Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

More than 25 years ago society was introduced to William Ellis Foy. Foy was an African-American minister of the nineteenth century whom historical records had generally overlooked. The popular book *The Unknown Prophet* demonstrated that Foy received powerful revelations from God about coming tribulation, judgment, and heaven awaiting those who were faithful to God. Foy's message was straightforward—be faithful, because Jesus is coming again! The groundbreaking

research in *The Unknown Prophet* did much to clear up misconceptions and set the record straight about William Foy. It told the largely unknown story of this sensitive young man of color. Furthermore, he faced incredible trials and struggles yet faithfully fulfilled his time-specific prophetic commission during the height of the Millerite movement and went on to maintain a quiet and productive ministry until his death in the late 1800s. William Foy's story, his ministry and message, still speaks today. This second edition is the response to a desire for an updated version, providing hope and encouragement for the twenty-first-century reader. It contains new and valuable documents and images, including the only known photo of William Foy's son. Your faith will be enriched as you read these pages.

1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

Do you find yourself again and again wondering what it would take to get some new volunteers onboard for your ministry? And yet does it seem that you are never able to focus your energy on recruitment? Maybe you find yourself saying things like: "It s just easier for me to do it myself." At one level, of course, this is true. Almost always, it is easier to "do it ourselves." We avoid the hassle of having to coordinate and communicate. We avoid having to follow up with people who drop the ball. Youth leaders Mark DeVries and Nate Stratman have heard dozens of reasons why leaders choose not to build a solid volunteer team. But faithful ministry is not a do-it-yourself project. It s more than just recruiting—it involves changing the culture of your ministry so that volunteers want to become involved. That's why they have developed this 30-day change approach. In these pages you will find the step-by-step support you need to actually make one of the most important changes you want to see in your ministry. DeVries and Stratman are so committed to the ideas that they offer the following guarantee: If you work this 30-day process for one to two hours a day, six days a week, for 30 days, and it does not create significant change in your ministry, Ministry Architects will gladly refund the cost of this book and offer a credit of \$20 toward any downloadable resource in their online store at [ministryarchitects.com](http://ministryarchitects.com). You have so little to risk and everything to gain. It's time to put together that team you've been longing for!

### **A Brief History of Seventh-Day Adventists**

### **Steps to Christ**

The missionary work of the Seventh-day Adventist Church started in Southern Malawi in 1902, and histories of churches are usually told from that starting point. This book uses a different approach, it tells the story of Lunjika Mission (earlier called Mombera Mission) which begins in 1932, showing how the SDA Church met a

new culture, that of the strongly patrilineal Ngoni and their neighbours to the North, and how it dealt with other churches that had started missionary work in that broad area up to two generations before.

### **Gospel Workers**

Before the entrance of sin, Adam enjoyed open communion with his Maker; but since man separated himself from God by transgression, the human race has been cut off from this high privilege. By the plan of redemption, however, a way has been opened whereby the inhabitants of the earth may still have connection with heaven. God has communicated with men by His Spirit, and divine light has been imparted to the world by revelations to His chosen servants. "Holy men of God spake as they were moved by the Holy Ghost." 2 Peter 1:21. During the first twenty-five hundred years of human history, there was no written revelation. Those who had been taught of God, communicated their knowledge to others, and it was handed down from father to son, through successive generations. The preparation of the written word began in the time of Moses. Inspired revelations were then embodied in an inspired book. This work continued during the long period of sixteen hundred years,—from Moses, the historian of creation and the law, to John, the recorder of the most sublime truths of the gospel. The Bible points to God as its author; yet it was written by human hands; and in the varied style of its different books it presents the characteristics of the several writers. The truths

revealed are all “given by inspiration of God” (2 Tim. 3:16); yet they are expressed in the words of men. The Infinite One by His Holy Spirit has shed light into the minds and hearts of His servants. He has given dreams and visions, symbols and figures; and those to whom the truth was thus revealed, have themselves embodied the thought in human language. The ten commandments were spoken by God Himself, and were written by His own hand. They are of divine, and not of human composition. But the Bible, with its God-given truths expressed in the language of men, presents a union of the divine and the human. Such a union existed in the nature of Christ, who was the Son of God and the Son of man. Thus it is true of the Bible, as it was of Christ, that “the Word was made flesh, and dwelt among us.” John 1:14. Written in different ages, by men who differed widely in rank and occupation, and in mental and spiritual endowments, the books of the Bible present a wide contrast in style, as well as a diversity in the nature of the subjects unfolded. Different forms of expression are employed by different writers; often the same truth is more strikingly presented by one than by another. And as several writers present a subject under varied aspects and relations, there may appear, to the superficial, careless, or prejudiced reader, to be discrepancy or contradiction, where the thoughtful, reverent student, with clearer insight, discerns the underlying harmony. As presented through different individuals, the truth is brought out in its varied aspects. One writer is more strongly impressed with one phase of the subject; he grasps those points that harmonize with his experience or with his power of perception and appreciation; another seizes upon a different

phase; and each, under the guidance of the Holy Spirit, presents what is most forcibly impressed upon his own mind—a different aspect of the truth in each, but a perfect harmony through all. And the truths thus revealed unite to form a perfect whole, adapted to meet the wants of men in all the circumstances and experiences of life. God has been pleased to communicate His truth to the world by human agencies, and He Himself, by His Holy Spirit, qualified men and enabled them to do this work. He guided the mind in the selection of what to speak and what to write. The treasure was intrusted to earthen vessels, yet it is, none the less, from Heaven. The testimony is conveyed through the imperfect expression of human language, yet it is the testimony of God; and the obedient, believing child of God beholds in it the glory of a divine power, full of grace and truth.

the denomination's participation in civil rights politics. It considers the extent to which the denomination's theology influenced how its members responded. This book explores why a brave few Adventists became social and political activists, and why a majority of the faithful eschewed the movement. Samuel G. London, Jr., provides a clear, yet critical understanding of the history and theology of the Seventh-day Adventist Church while highlighting the contributions of its members to political reform. Community awareness, the example of early Adventist pioneers, liberationist interpretations of the Bible, as well as various intellectual and theological justifications motivated the civil rights activities of some Adventists. For those who participated in the civil rights movement, these factors superseded the conservative ideology and theology that came to dominate the church after the passing of its founders. Covering the end of the 1800s through the 1970s, the book discusses how Christian fundamentalism, the curse of Ham, the philosophy of Booker T. Washington, pragmatism, the aversion to ecumenism and the Social Gospel, belief in the separation of church and state, and American individualism converged to impact Adventist sociopolitical thought.

In 1852, after starting the Review and Herald magazine in 1849, James White began publishing The Youth's Instructor for the benefit of Christian youth. The editor wrote in the first issue, "We design that the Instructor shall be filled with sensible matter, not only for the benefit of small children, but for the instruction of the youth from 16 to 20 years of age." What started out as a monthly, in 1879 became a weekly magazine and was published continuously until April, 1970. Ellen White contributed an article to the very first issue of The Youth's Instructor and during her lifetime contributed nearly 500. The vast majority of them were especially written for the younger audience of the Instructor. They were designed by Inspiration to make a significant contribution in the preparation of God's youth for Christ's soon return. It is the desire of the present publisher that that purpose will indeed be achieved in those who read these messages in this late hour.
