion. But there is much more to this case than first meets the eye. Yet another case for determined DI Lorne Warner and her team to solve. The investigation proves to be a complex one from the outset, revealing not just one murder to solve but several. Just when Lorne believes she has all the answers, the killer contacts her and makes a terrifying threat. She's up against it, mentally and physically Will Lorne be able to pit her wits against a killer who isn't afraid of getting caught?

From Transitional to Transformative Justice

Written by prominent thought leaders in the global fintech and legal space, The LegalTech Book aggregates diverse expertise into a single, informative volume. Key industry developments are explained in detail, and critical insights from cutting-edge practitioners offer first-hand information and lessons learned. Coverage includes:

- The current status of LegalTech, why now is the time for it to boom, the drivers behind it, and how it relates to FinTech, RegTech, InsurTech, WealthTech and PayTech
- Applications of AI, machine learning and deep learning in the practice of law; e-discovery and due diligence; AI as a legal predictor
- LegalTech making the law accessible to all; online courts, online dispute resolution
- The Uberization of the law; hiring and firing through apps
- Lawbots; social media meets legal advice
- To what extent does LegalTech make lawyers redundant or more efficient?
- Cryptocurrencies, distributed ledger technology and the law
- The Internet of Things, data privacy, automated contracts
- Cybersecurity and data
- Technology vs. the law; driverless cars and liability, legal rights of robots, ownership rights over works created by technology
- Legislators as innovators
- Practical LegalTech solutions helping Legal departments in corporations and legal firms alike to get better legal work done at lower cost

Obstruction of Justice

Vile Justice - Justice series novella

-- The six myths of serial murder: addressing the "black hole of misinformation" that surrounds the subject. -- Detailed case studies of John Wayne Gacy, Ted Bundy, and other serial killers. -- The state-of-the-art in law enforcement investigation of serial murder. This book brings together all of what we know, what we think we know, and what we don't know about the horrific violence of serial murder. Part I introduces the subject of serial murder and presents the "six myths" of serial murder that interfere with understanding and successful investigation. Part II presents detailed case studies of four infamous serial killers, John Wayne Gacy, Ted Bundy, Kenneth Bianchi and Henry Lee Lucas. Part III focuses on the investigation of serial murder, showing the problems law enforcement faces -- notably "linkage blindness", the inability or unwillingness of police agencies to share information on unsolved murders. This section includes an extensive discussion of fourteen different police responses to serial murder. Finally, the author -- a noted criminologist and former homicide investigator -- discusses the future of serial murder and its investigation. Students of criminology, psychology and sociology; true crime buffs; mystery writers and readers; journalists; skeptics; and criminal justice professionals.

Constructing the Dynamo of Dixie

The headless body of a wealthy widow is discovered decomposing in Chelling Forest. Then a second victim is found. Detective Inspector Lorne Simpkins and her partner, DS Pete Childs are assigned the case. Before they can discover the identity of the killer they must make a connection between the two victims. After a third murder, Lorne receives a grisly surprise. Clearly, a vicious serial killer is on a rampage and Lorne has become the killer's fixation. Lorne can't allow her failing

marriage or her new boss--a man with whom she shares a sensuous secret--keep her from focusing on her job. She must catch the macabre murderer, or risk becoming the next victim.

Hidden Atrocities

An urgent call to free those buried alive by America's legal system, and an inspiring true story about unwavering belief in humanity—from a gifted young lawyer and important new voice in the movement to transform the system. NAMED ONE OF THE BEST BOOKS OF THE SUMMER BY USA TODAY AND NEWSWEEK • “An essential book for our time . . . Brittany K. Barnett is a star.”—Van Jones, CEO of REFORM Alliance, CNN Host, and New York Times bestselling author Brittany K. Barnett was only a law student when she came across the case that would change her life forever—that of Sharanda Jones, single mother, business owner, and, like Brittany, Black daughter of the rural South. A victim of America's devastating war on drugs, Sharanda had been torn away from her young daughter and was serving a life sentence without parole—for a first-time drug offense. In Sharanda, Brittany saw haunting echoes of her own life, both as the daughter of a formerly incarcerated mother and as the once-girlfriend of an abusive drug dealer. As she studied this case, a system came into focus: one where widespread racial injustice forms the core of America's addiction to incarceration. Moved by Sharanda's plight, Brittany set to work to gain her freedom. This had never been the plan. Bright and ambitious, Brittany was a successful accountant on her way to a high-powered future in corporate law. But Sharanda's case opened the door to a harrowing journey through the criminal justice system. By day she moved billion-dollar deals, and by night she worked pro bono to free clients in near-hopeless legal battles. Ultimately, her path transformed her understanding of injustice in the courts, of genius languishing behind bars, and the very definition of freedom itself. Brittany's riveting memoir is at once a coming-of-age story and a powerful evocation of what it takes to bring hope and justice to a system built to resist them both.
