## **National Geographic Essential Visual History of World Mythology**

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals-especially those that are endangered. His powerful message, conveyed with humor, compassion, and art- to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000

already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

This glorious book of photography, featuring more than 200 magnificent National Geographic images of all 50 states, is a gift-worthy celebration of America's unique natural and cultural treasures. America the Beautiful showcases the stunning spaces closest to our nation's heart--from the woods in the Great Appalachian Valley that Davy Crockett once called home to the breathtaking sweep of California's Big Sur coast to the wilds of Alaska. It also celebrates the people who have made this country what it is, featuring a wide range of images including the Arikara Nation in the early 1900s and scientists preparing for travel to Mars on a Hawaiian island. Culled from more than 130 years of National Geographic's vaunted archives, this provocative collection depicts the splendor of this great nation as only National Geographic can, with a dramatic combination of modern and historical imagery--from the creation of architectural icons like the Golden Gate Bridge and Lady Liberty to the last of the country's wild places currently preserved in our national parks. Organized by chapters focused on region (west coast and the Pacific, east coast, the south, and the Midwest) that are themselves inspired by

verses of the original poem America the Beautiful, this book also features a moving introduction offering perspective on the country's unique journey. You'll also find behind-the-scenes commentary from the world-renowned photographers who captured this unforgettable imagery, and observations from the conservationists, activists, and historians who help keep America beautiful today. Profound and inspiring, this is a book for everyone who has ever marveled at the beauty of the United States.

Boxing's colourful history is filled with chapters of high drama and simmering controversy. Many boxing fans are familiar with the outcome of the most memorable bouts, but few know the secrets surrounding them. In 'The 12 Greatest Rounds of Boxing', Ferdie Pacheco not only selects the dozen best rounds ever fought, but reveals what went on behind the scenes at these fights, from chicanery and Mob influence to romantic liaisons and the zaniness that seems to go hand in glove with boxing. Did Muhammad Ali's 1965 'Phantom Punch' really knock out Sonny Liston, or was Sonny simply too scared to get off the canvas? With World War II looming, was German heavyweight champion warned by Adolf Hitler to beat Joe Louis - or else? Did Jack Dempsey have something illegal in his glove when he battered Jess Willard into bloody submission in 1919? The fascinating behind the scenes stories are related by Pacheco and a renowned group of boxing experts, offering an intimate glimpse of boxing inimitable characters and the often bizarre world they inhabit.
