aspect of your life! For academic study only Dr. Haha Lung is the author of more than a dozen books on martial arts, including Assassin!, Mind Manipulation, Ninja Shadowhand, Knights of Darkness, Mind Control: The Ancient Art of Psychological Warfare, and The Lost Fighting Arts of Vietnam.

## **Buddha's Diet**

For more than ten years, former graduate student David Jones has been living hand-to-mouth in a basement apartment in the slums of New York, working in secret on his brilliant invention, the Pitchpipe. The Pitchpipe, when complete, will give him the ability to reconfigure the consciousness of any person - allowing unlimited control of their minds. The Pitchpipe brings David into a world of dominance and submission he didn't even know existed, and into conflict with a haughty dominatrix who finds his sudden appearance and absolute mastery of beautiful slave girls - who'll do literally anything he wishes - an unacceptable challenge. Though he treasures his lovely "instruments" and meets every setback with intelligence and humor, the conflict soon escalates out of control. The end of David's risky journey through strange seas of thought and the dark underside of New York's nightlife is far from certain. To save himself and what he's accomplished from the vicious mistress, he will have to become the Maestro.

## **The Ancient Art Of Strangulation**

Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

## **Ultimate Mind Control:**

Buddha said, "Your greatest weapon is your enemy's mind." Crucial to victory in any battle is psychological warfare, a technique employed and perfected by history's greatest military thinkers, such as Sun Tzu, Yoritomo, and Musashi of Japan; and several lesser-known but incredibly influential masterminds. Dr. Haha

Lung, author of more than a dozen books on martial arts, presents an all-in-one primer to breaching your enemy's mental defenses. Building on the techniques he presented in the classic Mind Manipulation, he shows how to use your enemy's fears, insecurities, hopes, and beliefs against him. Some of the most effective mind control techniques are from forgotten masters of the trade, and are featured here for the very first time. • Dark Arts: the art of intimidation • The Secret of Seven: the Seven Wheels of Power • Masters of the East: Including the Craft of the Hircarrah, Vietnamese voodoo • Chinese Face: the art of K'ung Ming and Chinese face-reading • Samurai Sly: Yoritomo's Art of Influence; the Way of No-Sword; Shadow Warriors. • Blood of Abraham: Biblical black science

## **The Yoga of Mind Control**

The Ancient Yogis have always known about the immense powers that lie deep within all of us. How we think - our attitudes, outlook and mindset has a definite effect on what we are able to achieve in life. This view is exemplified in many of the most popular new age self-help and personal improvement strategies like: "The 7 Habits of Highly Effective People," "How to Win Friends and Influence People," and "The Secret," just to name a few. In fact, at the heart of any strategy for positive personal transformation is one thing - changing the way you think. "The Yoga of Mind Control" presents a concise sketch of the yogic view of the mind, the nature of our thoughts and the critical role that they play in shaping our lives. More importantly, it outlines how to unlock that enormous mental potential for our own personal growth and success. It also illustrates how our thoughts can influence others and the world around us, and the powerful potential this personal force has for contributing to transformation on a global scale. Our thoughts and their influence in creating who we are, what we are able to achieve in life, and even the state of the world around us, remains an untapped and potent force within all of us. The ancient yogis discovered exactly how to unlock that enormous inherent

potential. "The Yoga of Mind Control - Mind Power Secrets of the Ancient Yogis" is a much-needed unveiling of that knowledge.

## **Forbidden Knowledge**

Gazzaley and Rosen offer practical strategies, backed by science, to fight distraction. We can change our brains with meditation, video games, and physical exercise; we can change our behavior by planning our accessibility and recognizing our anxiety about being out of touch even briefly.

## **Ancient Art and Ritual**

The secrets of the ancient Eastern masters are your key to mind control--and victory. Lost to history until now, these Eastern techniques of mental domination, developed and perfected over thousands of years--and through hundreds of secret cadres--are your crucial weapons for ensuring victory, even before landing a blow. As Dr. Haha Lung and Christopher Prowant unlock the seemingly supernatural strategies of Asia's shrouded cultures in their much-praised easy-to-understand language, you'll master long-lost techniques from:

- India: the extraordinary physical and mental powers of Tantric sex yoga
- Tibet: the unstoppable methods of sDop sDop, the secret warrior-monks
- China: the tactics and techniques of manipulation and mayhem of the Lin-Kuei and Mushuh Nanren
- Vietnam: the mysterious methods of the "The Clack Crows," a stealthy, ninjalike branch of the Cao Dai
- Japan: the strategies of the criminal masters of Japan's underworld for tempting and terrorizing your victim into obeying your every command

A word of caution: these are very powerful--and dangerous--secrets. Mental Dominance is for academic study ONLY. Dr. Haha Lung is the author of more than a dozen books on martial arts, including Mind Penetration, Mind Fist, The Nine Halls of Death, Assassin!, Mind Manipulation, Knights of Darkness, Mind Control: The Ancient Art of Psychological Warfare, The Lost Fighting Arts of Vietnam and, with co-author Christopher B. Prowant, Ninja Shadowland.

## **L, the Illuminator I.**

For ten centuries, religious authorities maintained complete control by manipulating the masses. They secretly used repressive means to prevent the spread of ancient knowledge they considered dangerous. If left unguarded, this knowledge in its original form would encourage the people to think for themselves! Precautions were taken to insure the people remained dependent on the self-appointed guardians to read the ancient texts in their stead and provide private interpretations on their behalf. This we called the dark ages! Others called it mind control! Periodically, a monk from the order would rise up and alert the people of this unfair advantage. But before they could bring about change, these rebels were hunted down, imprisoned and executed. Fortunately, they planted the seeds of rebellion in the minds of the masses before they died! To defuse the uprising, the powers issued a Bible the people could read for themselves. Howbeit, they were not able to compare what they were given to the original texts they were forbidden! Did the dark ages really end or did the powers-that-be merely change their method of control? You decide! Note: During the Order process, the delivery

dates are exaggerated. Books are delivered 3-5 days with Standard Shipping!

Then you're ready to take psychological warfare seriously. You'll never have a mere conversation again after putting our tricks into practice. This book teaches you personal interaction on a psychological level. It runs from trivial tricks like getting people to like and respect you more, to tactical life skills like making a convincing argument or persuading somebody to do you a large favor. In case you're up for some heavier artillery, it also teaches you how to play manipulative tricks on people by exploiting arcane quirks in the human mind, to psychological combat maneuvers practiced by law enforcement and the military. Learn from psychology experts and military black-ops experiments alike, as we explore the maze of the human mind and discover some access panels that weren't meant to be discovered. If you don't want to use it offensively, you can also use it as a defense against the con artists and sociopaths who try to pull one over on you - perhaps you'll even see your relationship in a new way. It's time you asserted yourself! Get in touch with your inner Jedi and learn a few mind tricks of your own. If you even use it to argue your way out of one traffic ticket, this book has paid for itself right there.

## **The Distracted Mind**

Boundaries is a disturbing story about the blurred lines between love and betrayal, freedom and control, fantasy and treachery, good and evil, past and future. Diane Alders is a successful, workoholic sales executive in the medical field who has a void in her heart as a result of the tragic death of her husband seven years ago. Mickey Rollins is a genius and entrepreneur about to introduce a revolutionary new therapy that will 'repair' injured or impaired brains. Their sputtering romance hits full speed when Mickey invites Diane to accompany him on a lavish and bizarre vacation to the exotic South Seas intended to stretch their senses, fulfill wild dreams, and bring them closer together. Disaster strikes, and it is Diane who becomes Mickey's first human test subject. There's a catch...the healing process requires a surrogate, and Mickey chooses their mutual friend, lover and temptress—the beautiful Suki. The resurrection of Diane that transpires is not only

a transfer of physical and cerebral attributes, but a blending of relationships, feelings, and emotions, drawing many into the fray, ending as shockingly as it begins.

## **Mental Dominance**

One of the great fears many of us face is that despite all our effort and striving, we will discover at the end that we have wasted our life. In A Guide to the Good Life, William B. Irvine plumbs the wisdom of Stoic philosophy, one of the most popular and successful schools of thought in ancient Rome, and shows how its insight and

advice are still remarkably applicable to modern lives. In *A Guide to the Good Life*, Irvine offers a refreshing presentation of Stoicism, showing how this ancient philosophy can still direct us toward a better life. Using the psychological insights and the practical techniques of the Stoics, Irvine offers a roadmap for anyone seeking to avoid the feelings of chronic dissatisfaction that plague so many of us. Irvine looks at various Stoic techniques for attaining tranquility and shows how to put these techniques to work in our own life. As he does so, he describes his own experiences practicing Stoicism and offers valuable first-hand advice for anyone wishing to live better by following in the footsteps of these ancient philosophers. Readers learn how to minimize worry, how to let go of the past and focus our efforts on the things we can control, and how to deal with insults, grief, old age, and the distracting temptations of fame and fortune. We learn from Marcus Aurelius the importance of prizing only things of true value, and from Epictetus we learn how to be more content with what we have. Finally, *A Guide to the Good Life* shows readers how to become thoughtful observers of their own lives. If we watch ourselves as we go about our daily business and later reflect on what we saw, we can better identify the sources of distress and eventually avoid that pain in our life. By doing this, the Stoics thought, we can hope to attain a truly joyful life.

Sun Tzu's *The Art of War* is an acknowledged masterpiece--for the general reader. Yet the deeper truths of strategy and mind manipulation have been, until now, known only to true scholars dedicated to deciphering illegible scrolls and mastering the nuances of lost languages. Now, Dr. Haha Lung has at last gathered and fully translated these teachings from the shadows of history--the truly dangerous wisdom of the lesser-known masters--and presents them here for those daring, perhaps unwisely, to attain a higher level of dominance. You'll discover: *The 12 Cuts: Voritomo's Art of War* *The War Scroll of Spartacus* *Musashi's 6 Ways to be Victorious* *The 99 Truths: Hannibal's Black Art of War* And much more **BE ADVISED: For academic study ONLY; publisher assumes NO responsibility for content use/misuse.** Dr. Haha Lung is the author of more than a dozen books on martial arts, including *Ultimate Mind Control*, *Mind Penetration*, *Mind Fist*, *The Nine Halls of Death*, *Assassin!*, *Mind Manipulation*, *Knights of Darkness*, and *Mind Control: The Ancient Art of Psychological Warfare*.

## **Mind-Sword:**

Welcome to an enthralling adventure where that rather questionable barrier between fiction and reality ceases to be a solid wall. Cross the line and join the lead characters as they embark on a bold and entertaining journey through space and time--a time-travel experience which leads us to a better understanding of the multiple levels of our universe. Are you ready to step out of your comfort zone and break the chains of the ancient taboos and dogmas planted in your head? By the end of this story you'll get to a point where you're no longer just driftwood on the river of your emotions and thoughts but a conscious, serene observer of the world who is able to find a middle way between sense and sensibility. This Fantasy Adventure teaches us what the Divine Experiment is all about, how the Planet of Free Will evolves, what role the chosen ones from the Sirians, the Pleiadians, and the Wingmakers have in the process, and how the life of Zoe, the young, mestizo

eco enthusiast is affected. By the end of Book I, we also find out who controls our planet and how. Our narrator is none other than the mythological figure: Lucifer, with whom we're able to follow the events from a higher perspective."

## **Mind Penetration**

Modern methods of mind control—employed in propaganda, indoctrination, even advertising—can be traced back to Ninja strategies of psychological warfare developed and refined centuries ago in medieval Japan. The Ninja were accomplished in covert operations such as espionage, assassination, and sabotage, and were feared for their ability to break through an adversary's mental defenses to use his fears, insecurities, superstitions, and beliefs against him. Compiled by noted martial artist and scholar Dr. Haha Lung, MIND MANIPULATION is a clear, modern-day guide to devastatingly effective Ninja mental techniques, including:

- Revealing of an enemy's deepest secrets
- The art of implanting false memories
- How to detect when someone is lying
- Visualizations to affect physical health

You will also learn defenses against mind-manipulation techniques commonly used in media and politics. Psychological warfare is an unavoidable reality in today's world. The lessons in this book will prepare you to meet any challenge. For academic study only

The Hard Bound Book Mind Control Language Patterns are spoken phrases that can act as "triggers" to the people who hear them. In short, they influence and control how we respond and cause us to be influenced to do things without our knowing. These language patterns are not fantasies but are based on documented uses that come from, psychology, hypnosis, Neuro Linguistic Programming and studies of human behavior. Mind Control Language Patterns can be used to help and hurt. One can use Mind Control Language Patterns to create positive and lasting change in people, as well as feelings of trust, love and affections. They can also be used to induce amnesia, fear, insecurity and doubt. These types of patterns are what we call "dark" pattern.

## **Maestro**

The bestselling author of All the Shah's Men and The Brothers tells the astonishing story of the man who oversaw the CIA's secret drug and mind-control experiments of the 1950s and '60s. The visionary chemist Sidney Gottlieb was the CIA's master magician and gentlehearted torturer—the agency's "poisoner in chief." As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or

maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb's reckless experiments on "expendable" human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. *Poisoner in Chief* reveals him as a clandestine conjurer on an epic scale.

An “entertaining” look at the psychology and neuroscience behind the act of influencing others (Kirkus Reviews). People try to persuade us every day. From the news to the Internet to coworkers and family, everyone and everything wants to influence our thoughts in some way. And in turn, we hope to persuade others. Understanding the dynamics of persuasion can help us to achieve our own goals—and resist being manipulated by those who don’t necessarily have our best interests at heart. Psychologist Kevin Dutton has identified a powerful strain of immediate, instinctual persuasion, a method of influence that allows people to disarm skepticism, win arguments, and close deals. With a combination of astute methods and in-depth research in the fields of psychology and neuroscience, Dutton’s fascinating and provocative book: Introduces the natural super-persuaders in our midst: Buddhist monks, magicians, advertisers, con men, hostage negotiators, and even psychopaths. Reveals which hidden pathways in the brain lead us to believe something even when we know it’s not true. Explains how group dynamics can make us more tolerant or deepen our extremism. Illuminates the five elements of SPICE (simplicity, perceived self-interest, incongruity, confidence, and empathy) for instantly effective persuasion. “[Split-Second Persuasion] offers some powerful insights into the art and science of getting people to do what you want.” —New Scientist
