Of the roughly 6.97 billion people on Earth today, approximately 2 billion of them are under 20 years old. Millennials have a lot of reputations these days, but powerful, smart, and affective are not usually the adjectives used to describe them. Jared Kleinert and Stacey Ferreira want to change that and empower these young people to follow their dreams, set goals,

and achieve success. Both young successful entrepreneurs themselves, they believe in breaking down age barriers to make a difference. Jared, best-known as the Founder and CEO of Synergist, and Stacey, best-known as the Co-Founder of MySocialCloud.com met in 2012 at the Under 20 Thiel Fellowship Summit. After speaking with their equally impressive peers, they realized that these 2 billion young voices have inspiring stories to share with the world and they wanted to bring them to life through 2 Billion Under 20. Jared and Stacey also decided to start an online community, [www.2BillionUnder20.com](http://www.2BillionUnder20.com) where young people could help each other grow and develop their dreams into reality. They've curated an anthology of amazing stories from their peers. Contributors like Paige McKenzie who started her own YouTube channel at the age of 16 that now has more than 55 million views and Jack Andraka who created an early detection Pancreatic cancer test at age 14 have joined forces to show the world that age is just a number.

Women are the future of American business. According to a recent Nielsen report, women will control two-thirds of American consumer wealth in less than a decade. And yet almost all business and success literature is still written for men—dispensing advice that doesn't take into account women's unique strengths or address the demands of family life on mothers. *Think and Grow Rich for Women* is a powerful new book—from the award-winning author of *Think and Grow Rich: Three Feet from Gold* and coauthor of the multimillion-selling *Rich Dad, Poor Dad*. It combines Hill's classic *Thirteen Steps to Success* with case studies of noteworthy women (including Sandra Day O'Connor, Maya Angelou, Katie Couric, Caroline Kennedy, Madonna, Oprah Winfrey, Margaret Thatcher, Condoleeza Rice, J. K. Rowling, Barbara De Angelis, Marianne Williamson Angela Merkel, Mary Kay Ash, IBM CEO Ginni Rometty and many more), outlining a master plan for success for all women.

Island, a sixteen-year-old Bill traded three hourly wage jobs to buy a small deli, which he ran by instinctively applying ideas that would be the seeds for his future success. After paying for and graduating college, Bill talked his way into a job selling copiers door-to-door for Xerox, where he went on to rank number one in every sales position he held and eventually became the company's youngest-ever corporate officer. Eventually, Bill left Xerox and in 2002 became the unlikely president of SAP's flailing American business unit. There, he injected enthusiasm and accountability into the demoralized culture by scaling his deli, sales, and management strategies. In 2010, Bill was named co-CEO, and in May 2014 became SAP's sole, and first non-European, CEO. Colorful and fast-paced, Bill's anecdotes contain effective takeaways: gutsy career moves; empathetic sales strategies; incentives that yield exceptional team performance; and proof of the competitive advantages of optimism and hard work. At the heart of Bill's story is a blueprint for success and the knowledge that the real dream is the journey, not a preconceived destination.

Entrepreneur--has guided thousands of entrepreneurs through the journey of answering this question. One of the biggest reasons why so many new businesses fail is because in the quest to decide what business to start, most of the conventional wisdom is wrong. The what is a logical question that will come soon enough. But choosing your who is the foundation from which all other things are built. That is what this book is all about. If you've ever had the dream to start your own business, become your own boss, or do your own thing--but have been afraid to take the leap and screw up your already good life--this book is for you. You will find the meticulously tested, step-by-step process outlined in the book is easy to follow, despite being the result of a decade of research and experience. This process, designed to minimize your risk of failure and losing money up front, coupled with the inspiring stories of everyday people who have used this process to launch successful businesses, will not only give you clarity on what type of business to start, but also the confidence to finally take that leap and get started.

Every Character Has a Voice Point of view isn't just an element of storytelling-when chosen carefully and employed consistently in a work of fiction, it is the foundation of a captivating story. It's the character voice you can hear as clearly as your own. It's the unique worldview that intrigues readers-persuading them to empathize with your characters and invest in their tale. It's the masterful concealing and revealing of detail that keeps pages turning and plots fresh. It's the hidden agenda that makes narrators complicated

and compelling. It's also something most writers struggle to understand. In *The Power of Point of View*, RITA Award-winning author Alicia Rasley first teaches you the fundamentals of point of view (POV)—who is speaking, why, and what options work best within the conventions of your chosen genre. Then, she takes you deeper to explain how POV functions as a crucial piece of your story—something that ultimately shapes and drives character, plot, and every other component of your fiction. Through comprehensive instruction and engaging exercises, you'll learn how to:

- choose a point of view that enhances your characters and plots and encourages reader involvement
- navigate the levels of a character's point of view, from objective viewing to action to emotion
- craft unusual perspectives, including children, animal narrators, and villains

A story changes depending on who's telling it, and *The Power of Point of View* will help you determine which of your characters can make your story come to life.

He opened his 100% cash-based clinic, LeBauer Physical Therapy, the day he graduated with his Doctor of Physical Therapy degree. He did this so he could treat patients the way he knew they needed to be cared for, not the way the insurance companies dictated. Everyone he told about his plan to charge \$100 or more per visit for physical therapy scoffed, rolled their eyes in disbelief, said it was impossible or that no patient would ever pay more than their copay for physical therapy. Over the next decade, LeBauer built his successful physical therapy clinic with his wife in Greensboro, NC. Not only has the clinic had a waiting list, but it has also employed an additional therapist and started offering wellness services.
