Problems of Education in India

Emergency Powers and the Courts in India and Pakistan

Contempt Of Court, Because Of Its Controversial Nature, Has Created Contradictory Opinions Among The Jurists As Well As Scholars. The Contempt Jurisprudence With The Common Law Origin Has Been Transmitted Into The Indian Jurisprudence By The Courts Of Record Through Several Charters. Our Constitution Has Acknowledged And Accepted This Jurisdiction By Conferring The Status Of Court Of Record To The Supreme Court And High Courts. A Country Embedded In The Concept Of Rule Of Law Should Give Due Respect To The Law And The Organ Which Applies The Law And Administers Justice. This Organ Which Possesses Neither The Muscle Power Nor The Money Power Has To Extract Due Obedience To Its Orders Only Through This Jurisdiction. But Difficulty Arises When This Jurisdiction Clashes With The Invaluable Rights Of Citizens As Well As Those Of The Press, As Enshrined In The Constitution. It Becomes All The More Difficult When It Interferes With The Functioning Of Administrative Authorities, Corporations And The Like. It Poses Different Questions. What Constitutes A Contempt Of Court? When And How This Jurisdiction Has To Be Exercised? In What Way Is The Judiciary, One Of The Organs Of The State, Justified In Controlling Other Organs Of The State And Also Rights Of Citizens In The Name Of Contempt Jurisdiction? No Indepth Study Has Been Undertaken So Far To Ascertain The Answer To The Above Questions. The Author

Has Made Sincere And Humble Attempt To Cull Out Answers To The Above Questions In The Light Of Judicial Interpretations. The Concept Of Criminal Contempt, Which Includes Prejudicing Fair Trial Or Interfering With The Administration Of Justice Or Scandalising The Court, Is Analysed In Relation To The Rights Of Individuals And Those Of The Press. The Concept Of Civil Contempt, Which Includes Disobedience To The Orders Of The Court Or Breach Of An Undertaking, Is Analysed In Relation To The Administrative Authorities And Corporations, Individuals And Subordinate Judiciary. The Existing Political And Social Scenario Requires A Comprehensive Understanding Of This Branch Of Law To Eliminate Its Possible Misinterpretation. It Is Hoped That The Observations And Suggestions Made By The Author Will Be Of Immense Help And Of Use For Students, Lawyers, Law Teachers And Administrators.

Family Planning Programme in India

The Family in India

The thirteen seminal essays in this volume investigate the failure of the welfare model of development as applied to tribal India, and the consequent efforts by tribes to better their lot by seeking political autonomy and/or the restoration of traditional rights to natural resources—namely, water, forest and land. The book contains case studies of little-known movements such as Dalitism in Jharkhand and the Kamatpur movement in Bengal. Providing a compact yet comprehensive account of the tribal experience of development in India, the contributors examine all the major issues affecting India's tribal population.

Urbanization, Urban Development, and Metropolitan Cities in India

Privatisation in India

The Book Deals With The Problems Of Education : Pre-Primary, Primary, Secondary, Higher Secondary, College And University Level Education. This book examines various macro-issues relating to irrigation in India. These macro-issues are the pattern of development of irrigation since ancient India up to post-independent India, cost and benefits from irrigation, its impact on production and productivity, the growth of a modern sub-sector and irrigation management.

Irrigation in India

Industrial Relations in India

The book, on the basis of empirical and historical investigations, convincingly demonstrates that the process of change in India involved a great degree of ambivalence, but there is no clear-cut indication except that various strategies have tended to strengthen the position of the already privileged sections of the society. The underprivileged are the last to benefit.

Shifting Cultivation in India

Multilingualism in India is a challenging and stimulating study of the nature and structure of multilingualism in the Indian subcontinent. India, with 1652 mother tongues, between two hundred and seven hundred languages belonging to four language families, written in ten major script systems and a host of minor ones represents multilingualism unparalleled in the democratic world. With four thousand castes and communities and equal number of religious faiths and cults, its multilingualism matches its pluriculturalism.

Floriculture in India

The focus of this book is on various aspects of tourism as development issues for the whole of India, policy and environmental issues, income and employment generation from tourism and human relations in tourism management and regional tourism. The importance of tourism in India's economic development is emphasised and measures that can be taken to ensure sustainable growth of tourism in India are discussed. The issues and policies presented are applicable to developing countries around the world.

Essays on Legal Systems in India

Teacher Education in India

Inflation Accounting Practices in India's Corporate Sector

Social Policy and Administration in India

By studying the history and sources of the Thomas Christians of India, a community of pre-colonial Christian heritage, this book revisits the assumption that Christianity is Western and colonial and that Christians in the non-West are products of

colonial and post-colonial missionaries. Christians in the East have had a difficult time getting heard—let alone understood as anti-colonial. This is a problem, especially in studies on India, where the focus has typically been on North India and British colonialism and its impact in the era of globalization. This book analyzes texts and contexts to show how communities of Indian Christians predetermined Western expansionist goals and later defined the Western colonial and Indian national imaginary. Combining historical research and literary analysis, the author prompts a re-evaluation of how Indian Christians reacted to colonialism in India and its potential to influence ongoing events of religious intolerance. Through a rethinking of a postcolonial theoretical framework, this book argues that Thomas Christians attempted an anti-colonial turn in the face of ecclesiastical and civic occupation that was colonial at its core. A novel intervention, this book takes up South India and the impact of Portuguese colonialism in both the early modern and contemporary period. It will be of interest to academics in the fields of Renaissance/Early Modern Studies, Postcolonial Studies, Religious Studies, Christianity, and South Asia.

Christianity in India

Mughal Rule in India

The Chapters In The Volume Bring Out The Metamorphosis That The Indian Oil Industry In Presently Undergoing. Issues Relevant From The Point Of View Of India`S Economy Have Been Brought Out From A Researcher`S Perspective/. The Central Theme Is Globalization Of Indian Oil Industry. Housing Finance Mechanisms in India

Small Scale Industries in India

Problem of Communalism in India

Problems and Prospects of Sugar Industry in India

Highlights importance of teachers on influencing future generations, analyses several significant aspects of teacher education in India.

Privatisation in India

The fundamental premise of this study is that where Constitutions, such as that of India and Pakistan, articulate legal norms which limit the scope of the executive power to derogate from individual rights during states of emergency, there must likewise exist an effective control mechanism to ensure that the Executive acts within the scope of that power. Viewed from this perspective, the judicial power to interpret the Constitution imposes upon the Court the constitutional duty to provide adequate safeguards against the abuse of state power affecting individual rights. This power remains available notwithstanding the presumed or purported ouster of judicial review. The concept of judicial review as a source of control is examined in the light of the experience of Pakistan and India during periods of constitutional emergency. The divergent approaches of the Courts in these countries, in litigation concerning emergency powers and individual rights, are explained in terms of divergent views that these Courts have adopted with respect to the nature of judicial review.

A Concise History of Modern Architecture in India

Production and Consumption of Foodgrains in India

Entrepreneurship Development in India

Study restricted to Bijnor District, Uttar Pradesh and covers the period 1987-1990.

Consumer Movement in India

Libraries and Librarianship in India

History of Agriculture in India (up to c.1200 AD), Part 1, reconstructs the evolution of agriculture in India up to c.1200AD. It is a synthesis and summation of existing knowledge on the history of agriculture in ancient India on the combined bases of archaeological and literary sources against the backdrop of Asian history in general. Besides summing up the existing knowledge, it opens new vistas for further research on many debated issues in the history of agriculture in ancient India. The volume addresses the vexed and controversial questions on the origin, antiquity and sources of Indian agricultural history. Based on researches from sites of Vindhya, Ganga Region, plant remains, agricultural tools, pots, dental pathology, and settlement remains, it is an informed and highly researched work on the origin and antiquity of cultivation in India. For a historical study of agriculture, Pali, Sangam, Sanskrit and the Graeco-Roman literatures have been utilized. Art and literary sources have also been used to reconstruct history.

Multilingualism in India
