Microtimes

Emotions link our feelings, thoughts, and conditioning at multiple levels, but they may remain a largely untapped source of strength, freedom, and connection. The capacity to be intimate with all our emotions, teaches Robert Augustus Masters, is essential for creating fulfilling relationships and living with awareness, love, and integrity. With Emotional Intimacy, this respected therapist and author invites us to explore: How to deepen our emotional literacy and become intimate with all our emotions The nature of emotional disconnection and what to do about it How to identify our emotions, fully experience them, and skillfully express them Illuminating, resolving, and healing old emotional wounds Gender differences in emotional intimacy and expression Steps for bringing greater emotional intimacy and depth into our relationships In-depth guidance for those facing depression, anxiety, and shame Why "blowing off steam" may make us feel worse, and the nature of healthy catharsis The difference between anger and aggression, shame and guilt, jealousy and envy Individual chapters for fully engaging with fear, anger, joy, jealousy, shame, grief, guilt, awe, and the full spectrum of our emotions There are no negative or unwholesome emotions—only negative or harmful things we do with them. Through real life examples, exercises, and an abundance of key insights, Masters

provides a lucid guide for reclaiming our emotions, relating to them skillfully, and turning them into allies—to enrich and deepen our lives.

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board

member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets

of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA

***** The Simple Board Member Orientation Process Using This Book: 1. Your

board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2.You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3.You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!
