"History is a set of lies that people have agreed upon." - Napoleon Bonaparte

The Earth Really is Flat

The earth is flat and stationary, but you won't hear that on the nightly news. Proving that the earth is a ball spinning through space should be simple, but there is no real-world evidence to support the claim. Instead, all experiments and observations demonstrate that the earth is completely flat and motionless. The greatest deception in modern history has gone on far too long, and it's time for people to know the truth. In this book be prepared to learn: How scientific evidence proves that the earth is "flatter than a pancake" How our ancestors knew that the earth was flat and motionless How fake 'science', brainwashing, and bold-faced lies have shaped our civilization and caused us to accept a false reality From fake moon landings, to fake 'space' images and footage, to fake scientific theories, those behind the scenes understand the importance of 'the big lie', and have used it to 'bamboozle' the unsuspecting and distracted masses for generations. The lies have been exposed and the future is ours to reclaim. Will we remain in the 'dark ages' or WAKE UP in time to change history?

## **A New World Order**

The author believes that those labelled as blacks in the world are the greatest victims of racial discrimination and will be highly victimised as the New World Government takes full force. According to the author, racism is not a problem as humans seem to have evolved with some seemingly physical differences resulting in different races, but the main problem is racial discrimination which has resulted in series of racially driven ugliness that people of colour,

most especially blacks, face in the world in these present times, including the treatment they shall receive from the New World Government. The African continent harbours this breed of humans called blacks, and many studies have been undertaken to prove whether African natives are inferior in intelligence therefore incapable of higher thoughts and higher arts. The author begs to disagree, hence race has nothing to do with human intelligence, and the reasons why there is insignificant human development in Africa according to the author are human slavery which happened in the past, which was a plot to use African natives as human machines; forced dominance which resulted in land seizures in some part of Africa and colonial invasion which was a plot to acquire land and natural resources and not to help Africa as the imperialists' conspiracy propagandists want all to believe. Colonialism came with religious tools enforced with guns and brute force, and without the invasion of the colonialists, Africans would have developed considering the pyramids of Egypt, the axioms of Ethiopia, the medical institutes in Timbuktu in the ancient times and more. According to the author, the reason why the African continent is paralysed in terms of economic development is mental slavery leading to economic slavery. Mental slavery is caused by racial discrimination, mind diversion using information and religious tools, pseudoscience or superstitions, faulty education, colonialism, and colonial destruction of African cultural evolution. The author believes that since Chinese and Indians could develop and attain economic freedom, so also can Africa develop, but Africans must first deal with mental slavery. Mental

slavery leads to economic slavery. Today, Africans cannot produce what they consume nor consume what they produce all because of mental slavery. An endangered species is a population of organisms which is facing a high risk of becoming extinct because it is either few in numbers or threatened by changing environmental or predation parameters. Technically speaking, African natives are facing predation parameters, and it seems that the New World Order since its creation and inception designated the African natives (that they call blacks) as guinea pigs that will be used in its operations and to advance its cause. The black man has faced cruel slavery, colonialism, forced dominance and subjugation, neo-colonialism, and he is now also facing mental slavery, a far more dangerous situation. It is a situation not recognisable with the naked eye yet exists and poses more danger than all of the former, creating a cloud of mental slaves who are moving in the wrong direction applying the wrong life operational parameters. Development is extremely slow in the African continent, and the advanced nations have ceased that opportunity to transform the continent into a huge market for their finished goods, in the process also fuelling mind slavery to impair development. They hypocritically condemn the African continent as incapable of self-sustenance, but it has never occurred to anyone that if Africa stands up today, those advanced nations will lose their market. In exchange directly or indirectly for the rich natural resources of the African continent, the advanced nations have fuelled wars and mental slavery in the continent while still condemning the continent. Unfortunately, the same mercenaries of the New

The Mortal Jigsaw puzzle follows the struggles of a heroic urban vice principal, as he attempts to control a large high school teetering on the verge of chaos. During the course of an infamous day known as Fat Lip Friday, the ghetto principal tries valiantly to keep control of his school in the midst of a full blown gang war. Immersed in an environment replete with urban music, violence, verbiage, and dress, the reader is bombarded with shocking images of life in the modern hood. As the visceral educational conflagration unfolds, the protagonist, Jose Perez, unexpectedly catches glimpses of a diabolical conspiracy of which street gangs are just a small part. Thanks to his keen senses, Mr. Perez slowly collects the pieces to a profoundly disturbing global puzzle comprised of codes, lyrics, art, and symbols of Egyptian, Masonic, and satanic origin. While attempting to place the gratuitous carnage and depravity of the inner city into perspective, Mr. Perez accidentally stumbles upon an interdisciplinary mind control plan which draws upon religion, politics, economics, psychology, marketing, history, and the occult. Alarmed by his findings, Mr. Perez warns his community of their pending doom, only to be hunted down by the very debt cattle whom he tries to save

Where the spiritual world intersects with the political world This book is about medicine; the antidote and prescription for staying the plague of ignorance overcoming the US and the world. It is about the restoration, if not for the soul of a nation, at least the restored mind of individuals. It is a gathering of missing pieces to a puzzle extracted from the annals of time. It is a crystal clear picture painted from the heavens, an eye salve for healing smoke-filled eyes and the restoration of faraway vision. As the sands of time dwindle, history has played out exposing hidden pieces to a great prophetic puzzle. The fog of religious doctrine long shrouding short-sighted minds has lifted. Men can see clearly now, as long standing prophetic theories are exposed by the purifying light of the real facts. New York City is the story world of the great intrigue and holds the clues to a remarkable story. Why? Because NYC is the Citadel of world commerce, the home state of the Trump-eter, but most importantly it is the residence of the Great Beast; the United Nations, the nerve center for the globalization of the planet earth. All the pieces fit together tightly, in high definition, in the DEEP STATE PROPHECY AND THE LAST TRUMP.

## Order

Global governance is here--but not where most people think. This book presents the far-reaching argument that not only should we have a new world order but that we already do. Anne-Marie Slaughter asks us to completely rethink how we view the political world. It's not a collection of nation states that communicate through presidents, prime ministers, foreign ministers, and the United Nations. Nor is it a clique of NGOs. It is governance through a complex global web of "government networks." Slaughter provides the most compelling and authoritative description to date of a world in which government officials--police investigators, financial regulators, even judges and legislators--exchange information and coordinate activity across national borders to tackle crime, terrorism, and the routine daily grind of international interactions. National and international judges and regulators can also work closely together to enforce international agreements more effectively than ever before. These networks, which can range from a group of constitutional judges exchanging opinions across borders to more established organizations such as the G8 or the International Association of Insurance Supervisors, make things happen--and they frequently make good things happen. But they are underappreciated and, worse, underused to address the challenges facing the world today. The modern political world, then, consists of states whose component parts are fast becoming as important as their central leadership. Slaughter not only describes these networks but also

sets forth a blueprint for how they can better the world. Despite questions of democratic accountability, this new world order is not one in which some "world government" enforces global dictates. The governments we already have at home are our best hope for tackling the problems we face abroad, in a networked world order.

This book offers several perspectives on the contemporary position of North Korea. It examines, in the context of the post-Cold War order, US, European Union and British foreign policy to North Korea, and North Korean responses. It investigates the tensions that could develop in North Korean state and society as the country faces an increasingly market-oriented capitalist world and identifies the historical, political and ideological foundations of North Korean society and culture. The book is the work of a multidisciplinary team of scholars from Britain and the United States who work in the fields of anthropology, economics, history, international relations, social geography and sociology, most of whom have conducted first-hand research in North Korea. The book also contains contributions from policy-makers who have helped to form western policy towards North Korea.

This book reveals the mystery that was hidden in God before he created heaven and earth. It is the mystery of Gods kingdom coming to earth as he has declared to his servants, the prophets. Because Father God loved the world, he sent his firstborn Son, Jesus Christ, to reveal this mystery of Gods kingdom exclusively to his apostles who he chose to preach the gospel (good news) of Gods kingdom throughout the earth. Jesus said this gospel would be preached during the end-times of Gods cleansing salvation work to cleanse and save the world from the corrupt workings of the devil that have polluted and corrupted the world with violence and wars and all manners of wickedness. The good news of Gods kingdom is Gods message of universal salvation for all mankind regardless of what men may believe or think. Gods kingdom is the ultimate new world that will appear on earth.

The central role of the Seventh-day Sabbath in the Redemption of our race is the least understood topic in the Bible today. Most believers have even dismissed its relevance to todays Christianity.

However, the truth is that the Sabbath is at the heart of Christs work to save human beings in accordance with Gods plan. The Sabbath is so central to the work of atonement that Christ is referred to in the Bible as the Lord of the Sabbath. The issue of the Sabbath will become pertinent as we near the End, and every human being will be required to take a stand in the confl ict involving the Sabbath question.
