Imagine waking up in the morning to the sound of the ocean breeze. You've been traveling for 43 days, visiting some of the most breathtaking spots on the planet. Still in bed, you grab your smartphone from the bed stand and tap the email app on your home screen. You have 37 unread messages. 35 of these emails are notifications of sales you made while you were sleeping. You swipe back to the home screen to check your bank balance. Although you haven't had a real job in months, you're on track to make multiple 6-figures this year. For the past several weeks you've

been working a few hours a week from your laptop out of coffee shops, shopping malls or hotel lobbies. While your friends and family are hostages to the rat race, it's as if you're living in a parallel universe where you're in full control of your time and your life choices. You've finally discovered the keys to freedom and unlimited potential. Welcome to the digital economy. This economy can break the chain between hours and dollars and offers an opportunity to earn an income disproportionately to your time investment from anywhere in the world. I wrote this book for people who want to grow their freedom while growing their income. I'm going to introduce you to a secret society of lazy millionaires who make more money before breakfast than most people make per month working full-time jobs. You're going to see how to break the link between your time and your income with permission-based email marketing. If you follow the strategies shared in this book, you'll be able to make more in the next 12 months than in the previous 12 years.

Are you about to graduate and begin your job search? Or are you a young professional trying to choose the right field or looking for that perfect position that will catapult your career? Figuring out a career and getting a great job has never been more difficult. On top of that, today's graduates are looking for not only good jobs but positions that will help them launch careers in which they can grow and prosper. But knowing what to look for and how to actually land a great job is exceptionally challenging when you're trying to get an interview, make enough money, and position yourself for advancement. Based on an in-depth survey of thousands of graduates and young professionals, and hundreds of interviews with the world's top business and nonprofit leaders—not to mention James Citrin's decades of experience as a senior partner at the premier executive search firm Spencer Stuart—The Career Playbook offers recent graduates and aspiring young professionals actionable advice for excelling. From his practical tips on generating valuable introductions, nailing interviews, and negotiating compensation to strategic advice on the arc of a career, the importance of relationships, how to cultivate a mentor, and knowing

when to change jobs or industries, Citrin provides an invaluable guide to the most urgent questions that are at the heart of every person's career deliberations. Packed with first-person advice from graduates and young professionals themselves, as well as the perspectives of seasoned CEOs, entrepreneurs, leaders, and experts, such as Virgin's Sir Richard Branson, Facebook's Sheryl Sandberg, Third Point Advisors' Daniel Loeb, author Malcolm Gladwell, and US Navy SEALs' Admiral Eric Olson, *The Career Playbook* is an essential resource for landing, launching, and thriving in your career.

Take a Design-led Approach to Innovation Innovation drives growth in organisations and entire economies. Yet innovation is hard, risky and rarely successful. Most innovations and startups fail because of a lack of focus on the front end of the innovation process where customer needs are researched, insights are distilled, solutions are ideated, prototyped and tested and business models are shaped. But innovation doesn't have to be this way. In *Innovator's Playbook*, author and leading Design Thinking expert Nathan Baird shares his 20 years of hands-on experience, tools and methods for developing a winning customer-centric approach to innovation. This book will teach you how to apply the design thinking method to innovation and help you to innovate better with five practical and proven stages: 1. Build the right team for innovation. 2. Better understand your customer through empathy. 3. Distill and refine customer-

centric needs and insights. 4. Unleash your team's creativity to create fresh new ideas to address customer needs. 5. Experiment and validate desirable, feasible and viable solutions. Innovator's Playbook helps entrepreneurs, corporate teams, startups and leaders across all levels to use designed methodologies for start-to-finish innovation success.

Savvy companies recognize the value of a strong community. Think of Nike and its community of runners, Nike+, and you'll quickly understand that creating and fostering an online community around a product or brand is a powerful way to boost marketing efforts, gain valuable insight into consumers, increase revenue, improve consumer loyalty, and enhance customer service efforts. Companies now have the unprecedented opportunity to integrate their brand's messaging into the everyday lives of their target audiences. But while supporting the growth of online communities should be at the top of every company's priority list, all too often it falls by the wayside. That's why brand strategy expert and digital marketer Lauren Perkins wrote *The Community Manager's Playbook* (#CMplaybook on Twitter), a must-read guide for business and brand builders who need to strengthen their approach to online B2C community management and customer engagement. As Perkins

explains, if companies want to create thriving online communities focused on their product or brand, they must do more than simply issue a few tweets a day, create (and then abandon) a Facebook page, and blog every once in a while. Instead, organizations of all sizes must treat community management as a central component of their overall marketing strategy. When they do, they will be rewarded handsomely with greater brand awareness, increased customer use and retention, lower acquisition costs, and a tribe of consumers who can't wait to purchase their next product. Perkins not only teaches readers how to build an engaging community strategy from the ground up, but she also provides them with the tactical community management activities they need to acquire and retain customers, create compelling content, and track their results along the way. Distinctive in its comprehensive, step-by-step approach to creating online communities that are fully consistent with a company's existing brand voice, *The Community Manager's Playbook: Explains how excellent community management provides a competitive advantage with a large impact on sales Provides an in-depth overview of brand and business alignment Teaches readers how to identify their community's online target audience and influence their needs and wants Details the appropriate online channels through which content should be distributed Champions the use of an agile approach through repeated testing to maximize the return on every company investment Discusses the many diverse metrics that can be used to measure community scope Today, there is no brand strategy without a community strategy. Companies that are not*

developing communities are losing control of their brands and missing opportunities to optimize their marketing investments. With The Community Manager's Playbook as their guide, however, marketing professionals and the companies and brands they represent will be equipped with the tools they need to manage their online marketing efforts, engage their core customers at every level, leverage community insights into the product development cycle, and ensure that their messaging is heard across all corners of the digital landscape.

Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of Profit First and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In Clockwork, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other

powerful strategies, you will discover how to:

- Make your employees act like owners: Free yourself from micromanaging by using a simple technique to empower your people to make smart decisions without you.
- Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business.
- Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, Clockwork is your path to finally making your business work for you.

"Implement the green strategies outlined in Dan Esty's and Andrew Winston's bestseller Green to Gold" Hard-nosed business advice for gaining competitive advantage through sustainability action in buildings and operations, information technology, product design, sourcing, manufacturing, logistics and transportation, marketing, accounting, and other key business functions Whether you are a climate change skeptic or an environmentalist, sustainability issues cannot be ignored in today's corporate world. With rising energy and natural resource costs, intensified regulations, investor pressures, and a growing demand for environmentally friendly products,

sustainability is no longer an option—it's a business imperative. Unlike many green business books, the Playbook skips the environmental ideology and deals exclusively with tools and strategies that have been shown to cut costs, reduce risks, drive revenues, and build brand identity. Builds on Dan Esty and Andrew Winston's prizewinning Green to Gold, which has become a business classic and a staple of management training across the world. Shows in detail how each business function or department can achieve an eco-advantage over the competition Offers frameworks, checklists, and action plans applicable to any business—big or small, in manufacturing or services The Green to Gold Business Playbook gives you the tools to make green work-and work profitably—for your business.

The essential guide to selling your business—and walking away with maximum wealth Nearly every entrepreneur dreams of one day selling their business for big bucks, but far too many aren't aware of exactly what it takes to do so. The sobering truth is that it's very easy for the entrepreneurs who don't know what they're doing to walk away from a sale without the financial freedom they hoped for. In fact, only about 20 percent of businesses for sale will successfully transfer to another owner! In *Walk Away Wealthy*, Mark Tepper--a leading authority on wealth management and financial planning for entrepreneurs--shows you how to build a strong exit plan, an absolute requirement if you hope to get the full value from a sale. Tepper's twelve secrets debunk myths and deliver practical advice as he walks you through what most people don't know (or refuse to believe) about the process of planning their exit. And although it's best to start planning the exit as early as possible, the book also delivers advice for those who may have waited too long and feel lost in the face of a rapidly approaching sale. Selling the business you worked so hard to build can be a confusing and intimidating proposition. Let Mark Tepper clear away the misconceptions, steer you clear of common mistakes, and help you walk away wealthy!

Master the science of funnel building to grow your company online with sales funnels in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. DotCom Secrets is not just another "how-to" book on internet marketing. This book is not about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. Low traffic or low conversion rates are symptoms of a much greater problem that's a little harder to see (that's the bad

news), but a lot easier to &fix (that's the good news). What most businesses really have is a "funnel" problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online.

work that's meant to go with it. We procrastinate. We binge on Netflix, YouTube and Instagram. All while our real dreams get further and further away. We'll never write that novel. We'll never lose that weight. We'll never make the money we need. The tasks are just too daunting. But is there is a way to do the bare minimum that gets us there instead? Is what we want not actually what we need? Do we have to be the next Richard Branson? Is being average and happy a pretty fucking good result? The Minimum Effective Lifestyle is a lazy man's guide to a good life. Its aim is to simplify. Complexity is hard. And laziness is simply a reaction to complexity. But once we simplify, laziness will no longer be the issue. We will no longer be afflicted by procrastination. This step-by-step lazy man's guide teaches:

- * How to minimise the things that don't matter in your life
- * How to leverage laziness to your advantage
- * How to do less and achieve more
- * How to beat procrastination and become productive

Click and Grow Rich

In Click and Grow Rich, readers discover the 9-step proven formula for creating a wildly successful online business. The unsettling truth is that 95 percent of all businesses fail within the first two years or keep the owner chained to it like a dead-end job. Click and Grow Rich helps readers create true personal freedom in their lives by learning Brett Fogle and E. Daniel Miller's unique MP5MS2 formula that they used to generate millions in online sales. It also shares how anybody can implement this simple process to create a successful money-making online business. Click and Grow Rich is useful for readers in all walks of life, whether they just want to earn extra money, quit a job, or build an enormously profitable online business that can be sold later. Click and Grow Rich helps people worldwide take control of their financial future by sharing these simple success principles and giving them a 'playbook' for success on how to achieve financial freedom in their lives. Much more than a book of 'strategies,' this is a rallying cry to join the #FREEDOMFIGHTER movement, achieve true time and money freedom, and live life on one's own terms.
