100 Years of Magic Posters

A groundbreaking study of visionary artist Hilma af Klint. When Swedish artist Hilma af Klint died in 1944 at the age of 81, she left behind more than a

thousand paintings and works on paper that she kept largely private during her lifetime. Believing the world was not yet ready for her art, she stipulated that it should remain unseen for another 20 years. But only in recent decades has the public had a chance to reckon with af Klint's radically abstract painting practice - one which predates the work of Vasily Kandinsky and other artists widely considered trailblazers of modernist abstraction. Accompanying the first major survey exhibition of the artist's work in the United States, Hilma af Klint represents her groundbreaking painting series while expanding recent scholarship to present the fullest picture yet of the artist's life and work. Essays explore the social, intellectual, and artistic milieu of af Klint's 1906 break with figuration and her subsequent development, placing her in the context of Swedish modernism and folk art traditions, contemporary scientific discoveries, and spiritualist and occult movements. A roundtable discussion among contemporary artists, scholars, and curators considers af Klint's sources and relevance to art in the 21st century. The volume also delves into her unrealized plans for a spiral-shaped temple in which to display her art - a wish that finds a fortuitous answer in the Guggenheim Museum's rotunda, the site of the forthcoming exhibition.

Peter Lindbergh. A different vision on fashion photography. Catalogo della mostra (Rotterdam, 10 settembre

2016-12 febbraio 2017). Ediz. inglese, francese e tedesca

When you've spent fifty-four years at Disney, the first ten at Walt's side, you accumulate a lot of stories. As Marty tried to answer the most asked question "when are you writing your next book?" he mined his memory for stories he hasn't told before. In this fresh volume, Marty regales readers with tales from his career.

The Book of Job

In English for the first time, a panoramic satire about the star-making machine, set in celebrity-obsessed Weimar Berlin. In Berlin, 1930, the name Käsebier is on everyone's lips. A literal combination of the German words for "cheese" and "beer," it's an unglamorous name for an unglamorous man—a small-time crooner who performs nightly on a shabby stage for laborers, secretaries, and shopkeepers. Until the press shows up. In the blink of an eye, this everyman is made a star: a star who can sing songs for a troubled time. Margot Weissmann, the arts patron, hosts champagne breakfasts for Käsebier; Muschler the banker builds a theater in his honor; Willi Frächter, a parvenu writer, makes a mint off Käsebier-themed business ventures and books. All the while, the journalists who catapulted Käsebier to fame watch the monstrous media machine churn in amazement—and are aghast at the demons they have unleashed. In Käsebier Takes Berlin, the journalist Gabriele Tergit wrote a searing satire of the

excesses and follies of the Weimar Republic. Chronicling a country on the brink of fascism and a press on the edge of collapse, Tergit's novel caused a sensation when it was published in 1931. As witty as Kurt Tucholsky and as trenchant as Karl Kraus, Tergit portrays a world too entranced by fireworks to notice its smoldering edges.

"Une mine d'or à parcourir encore et toujours, un de ces livres qui fournira aux bâtisseurs actuels et futurs de notre monde tout le savoir dont ils ont besoin pour aborder les questions actuelles et celles auxquelles ils seront confrontés". ArchDaily Architecture is a compelling mixture of stability and flux. In its solid forms, time and space collide, amalgamating distant influences, elements that have been around for over 5, 000 years and others that were (re-)invented yesterday. Elements of Architecture focuses on the fragments of the rich and complex architectural collage. Window, facade, balcony, corridor, fireplace, stair, escalator, elevator : The book seeks to excavate the micro-narratives of building detail. The result is no single history, but rather the web of origins, contaminations, similarities, and differences in architectural evolution, including the influence of technological advances, climactic adaptation, political calculation, economic contexts, regulatory requirements, and new digital regimes. Derived from Koolhaas' exhaustive and much-lauded exhibition at the 2014 Venice Architecture Biennale, this is an essential toolkit to understanding the pieces, parts, and fundamentals that comprise structure around the globe. Designed by Irma Boom, the book contains

essays from Rem Koolhaas, Stephan Trueby, Manfredo di Robilant, and Jeffrey Inaba; interviews with Werner Sobek and Tony Fadell (of Nest); and an exclusive photo essay by Wolfgang Tillmans.

New York. Portrait of a City

Revolt against the straight line. The highly irregular architecture of a freethinking artist "A house must be a living, organic entity that develops and constantly changes," stated Friedensreich Hundertwasser in one of his arguments for his nature- and human-oriented architecture. Success vindicated his vision: roof

afforestation, organic forms, colorful façades, uneven floors, irregularly positioned windows, gilded onion domes—Hundertwasser’s architecture is unmistakable. From the beginning of his artistic career in the ’50s, Hundertwasser was preoccupied with architecture in his painting. Then began his engagement with manifestos, essays and demonstrations; later followed architectural models in which he illustrated, for example, his ideas on roof afforestation and an individual’s right to his very own window. As an “architectural doctor” he created unregimented irregularities and realized exemplary architectural projects. This comprehensive directory of Hundertwasser’s architectural works presents all his buildings and projects, whether realized or not, tracing them from the first sketches, through to models, and completion. Dr. Andrea Christa Fürst, a longtime employee of the Hundertwasser Archive, made a major contribution to this publication.

Wes Anderson is one of the most influential voices from the past two decades of American cinema. A true auteur, Anderson is known for the visual artistry, inimitable tone, and idiosyncratic characterizations that make each of his films- 'Bottle Rocket', 'Rushmore', 'The Royal Tenenbaums', 'The Life

Aquatic with Steve Zissou', 'The Darjeeling Limited', 'Fantastic Mr. Fox', and 'Moonrise Kingdom'- instantly recognizable as "Andersonian." 'The Wes Anderson Collection' is the first in-depth overview of Anderson's filmography, guiding readers through his life and career. Previously unpublished photos, artwork, and ephemera complement a book-length conversation between Anderson and award-winning critic Matt Zoller Seitz. The interview and images are woven together in a meticulously designed book that captures the spirit of his films: melancholy and playful, wise and childish - and thoroughly original.

"The Plight of the Torpedo People" is a collection of bodysurfing photographs, frame grabs and personal essays documenting the making of Keith Malloy's first film, "Come Hell or High Water"--the first feature-length film to be made about the sport of bodysurfing--between May 2009 and August 2011. A winner of Best Film and Best Cinematography awards on the festival circuit, "Come Hell or High Water" explores the history and development of bodysurfing alongside the purity of experience that is riding a wave, taking a unique look at the culture and beauty of the sport, while capturing the stories and locations of those who belong to its community. The film's unanticipated popularity may well reflect the less-is-more, environmentally aware consciousness of our times; as the simplest of all ocean sports, bodysurfing requires little more than swim fins and some waves. "The Plight of the Torpedo People" is a collaborative

work by the best bodysurfers of today, captured doing what they do best by some of the world's best surf cinematographers and photographers. With 69 photographs in color, the book includes an introduction by Keith Malloy.

Dali

With his Big Nudes, in the 1980s Helmut Newton created a quite unprecedented long-term bestseller. Simultaneously, it provided a concentrated image of his aesthetic agenda. Powerful women were presented in all their naked truth without fig leaves or fashion frills. This series of black-and-white photos, produced between 1979 and 1981, also marked a stylistic change in Newton's work. Elaborate layouts full of luxury and decadence gave way to an unambiguously formulated and monumental statement "Here they come!" Dressed only in their indispensable high heels, Newton's amazons selfconfidently paraded on show. They rippled their muscles and marched individually as well as in formation toward the observer. Helmut Newton's classic work was published by us in 1990 for the first time.

The collection 'Sex & Landscapes' brings together a rich selection from Helmut Newton's little-known landscape and travel photographs, as well as unseen 'tougher' sex pictures, described by Philippe Garner of de Pury & Luxembourg as Helmut's world of dark, brooding seas, baroque statuary, crashing waves, a long desert highway under threatening skies, a Berlin park at dusk, enigmatic apartment buildings at night, the Rhine seen from the air, the shadows of airplanes, all this interwoven with hard and voyeuristic sexual imagery, plus a touch of his high style and glamour. The book's publication coincides with the exhibition of 'Sex and Landscapes', which will open on June 3 at the inauguration of the Helmut Newton Foundation in Berlin.

Mungo Thomson: Mail

An artist's book compendium of the Hammer's Museum's entire incoming mail, designed in the style of a mail-order catalog For Mail, Los Angeles-based artist Mungo Thomson (born 1969) asked the Hammer

Museum in Los Angeles to let its incoming mail accumulate unopened during the run of the exhibition. Over the course of the show a pile of correspondence and packages grew, forming a temporary archive. This book functions both as an artwork and as an elaborate and exhaustive documentation of the work as realized by the artist. Every letter, package, notice, magazine, flyer, restaurant menu, exhibition postcard, vendor catalog and piece of junk mail is represented. Featuring an essay by Hammer Museum curator Aram Moshayedi, Mail performs a kind of autopsy of the sculpture, displaying every facet and revealing the infrastructure of both the artwork and the museum. The design of the book loosely mimics a popular mail-order catalog, and Thomson's photography of the items in the mail pile at the Hammer was undertaken with this catalog design in mind.

The Book of Job has held a central role in defining the project of modernity from the age of Enlightenment until today. The Book of Job: Aesthetics, Ethics and Hermeneutics offers new perspectives on the ways in which Job's response to disaster has become an aesthetic and ethical touchstone for modern reflections on catastrophic events. This volume begins with an exploration of questions such as the tragic and ironic bent of the Book of Job, Job as mourner,

and the Joban body in pain, and ends with a consideration of Joban works by notable writers – from Melville and Kafka, through Joseph Roth, Zach, Levin, and Philip Roth.

Us and Them

The beautifully written, deeply affecting story of Jean-Michel Basquiat's partner, her past, and their life together New York City in the 1980s was a mesmerizing, wild place. A hotbed for hip hop, underground culture, and unmatched creative energy, it spawned some of the most significant art of the 20th century. It was where Jean-Michel Basquiat became an avant-garde street artist and painter, swiftly achieving worldwide fame. During the years before his death at the age of 27, he shared his life with his lover and muse, Suzanne Mallouk. A runaway from an unhappy home in Canada, Suzanne first met Jean-Michel in a bar on the Lower East Side in 1980. Thus began a tumultuous and passionate relationship that deeply influenced one of the most exceptional artists of our time. In emotionally resonant prose, award-winning author Jennifer Clement tells the story of the passion that swept Suzanne and Jean-Michel into a short-lived, unforgettable affair. A poetic interpretation like no other, *Widow Basquiat* is an expression of the unrelenting power of addiction, obsession and love. From the Trade Paperback edition.

Elements of Architecture

A master of eroticism's dark potential, Helmut Newton redefined fashion photography in the 1950s and 60s--and perhaps even modern sexuality. Newton's influence has grown to be monumental in scope and impact. Photographing for magazines like Playboy and Vogue, Newton was provocative, to say the least, in his portrayals of stylized erotic scenes, often featuring sado-maschostic undertones. This new monograph of Newton's work showcases the landmark photographs that were a product of a close collaboration between Newton and stern magazine. Spanning 27 years and featuring photographs that have never before been reproduced in book format, this book reflects Newton's diverse talent and exuberant spirit.

Rembrandt's drawings display his emotional state with a candor unseen in other works. They function as a repository for his unfiltered feelings and

perspectives of the world that surrounded him. Be it through haunting sketches of his first wife in the grips of a fatal case of tuberculosis, simple scenes of street life, or studies of elephants and tigers, Rembrandt communicates his feverish thirst for images, and his ability to represent these through the lens of his immediate emotional state. Commemorating the 350th anniversary of the artist's death and published in tandem with an exhibition at the Rijksmuseum of unprecedented scale, this stunning XXL monograph is the complete collection of Rembrandt's works on paper. Through the 700 drawings, brilliantly printed in color for the first time, and 313 etchings in pristine reproduction, we explore Rembrandt's keen eye, deft hand, and boundless depth of feeling like never before; and above all, we witness that he was far more than just a painter.
