## Learner Corpus Research

This is the second edition, revised and over 70% bigger than the first one. Most people think that phrasal verbs, verbs with more than one word, are hard to learn. As students we are given lists and lists of them to memorise, and we usually find the whole thing boring, complicated, and really hard to remember. This book is different. There are no lists and there is nothing to memorise. Instead, there are over 600 little stories, one for each verb. The fact is that phrasal verbs are not a logical system, designed by some maniac a few centuries ago. No. There are simply something that grew up naturally. Most natives don't even know the expression phrasal verbs. We never learn them at school. We know the difference between chopping down a tree and then chopping it up. We also know that when a building burns down, it is the same as when it burns up. Neither do we ever confuse put up your cousin with put up with him. If you use this book for about ten minutes every day, I money-back guarantee that in about ten days you will know more about phrasal verbs than 99% of all non-native teachers who teach English for a living. I also promise you that you will have fun doing it. "Reviews for the first edition, which was Kindle only Phrasal verbs are usually a nightmare for us. Often we try out the "uncommon common sense" just to come to the wrong meaning, fools rush in where angels fear to tread. So I am very grateful to the author as he shows a natural way to learn those damned little things. - jartiblisimo (Spain) It's a brilliantly conceived book, not only the short stories really stick in your head and

help your memory in recalling all those verbs, but also enables the reader to get all the subtle shades of a verb which a non-native speaker fails to appreciate most of the times. - haunted85 (Italy) "

### **Visual Phrasal Verbs**

### **Oxford Phrasal Verbs Dictionary for learners of English**

The word is central to both naive and expert theories of language. Yet the definition of 'word' remains problematic. The 42 chapters of this Handbook offer a variety of perspectives on this most basic and elusive of linguistic units.

### **Longman Phrasal Verbs Dictionary**

## **Oxford Dictionary of Phrasal Verbs**

A needs-based supplementary series for adults and young adults.

## **English Vocabulary in Use Elementary Book and CD-ROM**

The dictionary gives students the information they need to understand over 6,000 common British and American phrasal verbs, and use them correctly. Clear, simple definitions, with examples to show how phrasal verbs are used. Usage notes dealing with common problems help learners avoid typical mistakes. Synonyms and opposites help learners build their vocabulary. Common subjects and objects are shown to help learners use the verbs appropriately. 25 pages of tips and photocopiable exercises for classroom or individual practice. 'Guide to the Particles' explains the most important meanings of the main adverbs and prepositions used in phrasal verbs to help learners see patterns.

## **Encyclopedic Graded Grammar**

Offers entries for over six thousand idioms, including seven hundred new to this edition, and provides background information, additional cross-references, and national variants.

## **The Oxford Dictionary of American Usage and Style**

Covers basic grammar, punctuation, spelling, and idiomatic phrases of American English.

## **Oxford Word Skills: Basic: Student's Pack (Book and CD-ROM)**

This volume showcases original, agenda-setting studies in the field of learner corpus research of both spoken and written production. The studies have important applications for classroom pedagogy. The volume brings readers up-to-date with new written and spoken learner corpora, often looking at previously under-examined variables in learner corpus investigations. It also demonstrates innovative applications of learner corpus findings, addressing issues such as the effect of task, the effect of learner variables and the nature of learner language. The volume is of significant interest to researchers working in corpus linguistics, learner corpus research, second language acquisition and English for Academic and Specific Purposes, as well to practitioners interested in the application of the findings in language teaching and assessment.

## **Oxford Learner's Pocket Verbs and Tenses**

## **The Ultimate Phrasal Verb Book**

Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

### **Oxford Business English Dictionary**

### **Diccionario Oxford de Phrasal Verbs (para Estudiantes de Inglés)**

### **Oxford Dictionary of English Idioms**

The book traces the evolution of the English verb-particle construction ('phrasal verb') from Indo-European and Germanic up to the present. A contrastive survey of the basic semantic and syntactic characteristics of verb-particle constructions in the present-day Germanic languages shows that the English construction is structurally unremarkable and its analysis as a periphrastic word-formation is proposed. From a cross-linguistic and comparative perspective the Old English

prefix verbs are identified as preverbs and the shift towards postposition of the particles is connected to the development of more general patterns of word order. The interplay of phonological, morphological, syntactic and semantic factors in the loss of the native prefixes in the history of English is investigated. In this context the question is discussed to what extent the older prefixes were replaced by particles and borrowed prefixes, how the characteristic etymological and semantic properties of the Modern English phrasal verbs can be explained and what role they play in the lexicon. The author argues that their common perception as particularly 'English', 'colloquial' and 'informal' has its origin in the eighteenth-century normative tradition.

### **Oxford Phrasal Verbs Dictionary for Learners of English**

Study examples of each verb as it's really used Check the meaning and the grammar of the verb Practise using each verb in the exercises Build vocabulary with related words, synonyms, and opposites Test progress with the review pages Check the Reference Key for answers, meanings, and extra grammar tips

## **Idioms and Phrasal Verbs**

This book has been written as a learning aid for EFL students (English as a Foreign Language). It is geared towards upper-intermediate and advanced students, and the first half goes over the most common verbs (e.g. come, bring, put, and make) while the second half runs through the most common prepositions (e.g. up, down, with, and on). The phrasal verbs are grouped together to make them sink in quicker. Multiple images are included in every chapter to draw out the various shades of meaning and to make the words easier to memorize. Each chapter has at least one vocabulary table, one micro-text, one short exercise, and several striking images. At the end of the book, the vocabulary is revised in a number of exercises for antonyms and synonyms. For learners who are hungry for extra resources, there is a playlist on YouTube with almost 100 video lessons ('Learn Phrasal Verbs') that focus on the same vocabulary. This coursebook, combined with the videos, is ideal for self-study, but it could also be used in the classroom.

## **The Oxford Handbook of the Word**

Understand phrasal verbs and use them-- confidently!

## **Vocabulary in Use**

A new, completely revised edition of The Oxford Dictionary of Current Idiomatic English, Volume 1. The most authoritative survey of phrasal verbs in English, brought completely up to date with many examples of the use of English in the 90s. The improved design makes verbs easier to find, and there is a new, simpler grammatical coding.
