Light Is The New Black is a guidebook for a new breed of women who are here to be bright lights in the world. These women are modern-day lightworkers, who agreed at soul level to be here at this time in history, to bring us into the Age of Light (lead by spirit and the divine feminine). At the Peace Conference in Canada in 2009, when the Dalai Lama said 'The world will be saved by the western woman', it was a call to action for women throughout the West. Light Is The New Black is a response to that call. It guides these women to come back home to who they really are, at soul level, and embrace their uniqueness so they can light up the world in a way that only they can. Gone are the days of following someone else's well-trodden path. In order to succeed in this new age, everything must be an authentic expression of who we truly are. A down-to-earth, relatable mix of one girl's journey, channeled messages from The Universe, practical tools, and metaphysical marketing for this new social age, this book will reconnect you to the core of your being, so that you can use it to change the world--

A tour de force of history and imagination, *The Lady and the Unicorn* is Tracy Chevalier's answer to the mystery behind one of the art world's great masterpieces—a set of bewitching medieval tapestries that hangs today in the Cluny Museum in Paris. They appear to portray the seduction of a unicorn, but the story behind their making is unknown—until now. Paris, 1490. A shrewd French nobleman commissions six lavish tapestries celebrating his rising status at Court. He hires the charismatic, arrogant, sublimely talented Nicolas des Innocents to design them. Nicolas creates havoc among the women in the house—mother and daughter, servant, and lady-in-waiting—before taking his designs north to the Brussels workshop where the tapestries are to be woven. There, master weaver Georges de la Chapelle risks everything he has to finish the tapestries—his finest, most intricate work—on time for his exacting French client. The results change all their lives—lives that have been captured in the tapestries, for those who know where to look. In *The Lady and the Unicorn*, Tracy Chevalier weaves fact and fiction into a beautiful, timeless, and intriguing literary tapestry—an extraordinary story exquisitely told.

Should neighborhoods change? Is wearing a suit a good way to quit smoking? Why do people think that if you do one thing, you're against something else? Is monogamy a trick? Why isn't making the city more fun for you and your friends a super-noble political goal? Why does a computer last only three years? How often should you see your parents? How should we behave at parties? Is marriage getting easier? What can spam tell us about the world? Misha Glouberman's friend and collaborator, Sheila Heti, wanted her next book to be a compilation of everything Misha knew. Together, they made a list of subjects. As Misha talked, Sheila typed. He talked about games, relationships, cities, negotiation, improvisation, Casablanca, conferences, and making friends. His subjects ranged from the sublime to the ridiculous. But sometimes what had seemed trivial began to seem important—and what had seemed important began to seem less so. *The Chairs Are Where the People Go* is refreshing, appealing, and kind of profound. It's a self-help book for people who don't feel they need help, and a how-to book that urges you to do things you don't really need to do.

The Middle Stories

A classic encyclopedia of symbols by Catalan polymath Joan Cirlot that illuminates the symbolic underpinnings of myth, modern psychology, literature, and art. Juan Eduardo Cirlot's A Dictionary of Symbols is a feat of scholarship, an act of the imagination, and a tool for contemplation, as well as a work of literature, a reference book that is as indispensable as it is brilliant and learned. Cirlot was a composer, a poet, an art critic, and a champion of modern art whose interest in surrealism helped to bring him to the study of symbolism. Carl Jung, Mircea Eliade,

René Guénon, Erich Fromm, and Gaston Bachelard also helped to shape his thinking in a book that explores the space between the world at large and the world within, where, as Cirlot sees it, nothing is meaningless, everything is significant, and everything is in some way related to something else. Running from “abandonment” to “zone” by way of “flute” and “whip,” spanning the cultures of the world, and including a wealth of visual images to further bring the reality of the symbol home, *A Dictionary of Symbols*, here published for the first time in English in its original, significantly enlarged form, is a luminous and illuminating investigation of the works of eternity in time.
