Book and Winner of the William Boyd Award for Best Military Novel In November 1864, Gen. John Bell Hood's Army of Tennessee prepares to launch an assault on Union forces near Franklin, Tennessee. Dirty, exhausted, and hungry, the Confederate soldiers form a line of battle across an open field. Among them stands Pvt. Bushrod Carter, a twenty-six-year-old rifleman from Cumberland, Mississippi. Against all odds, Bushrod has survived three years of war unscathed—but his luck is about to run out. Wounded in the battle, Bushrod is taken to a makeshift hospital on a nearby plantation. There, he falls under the care of Anna Hereford, who bears her own scars from years of relentless bloodshed and tragedy. In the grisly aftermath of one of the Confederate army's most disastrous campaigns, Anna and Bushrod seek salvation and understanding in each other. Their fragile bond carries with it the hope of a life beyond the war, and the risk of a pain too devastating to endure. Written with profound empathy and meticulous attention to historical detail, *The Black Flower* brilliantly portrays the staggering human toll of America's bloodiest conflict. In his award-winning debut novel, "Howard Bahr casts a tale of war as powerful as any you'll ever find" (Southern Living).

No Guts, No Glory!

The author has sought in this book to analyse the strengths and weaknesses of European Union foreign policy making. His main conclusions are that the the Union policy making machinery needs to be considerably strengthened to face up to the increased challenges of today. The reliance on a consensus in foreign policy making will no longer suffice and that more majority voting will become essential. Moreover policy making will increasingly need to rely on principle which will be the best way to arrive at a common approach given the divided nature of the interests and historical backgrounds of the member states of the Union. Finally while soft power and engagement have constituted the main thrust of European policy, this will no longer suffice in a world in which we are seeing the emergence of powerful autocracies and military threats. This will increase the need for more hard power and the consolidation of European military forces which will strengthen our military alliances.

Somewhere along the way, our culture lost its definition of manhood, leaving generations of men and men-to-be confused about their roles, responsibilities, relationships, and the reason God made them men. It's into this "no man's land" that New York Times bestselling author Mark Batterson declares his mantra for manhood: play the man. In this inspiring call to something greater, he helps men understand what it means to be a man of God by unveiling seven virtues of manhood. Mark shares inspiring stories of manhood, including the true story of the hero and martyr Polycarp, who first heard the voice from heaven say, "Play the man." Mark couples those stories with practical ideas about how to disciple the next generation of men. This is more than a book; it's a movement of men who will settle for nothing less than fulfilling their highest calling to be the man and the father God has destined them to be. Play the man. Make the man.

You can lie down and give up, or you can rise and keep going Walker's been living life by this motto since the age of twenty when the girl he planned his future with shattered his heart and left a hole in his soul. Now time has run out for her and with nowhere to go and nothing left to lose she'll have to face down the pain of the past in hopes of saving her future. But Trace Walker isn't the carefree teenager she remembers, he's now a muscle-bound titan with nothing but hurt and anger shining in his blue eyes. Jim Bolen is a true American badass. He's led a life so on-the-edge dangerous that the details of it will make you insist—as everyone else has—that he shouldn't have made it through. *No Guts, No Glory* is the hard-knuckle first-hand account of a man whose fierce dedication to justice and fearless sense of adventure have taken him from the streets of Dayton, Ohio to the jungles of Cambodia; from leading enemy POW "snatches" in the military's top-secret Special Operations Group to being Hustler Magazine founder Larry Flynt's personal bodyguard; from squaring off nightly in a long string of "Road House"-style bar fights to becoming a South African bounty hunter, getting paid per head for each terrorist he captured or killed. And that's only scratching the surface. There is plenty more action as well, including an international gun-running scheme that ends badly, and business adventures that eventually make him a millionaire. Plus all the blood, guts, motorcycles, women and jail time that come with the territory. It's all there, and well-detailed in Bolen's straight-forward and unadulterated prose—which is further brought to life

with hundreds of corroborating photographs, military citations, awards and medals. If you think he's bluffing about any of this, think again.
