The Tribe That Lost Its Head

The story of Yogi Boy Cox was, in the beginning, stories told to my Grandchildren when they came to stay, especially when they stayed overnight. After telling the stories over and over again, I perceived the idea of writing them down and giving them as a gift to the Grandchildren. It began to take hold as others wanted to hear about the family canine. As the theory goes, you only ever have that "one" good dog, all that follow never seem to measure up; however some have come close. This is a true story and I would like to dedicate it to the good Dr. Daly at Ohio State University Hospital. Without his diligence in treating Yogi, this story would not have ended as it did.

YELLOW FEATHER LOVED THE WILDERNESS

"A funny, warm-hearted and engaging story." – BlueInk Review ????? A really fun book to read." – Jackie Timmons, Readers' Favorite
Life is pretty bad when you're jealous of an old mutt and an autistic brother, Benjamin thinks to himself. If only he knew how to talk to girls, he could achieve both his goals: get a reasonably hot looking girlfriend and thus, get respect from his wrestling teammates. But communication doesn't come easy in the McDowell family. Ben's mother has better conversations with Rosie the dog than she does with him. His older brother, Johnny can only communicate by singing Beatles' songs. His younger tattletale sister Elizabeth has her own problems dealing with the gossipy dance team. Ben's father, meanwhile, keeps his wishes for Ben short and to the point: make top grades and be a champion wrestler. Through his love of reading, Ben meets Emily and life takes a happy turn until circumstances beyond their control intervene. How Ben learns to deal with his family dramas, a school bully and most of all, with his own insecurities.

Yogi Boy Cox and Friends

From television producer Jack Gray comes a generational account of finding one's way at work, at home, and even across the street. There are a lot of unforgettable characters in these pages: a loveable if possibly alcoholic dog; a set of grandparents who crush on Alex Trebek and obsess about death; Golden Girls and blue bloods, anchormen and Supreme Court justices; divas and wags—but the best character of all is the author himself. To read Jack Gray's musings is to enter the company of a young man of titanic wit and talent. As he observes and echoes the fixations and neuroses of his generation and our times, he will make you squirm, guffaw, and ultimately marvel.

Old Yeller

American road racing began just after World War II and quickly blossomed into a movement. The Sports Car Club of America (SCCA) and the United States Auto Club (USAC), clubs that became fierce rivals in the 1950s and 1960s, were the principal race promoters. Race tracks popped up everywhere, at first on city streets, then at airports and U.S. Air Force bases, and finally at purpose-built circuits like Road America and Laguna Seca. Although most of the cars that competed in American road racing were built in Europe, an underground movement sprang up of "special builders" who constructed their racers in home garages and small-town machine shops. Some were so homely and slow that only the builders could love them. Others trounced every Ferrari in sight and are now on the wish lists of wealthy collectors the world over. Vintage American Road Racing Cars 1950-1970 is the first book devoted exclusively to American road racing cars of all types and sizes. Hundreds of race cars built in America have never before been mentioned in print, and this book chronicles those and other cars with vintage and modern photography, specifications, memorabilia, and the stories and characters behind each car. About the Author Harold Pace's writing and photography has appeared in such magazines as Automobile Quarterly, Class & Sportscar, Excellence, Sports Car International, Vintage Racecar Journal, and others. He lives in Weatherford, Texas. Mark Brinker is a vintage race car enthusiast who has raced at the Monterey Historics. He is a doctor with three published medical textbooks and 70+ published scientific papers. He hails from Houston, Texas.

How to Mess Up Your Child's Life

New York Times Bestseller A breakout teen author explores the true meaning of popularity and how to survive middle school in this hysterically funny, touchingly honest contemporary memoir. “I was inspired by [Maya's] journey and made a point of saving a copy of ‘Popular’ for my sister, who starts middle school this fall. Maybe if I had read it when I was her age, it could have saved me from a world of hurt, or at least put that world in perspective.” —Maude Apatow, New York Times Book Review Can curlers, girdles, Vaseline, and a strand of pearls help a shy girl become popular? Maya Van Wagenen is about to find out. Stuck near the bottom of the social ladder at “pretty much the lowest level of people at school who aren’t paid to be here,” Maya has never been popular. But before starting eighth grade, she decides to begin a unique social experiment: spend the school year following a 1950s popularity guide, written by former teen model Betty Cornell. The real-life results are hilarious, painful, and filled with unexpected surprises. Told with humor and grace, Maya’s journey offers readers of all ages a thoroughly contemporary example of kindness and self-confidence, along with a better understanding of what it means to be popular.

About the Novel: Old Yeller tells the story of a boy, his dog, and the events that lead to their unlikely friendship. Travis Coates has no need for a dog, regardless of what his father tells him. Instead, he wants a horse. Travis’ father promises to bring one home for him if he is able to step up and take care of the farm while his father is away. The 14-year-old takes this newfound responsibility to heart and sets out to prove that he deserves the title of “man of the house”. A short time after Travis’ father leaves the farm, a stray dog wanders onto their property. The Coates family name him “Old Yeller” in part because of his filthy yellow fur. Travis wants no part of this nuisance dog. He comes to change his mind when Old Yeller saves Travis’ younger brother from a bear. From then on, Travis and Old Yeller become inseparable, leading to

Old Yeller helping Travis keep up his duties on the farm. The story progresses in this manner until one task threatens the health of them both.

Environmental movements have produced some impressive results, including cleaner air and the preservation of selected species and places. But movements that challenged western prosperity and comfort seldom made much progress, and many radical environmentalists have been unabashed utopianists. In this short guide, Peterson del Mar untangles this paradox by showing how prosperity is essential to environmentalism. Industrialisation made conservation sensible, but also drove people to look for meaning in nature even as they consumed its products more relentlessly. Hence England led the way in both manufacturing and preserving its countryside, and the United States created a matchless set of national parks as it became the world's pre-eminent economic and military power. Environmentalism considers both the conservation and preservation movements and less organized forms of nature loving (from seaside vacations to ecotourism) to argue that these activities have commonly distracted us from the hard work of creating a sustainable and sensible relationship with the environment.

Long before we reach adulthood, the gospel ought to be shaping our lives. Paul taught the core truths of the gospel in his letter to the Galatians, and this collection of interactive readings for preteens applies those truths in understandable ways. Each reading begins with a key verse and then highlights one element of the gospel in everyday terms, followed by questions and activities that reinforce Paul's teaching. Meade guides young readers to a full picture of God's saving work, as well as a real understanding of other doctrinal concepts such as justification by faith alone, the priority of Scripture, the requirements for apostleship, and the relationship between the old and new covenants. For parents and teachers who want to awaken young hearts to a lifelong commitment to the gospel, God's Mighty Acts in Salvation is a great resource. This is a companion volume to God's Mighty Acts in Creation.

What do you do when there are goldfish in the horse's water tank, a baby magpie in the bedroom, a cow in the kitchen and a half-dozen small dogs rolling in the dirt to get rid of the smell of skunk? It's all in a day's work on Gayle Bunney's farm near Bonnyville, Alberta. Bunney's hilarious and heartwarming stories are filled with down-to-earth observations on country life and the animals she loves. There's Old Pete, the cow that uses the kitchen sink as a water trough; Tramp, the fearless little dog who takes on coyotes and muskrats and climbs on a roof in pursuit of a cat; and Studley, the diminutive but raging black stallion. From encounters with eccentric neighbours and a curious herd of buffalo to the perils of working in a country bar and Internet dating, cowgirl style, Bunney conveys the frustrations and joys of rural Alberta life with wit and compassion.

Three Dog Tales

A timeless American classic and one of the most beloved children’s books ever written, *Old Yeller* is a Newbery Honor Book that explores the poignant and unforgettable bond between a boy and the stray dog who becomes his loyal friend. When his father sets out on a cattle drive toward Kansas for the summer, fourteen-year-old Travis Coates is left to take care of his family and their farm. Living in Texas Hill Country during the 1860s, Travis comes to face new, unanticipated, and often perilous responsibilities in the frontier wilderness. A particular nuisance is a stray yellow dog that shows up one day and steals food from the family. But the big canine who Travis calls “Old Yeller” proves his worth by defending the family from danger. And Travis ultimately finds help and comfort in the courage and unwavering love of the dog who comes to be his very best friend. Fred Gipson’s novel is an eloquently simple story that is both exciting and deeply moving. It stands alongside works like *The Adventures of Huckleberry Finn*, *Where The Red Fern Grows*, and *Shiloh* as a beloved and enduring classic of literature. Originally published in 1956 to instant acclaim, *Old Yeller* later inspired a hit film from Walt Disney. Just as *Old Yeller* inevitably makes his way into the Coates family’s hearts, this book will find its own special place in readers’ hearts.

Souder

This powerful Newbery-winning classic tells the story of the great coon dog Souder and his family. An African American boy and his family rarely have enough to eat. Each night, the boy's father takes their dog, Souder, out to look for food. The

man grows more desperate by the day. When food suddenly appears on the table one morning, it seems like a blessing. But the sheriff and his deputies are not far behind. The ever-loyal Souder remains determined to help the family he loves as hard times bear down. This classic novel shows the courage, love, and faith that bind a family together despite the racism and inhumanity they face in the nineteenth-century deep South. Readers who enjoy timeless dog stories such as Old Yeller and Where the Red Fern Grows will find much to love in Souder, even as they read through tears at times.
