Educational Screen & Audio-visual Guide

Provides an annotated medical history of Abraham Lincoln and his family.

The New York Times Guide to the Best 1,000 Movies Ever Made

'If you're working with Nancy Bishop you know you're in good, accomplished hands, whether you're a director or an actor.' – Neil Burger, Director of *The Illusionist*

Auditioning for Film and Television is a must-have book and video guide for actors, written from the perspective of a Casting Director and offering practical advice on audition technique, scene analysis, online casting and social media. Auditioning for Film and Television is a practical workbook written from a casting director's point of view that teaches actors the craft of film auditioning in front of the camera. It shows actors how to use today's internet technologies to advance their careers and features success strategies and actual exercises to achieve results in the casting studio. A new edition of the popular *Secrets from the Casting Couch*, and now including video, *Auditioning for Film and Television* includes commentary, analysis and questions in workbook form for scenes from many celebrated films; exercises for actors to practise in front of a camera; and advice on career advancement and marketing in the age of social media.

The Life of Abraham Lincoln

An author subject index to selected general interest periodicals of reference value in libraries.

The film as art

Time Out Film Guide

Lincoln's Last Days is a gripping account of one of the most dramatic nights in American history—of how one gunshot changed the country forever. Adapted from Bill O'Reilly's bestselling historical thriller, Killing Lincoln, this book will have young readers—and grown-ups too—hooked on history. In the spring of 1865, President Abraham Lincoln travels through Washington, D.C., after finally winning America's bloody Civil War. In the midst of celebrations, Lincoln is assassinated at Ford's Theatre by a famous actor named John Wilkes Booth. What follows is a thrilling chase, ending with a fiery shoot-out and swift justice for the perpetrators. With an unforgettable cast of characters, page-turning action, vivid detail, and art on every spread, Lincoln's Last Days is history that reads like a thriller. This is a very special book, irresistible on its own or as a compelling companion to Killing Lincoln.

Did Lincoln Own Slaves?

Monthly Checklist of State Publications

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

proud status as the headquarters of many US corporations' Latin American operations. Even so, it's the people, not the climate, the landscape, or the cash, that makes Miami so noteworthy. Two-thirds of the two-million-plus population is Hispanic, the majority of which are Cuban. Spanish is the predominant language almost everywhere - in many places it's the only language you'll hear - and news from Havana, Caracas, or Bogotá frequently gets more attention than the latest word from Washington. Just a hundred years ago Miami was a swampy outpost of mosquito-tormented settlers. The arrival of Henry Flagler's railroad in 1896 gave the city its first fixed land-link with the rest of the continent, and cleared the way for the Twenties property boom. In the Fifties, after World War II, Miami Beach became a celebrity-filled resort area, just as thousands of Cubans fleeing the regime of Fidel Castro began arriving here as well. The Sixties and Seventies brought decline, and Miami's dangerous reputation in the Eighties was well deserved - in 1980 the city had the highest murder rate in America. Since then, with the strengthening of Latin American economic links and the gentrification of South Beach - which helped make tourism the lifeblood of the local economy again in the early Nineties - Miami is enjoying a surge of affluence and optimism.

Magazine

In the bicentennial year of Lincoln's birth, here is the one indispensable book that provides all you need to know about our most revered president in a lively and memorable question-and-answer format. You will learn whether Lincoln could dunk a basketball or tell a joke. Was he the great emancipator or a racist? If he were alive today, could he get elected? Did he die rich? Did scientists raise Lincoln from the dead? From the seemingly lighthearted to the most serious Gerald Prokopowicz tackles each question with balance and authority, and weaves a complete, satisfying biography that will engage young and old, scholars and armchair historians alike.
