### Judy Moody: The Mad Rad Collection

When a visit to Boston spurs Judy's interest in Revolutionary heroes and heroines, she's soon on a quest for more independence in this hilarious new episode from Megan McDonald and Peter H. Reynolds. Huzzah! She, Judy Moody, would hereby, this day, make the Judy Moody Declaration of Independence. With alien rights and her own Purse of Happiness and everything. Hear ye! Hear ye! Everyone knows that Judy Moody has a mood for every occasion, and now a visit to Boston has put our famous third grader in a revolutionary mood. When Judy meets an English girl named Tori at the Tea Party ship, she is gobsmacked to learn how many liberties her British friend enjoys — her very own phone, private loo, and pounds of allowance. When a day of cheerfully doing her chores doesn't earn Judy Moody more rights, and staging a revolt in the form of a tea-throwing Boston Tub Party has her dad reading the riot act, Judy is forced into temporary retreat. Who would guess that a real-life crisis involving her brother, Stink, would finally give Judy a chance to show her courageous quick thinking — and prove her independence, once and for all?

### **Judy Moody Gets Famous!**

In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

### **Songwriting For Dummies**

In *Living a Feminist Life* Sara Ahmed shows how feminist theory is generated from everyday life and the ordinary experiences of being a feminist at home and at work. Building on legacies of feminist of color scholarship in particular, Ahmed offers a poetic and personal meditation on how feminists become estranged from worlds they critique—often by naming and calling attention to problems—and how feminists learn about worlds from their efforts to transform them. Ahmed also provides her most sustained commentary on the figure of the feminist killjoy introduced in her earlier work while showing how feminists create inventive solutions—such as forming support systems—to survive the shattering experiences of facing the walls of racism and sexism. The killjoy survival kit and killjoy manifesto, with which the book concludes, supply practical tools for how to live a feminist life, thereby strengthening the ties between the inventive creation of feminist theory and living a life that sustains it.
