## Swim, Fish!

Presents an introduction to polar bears, describing their habitat, physical characteristics, life cycle, eating habits, and behaviors, and looks at the life of a polar bear cub.

## **Giraffe Reflections**

A pair of eyes lurks just above the water's surface. Is it a crocodile or an alligator? Packed with beautiful and engaging photos, kids will learn all about these two reptiles—and find out what makes them different. This level 2 reader provides both accessible and wide-ranging text to encourage the scientists and explorers of tomorrow!

## **Giraffes**

Safari day dawns on the savanna. The African light gives the sky colors seen nowhere else on Earth. Soon, an amazing array of wild animals are yawning, screeching, and growling to life. Meet the elephants, lions, giraffes, zebras, hippos, and the laughing hyenas of the wilderness and find out who's friends with whom and why! National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

## **Sea Otters**

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals—especially those that are endangered. His powerful message, conveyed with humor, compassion, and art—to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world.

He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

### **National Geographic Readers: Saving Animal Babies**

Kids will learn all about the exciting lives of wild cats - including tigers, leopards, lynx, cheetahs, mountain lions, and more - in this new National Geographic Kids Reader. The level 1 text provides accessible, yet wide-ranging, information for beginning readers. From the Trade Paperback edition.

### **Monkeys**

Simple text and photographs describe the behavior of monkeys.

### **Polar Bears**

Introduces readers to butterflies and the process by which they go from being an egg, to a caterpillar, to a chrysalis, and finally to a butterfly.

## **Lions**

Bright photos and easy-to-read descriptions examine the various animals who live in the warm waters around a coral reef.

## **Safari**

Presents an introduction to penguins, discussing their physical characteristics, mating habits, migration behaviors, predators, and different species.

## **Safari**

Ponies is replete with brilliant photographs and catchy content that will both teach and entertain. Children will be captivated as they watch a brand new baby foal walk within minutes of being born then quickly turn into one of the most graceful animals on Earth. Like all of our level 1 readers written by skilled children's books authors, this title invites kids to learn more about their favorite topics in a familiar format that instills success. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information. From the Trade Paperback edition.

## **National Geographic Readers: Halloween**

You don't have to look far to see a spider's web—in the corner of the window, on a fence, or in a bush—spiders make their homes everywhere. And there are so many kinds of spiders! Some red, some

blue, yellow, and more...all fascinating. Amazing photography and easy-to-understand text make Spiders a hit in this National Geographic Kids series.

### **National Geographic Readers: At the Beach**

Stomp around the African savanna, run around the forests of India, take a mud bath, and more as you learn all about elephants! Adult and child readers can learn together in this new Level 1 co-reader from National Geographic Kids, full of engaging photos and fun facts.

### **The Photo Ark**

Describes the habitat, food habits, and social behaviors of meerkats, and explains how they protect themselves from predators.

### **National Geographic Readers: Elephants**
