## **Experience Sociology**

## **An Introduction to Sociology**

## **Essentials of Sociology**

This Fourth Edition of George Ritzer's Introduction to Sociology shows students the relevance of sociology to their lives. While providing a rock-solid foundation, Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the digital world, and the "McDonaldization" of society. With examples on every page from current events and contemporary research, and stories about "public" sociologists who are engaging with the critical issues of today, the text demonstrates the power of sociology to explain the world, and the diversity of questions that sociologists seek to answer. New to this Edition New "Trending" boxes focus on influential books written by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, these boxes demonstrate the diversity of sociology's practitioners, methods, and subject matter, and feature such authors as: Michelle Alexander (The New Jim Crow) Elizabeth Armstrong and Laura Hamilton (Paying for the Party) Randol Contreras (The Stick-Up Kids) Matthew Desmond (Evicted) Kimberly Hoang (Dealing in Desire) Arlie Hochschild (Strangers in Their Own Land) Eric Klinenberg (Going Solo) C.J. Pascoe (Dude, You're a Fag) Lori

Peek and Alice Fothergill (Children of Katrina) Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change President Trump's proposed Mexican border wall further segmentation of wealthy Americans in the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

## **Sociology**

## **Sociology**

The Third Edition of Our Social World: Introduction to Sociology is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Key Features: \* Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. \* Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. \* Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. \* Presents "The Social World Model" in each chapter: This visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: \* Thirty new boxed features, including the innovative 'Engaging Sociology' and 'Applied Sociologists at Work' features \* Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) \* 315 entirely new references and 120 new photos.

## **An Introduction to the Sociology of Work and Occupations**

This book was developed for Cochise College from generally available open educational resources (OER) in use of multiple institutions.

## **Introduction to Sociology 2e**

Experience Sociology has set the new standard for teaching Introductory Sociology. Approaching sociology through the key

concepts of culture, structure, and power, the program enables students to see sociology everywhere, and make the familiar new. Presented in an accessible and engaging way that brings theory and sociological concepts together, students move beyond their individual perspective to gain a true sociological perspective. Connect, the proven online experience, adapts to the student's learning needs, enhancing the understanding of topics and developing their sociological imagination.

## **Sociology**

The main focus of this sociology text is the UK, Europe and North America. A recurrent theme throughout is that the modern world is becoming progressively globalized, and that it is therefore increasingly impossible to understand one country in isolation from another. The student is also encouraged to engage with the subject through such features as opening vignettes and critical thinking questions.

## **Contemporary Readings in Sociology**

Like its predecessors, the tenth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." Richard T. Schaefer

## **Sociology Now**

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Discover Sociology: Core Concepts explores sociology as a discipline of curious minds, with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world. It is adapted from Discover Sociology, Fourth Edition and offers in-depth coverage of 12 high-priority topics that are at the core of almost all introductory sociology courses. The Second Edition of Core Concepts maintains its reader-friendly narrative and the hallmark themes of the parent book, including the unequal distribution of power in society ("Inequality Matters"), the sociological imagination ("Private Lives, Public Issues"), career

skills ("What Can I Do With a Sociology Degree?") and civil discourse ("Discover and Debate"). In response to reader's requests, this edition features expanded coverage of issues such as intersectionality, popular culture, and changes in the contemporary population of college students in the U.S. Additionally, updated social indicators bring in the latest data available from the U.S. Census Bureau, the Bureau of Labor Statistics, the Centers for Disease Control and Prevention, and the Pew Research Center, among others, to ensure that discussions and figures remain timely. ## **Seeing Sociology: An Introduction**

"In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

## **Introduction to Sociology**

## **SAGE Readings for Introductory Sociology**

Written by a team of internationally renowned sociologists with experience in both the field and the classroom, The Art and Science of Social Research offers authoritative and balanced coverage of the full range of methods used to study the social world. The authors highlight the challenges of investigating the unpredictable topic of human lives while providing insights into what really happens in the field, the laboratory, and the survey call center.

## **The Real World**

A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.

## **Imagining Society**

### **Introduction to Sociology**

This reader was developed to be used in numerous courses taught in sociology. It is appropriate for an introductory course, as well as a social problems or special topics course. The readings have been selected from numerous well respected sociology journals and they have been edited to make them more "user friendly" for the undergraduate student. This reader allows undergraduate students to read about the major topics in sociology in the words of the original authors. The reader includes a topic guide to help the instructor better integrate the material into their course and well-crafted section openers place each article in context for the student. This series of readings has been vetted by an Advisory Board of sociology instructors to ensure quality.

### **Introduction to Sociology**

SAGE Readings for Introductory Sociology is a concise, affordable anthology that contains 22 popular sociology statements designed to introduce readers to the sociological perspective. Kimberly McGann puts together readings that cover core topics in sociology, including culture, socialization, interaction, deviance, gender, class, and race. An alternate, topical table of contents suggests ways to match readings to other subfields in sociology (like family, education, work, and religion), and identifies readings that reflect four theoretical traditions: functionalism, symbolic interactionism, conflict theory, and feminism.

## **Discover Sociology**

The Sociology of Work and Occupations, Second Edition connects work and occupations to the key subjects of sociological inquiry: social and technological change, race, ethnicity, gender, social class, education, social networks, and modes of

organization. In 15 chapters, Rudi Volti succinctly but comprehensively covers the changes in the world of work, encompassing everything from gathering and hunting to working in today's Information Age. This book introduces students to a highly relevant analysis of society today. In this new and updated edition, globalization and technology are each given their own chapter and discussed in great depth.

## **An Introduction to Sociology and Social Problems**

### **The Art and Science of Social Research**

This custom edition is published for the University of the Sunshine Coast.

### **Introduction to Social Work**

### **Crime and Custom in Savage Society**

McGraw-Hill conducted extensive market research with students from across the nation to gain insight into their studying and buying behavior. Students told us they wanted more portable texts with innovative visual appeal and content that is designed according to the way they learn. We also surveyed instructors, and they told us they wanted a way to engage their students without compromising on high quality content. SOC, updated annually, offers instructors scholarly content and unmatched currency in a succinct magazine format that engages students. New to the 2011 edition is the inclusion of an adaptive learning system and interactivities to help students master key concepts. SOC consistently encourages students to foster their sociological imagination to see the world through a different lens.

### **Pearson Custom Sociology**

Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature

demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

## **Sociology in Modules**

### **Discover Sociology: Core Concepts**

The best-selling Introduction to Social Work by Lisa E. Cox, Carolyn J. Tice, and Dennis D. Long takes students to the root of the social work profession by covering its history, practice settings, and career paths within a unique advocacy framework. This advocacy practice and policy model comprised of four components—economic and social justice, a supportive environment, human needs and rights, and political access—provides an effective lens for viewing today's social issues. Throughout the book, an emphasis on advocacy underscores the transformative opportunities and contributions of social work on not just the clinical/client level, but also at organizational, community, national, and international levels. The Second Edition closely aligns with the latest Educational Policy and Accreditation Standards (EPAS) from the Council on Social Work Education (CSWE) and references the 2018 Code of Ethics from the National Association of Social Workers (NASW). Through the authors' inclusion of reflective practice, students will be encouraged to engage in critical thought and contemplate a career in social work.

### **Sociology: A Brief Introduction**

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect

the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

## **You May Ask Yourself**

### **Introduction to Sociology**

Wake up your introductory sociology classes! Sociology in Action helps your students learn sociology by doing sociology. Sociology in Action by Kathleen Odell Korgen and Maxine P. Atkinson will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Packed with new activities and thought-provoking questions to help explain key concepts, the Second Edition of this innovative bestselling text immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example. Each chapter has been updated to reflect recent societal changes including: the causes for and ramifications of the 2016 election; the latest issues facing the LGBT community, people of color, immigrants and refugees, and the shrinking middle class; and student loan debt. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. Also available as a digital option (courseware). Contact your rep to learn more about Sociology in Action, Second Edition - Vantage Digital Option.

### **Pearson Custom Sociology**

Introduction to Sociology provides students with a carefully curated selection of readings that demonstrate how everyday human interactions construct our global social world. The collection offers students an array of unique perspectives on foundational sociological concepts and an engaging look into real-world issues and the global impacts of social life. The text is divided into 13 chapters. The opening chapter provides students with a general introduction to sociology and describes three basic types of sociological traditions. Additional chapters introduce readers to sociological research methods, concepts related to culture, the idea of socialization, and perceptions of deviance and crime. They explore readings on social stratification, race as a social construct, contemporary constructions of gender and sexuality, and the role and function of marriage and family in modern times. Education, politics, globalization, population, and urbanization are discussed within the context of sociology. The book closes with a chapter dedicated to social change and social movements.

Written to help students understand how sociological theories can support their understanding of our social world, Introduction to Sociology is an ideal resource for foundational courses in discipline.

## **Introduction to Sociology (Preliminary Edition)**

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives, and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well-respected text combines a balanced three-perspective approach with excellent student-oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full-length books.

## **Sociology**

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Discover Sociology, Fourth Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking. ## **Sociology**

"Sociology Now reflects the discipline today and explores the big questions about multiculturalism and globalization that sociologists ask." Sociology has always offered a way to make sense of the complex and sometimes contradictory forces that shape our social lives in any era. As "Sociology Now" explains sociology as both a body of knowledge and a "way of seeing," it shows how two such forces in particular have come to preoccupy sociologists and influence the way they look at the events and experiences of the early twenty first century: The first is globalization--the economic, political, cultural, and social interconnections among people and institutions all over the world. The second is multiculturalism--the recognition that race, ethnicity, class, gender, sexuality, religion, and other statuses are sources of social inequality, but also the foundations of our identities. Michael Kimmel, a leading sociologist and gender researcher, and co-author Amy Aronson, a journalist and media scholar, address these questions head-on as they make a compelling case for the importance of sociology in the contemporary world.

## **Introduction to Sociology**

What can sociological theory tell us about the basic forces that shape our world? With clarity and authority, *Theoretical Sociology: A Concise Introduction to Twelve Sociological Theories*, by leading theorist Jonathan H. Turner, seeks to answer this question through a brief, yet in-depth examination of twelve major sociological theories. Readers are given an opportunity to explore the foundational premise of each theory and key elements that make it distinctive. The book draws on biographical background, analysis of important works, historical influences, and other critical insights to help readers make the important connections between these monumental sociological theories and the social world in which we live. This concise resource is a perfect complement to any course that seeks to examine both classic and contemporary sociological theory.

## **Sociology**

Offering instructors complete flexibility, *SEEING SOCIOLOGY: AN INTRODUCTION*, 3rd Edition combines up-to-the-minute coverage with an easy-to-manage approach featuring brief, self-contained modules in each chapter that instructors can assign based on the needs of their class. The Third Edition includes such contemporary topics as globalization's connection

to technology and gay rights, the anti-aging industry, and The Affordable Care Act, and many others, reflecting the latest developments in the field. Extremely student-friendly and engaging, the text continues to make photos an integral part of the learning process-resulting in a stronger, more memorable learning experience for students. The new “What Do Sociologists See?” feature includes a sociologist's insights on everyday images, showing students how sociological concepts can be applied to daily life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
