Guide to the Eastern Mediterranean

The Apostolic Fathers is a collection of early Christian writings from the late first and early second centuries, traditionally considered to have been written by those connected with the Apostles, and therefore reflecting authentic Apostolic teaching. These writings include 1 Clement, 2 Clement, Ignatius, Polycarp, Didache, Barnabas, Papias, Hermas, Martyrdom of Polycarp, Diognetus, and Quadratus. Considering their historical context, the Apostolic Fathers bear directly on the study of the New Testament, the development of the early Church, and the history of Christian theology. The Apostolic Fathers: An Essential Guide will explain the nature of the collected writings as they stand between the world of the New Testament and later Christian writers, focusing upon what the texts say about ancient Christian thinkers, early church developments, and the evolution of theological ideas prior to the great ecumenical councils. Chapter Outline: *Chapter 1: The Collected Writings*Chapter 2: People and Places*Chapter 3: Connections to Scripture*Chapter 4: Theological Ideas*Chapter 5: Structures of the Ancient Church *Chapter 6: Roots of the Patristic Tradition Here is a long awaited volume that treats in a concise and readable format a body of literature too often neglected, but absolutely essential to our understanding of

Christian origins. Clayton Jefford brings unrivaled expertise to this task and serves as a sensitive and insightful guide to these texts, offering an introduction that will serve the needs of the beginning student and the seasoned expert alike. It is sure to be at the top of the reading list for anyone interested in this important topic. Stephen J. Patterson Eden Theological Seminary St. Louis “The author’s goal—a simple and sensible first introduction to the ideas and beliefs of the Apostolic Fathers—is fully realized as he organizes his survey of these intriguing ancient Christian writers according to topics—including scripture, theology, and church structure—of continuing contemporary interest. A reliable guide for students and study groups.” Michael Holmes Bethel University St. Paul, Minnesota Clayton N. Jefford is Professor of Scripture at Saint Meinrad School of Theology and is the Secretary-Treasurer of the North American Patristics Society. He has written and edited six volumes and is best known for his research in the fields of the Didache and the Apostolic Fathers.

The Canadian Parliamentary Guide

This convenient teacher’s guide is all a parent or teacher needs to easily grade the 12th grade student assignments for World History: Observations & Assessments from Creation to Today. Assignments with answers, learning objectives, grading criteria, and short essay questions are included. This course is designed for a student to practice independent learning. The guide will assist teachers by offering: 34 chapters for 34 weeks of study Chapters include 5 lessons taking approximately 30 minutes each The final lesson of the week is an exam covering the week’s instruction Student questions are organized in the back for easy use in testing and review Teachers, parents, or students can grade assignments daily or weekly As the teacher, you will enjoy partnering with your student as he or she processes world history while developing or strengthening a Christian world view.

The National Housing Manual

The Complete Idiot's Guide® to the Popes and the Papacy offers a comprehensive look at the history, trials, and triumphs of the Bishops of Rome. This book offers an easy-to-understand historical survey of the papacy, which is among the oldest institutions on earth, and may well be the oldest continuous position of leadership in existence. It's all here: remarkable stories of popes who held immense power within the Church and popes who served as figureheads; popes who ruled as supreme authorities in their own right and popes who offered an inspired model of resistance to secular tyrannies; popes who lost sight of the dictates of their own faith and popes who set sublime moral and devotional examples to the world. The book offers history, trivia, and trends new and old -- as well as a look at the future of the office. This is an entertaining and enlightening look at one of the world's most remarkable jobs, one that has guided Catholicism for two millennia and wields an influence today.

Consult *The Complete Idiot's Guide® to the Roman Empire*—a fun-to-read introduction to the fascinating history, people, and culture of ancient Rome. In this *Complete Idiot's Guide®*, you get: --The history of the Roman Empire's rise and fall. --An idiot-proof introduction to the great epic literature of the Roman Republic. --A survey of the Romans in arts and popular culture. --Fascinating details of some of history's most nefarious emperors, including Nero, Caligula, and Commodus.

The Publishers' Circular and General Record of British and Foreign Literature

The History of the Decline and Fall of the Roman Empire by Edward Gibbon

The history and literature of the Roman Empire is full of reports of dream prophecies, dream ghosts and dream gods. This volume offers a fresh approach to the study of ancient dreams by asking not what the ancients dreamed or how they experienced dreaming, but why the Romans considered dreams to be important and worthy of recording. Dream reports from historical and imaginative literature from the high point of the Roman Empire (the first two centuries AD) are analysed as objects of cultural memory, records of events of cultural significance that contribute to the formation of a group's cultural identity. The book also introduces the term 'cultural imagination', as a tool for thinking about ancient myth and religion, and avoiding the question of 'belief', which arises mainly from creed-based religions. The book's conclusion compares dream reports in the Classical world with modern attitudes towards dreams and dreaming, identifying distinctive features of both the world of the Romans and our own culture.

Gladiators

Exploration of the life and philosophical reflections of this complex Stoic philosopher and Roman emperor.

The Roman Empire and the New Testament

In Gardens of the Roman Empire, the pioneering archaeologist Wilhelmina F. Jashemski sets out to examine the role of ancient Roman gardens in daily life throughout the empire. This study, therefore, includes for the first time, archaeological, literary, and artistic evidence about ancient Roman gardens across the entire Roman Empire from Britain to Arabia. Through well-illustrated essays by leading scholars in the field, various types of gardens are examined, from how Romans actually created their gardens to the experience of gardens as revealed in literature and art. Demonstrating the central role and value of gardens in Roman civilization, Jashemski and a distinguished, international team of contributors have created a landmark reference work that will serve as the foundation for future scholarship on this topic.

World History, the Human Experience

Roman Britain

Edward Gibbon's Decline and Fall of the Roman Empire compresses thirteen turbulent centuries into an epic narrative shot through with insight, irony and incisive character analysis. Sceptical about Christianity, sympathetic to the barbarian invaders and the Byzantine Empire, constantly aware of how political leaders often achieve the exact opposite of what they intend, Gibbon was both alert to the broad pattern of events and significant revealing details.

Gardens of the Roman Empire

Studies the revolutionary movement represented by some Hellenistic poets and those authors surviving from the imperial period.

The Complete Idiot's Guide to the Roman Empire

The Roman army of the early empire is one of the most instantly recognizable armies and enjoys a reputation for excellence. This and their many famous campaigns against a wide range of colorful foes makes this one of the most popular periods for wargamers. Covering the period from 27BC to AD284, Daniel Mersey gives a wargamers perspective of the many conflicts and offers advice on how to recreate these on the gaming table. Advice is given on factors to consider when choosing an appropriate set of commercially available rules, or devising your own, to best suit the scale and style of battle you want and capture the flavor of the period. The relevant ranges of figures and terrain pieces and buildings are also

reviewed. Analysis of the forces involved, organization, tactics and strategies will help with building your armies and there are interesting scenarios included. Whether this is a new period for you, or you are looking to refresh your existing interest in the period, this handy guide is sure to hold much if interest.

World History

An indispensable introduction to Roman society, culture, law, politics, religion, and daily life as they relate to the study of the New Testament. The Roman Empire formed the central context in which the New Testament was written. Anyone who wishes to understand the New Testament texts must become familiar with the political, economic, societal, cultural, and religious aspects of Roman rule. Much of the New Testament deals with enabling its readers to negotiate, in an array of different manners, this pervasive imperial context. This book will help the reader see how social structures and daily practices in the Roman world illumine so much of the content of the New Testament message. For example, to grasp what Paul was saying about food offered to idols one must understand that temples in the Roman world were not “churches,” and that they functioned as political, economic, and gastronomic centers, whose religious dealings were embedded within these other functions. Brief in presentation yet broad in scope, *The Roman Empire and the New Testament: An Essential Guide* will introduce students to the information and ideas essential to coming to grips with the world in which early Christianity was born.

Paul's Territoriality and Mission Strategy

Winner of the CHOICE Outstanding Academic Title 2017 Award This comprehensive collection of top-level contributions provides a thorough review of the vibrant field of chemistry education. Highly-experienced chemistry professors and education experts cover the latest developments in chemistry learning and teaching, as well as the pivotal role of chemistry for shaping a more sustainable future. Adopting a practice-oriented approach, the current challenges and opportunities posed by chemistry education are critically discussed, highlighting the pitfalls that can occur in teaching chemistry and how to circumvent them. The main topics discussed include best practices, project-based education, blended learning and the role of technology, including e-learning, and science visualization. Hands-on recommendations on how to optimally implement innovative strategies of teaching chemistry at university and high-school levels make this book an essential resource for anybody interested in either teaching or learning chemistry more effectively, from experience chemistry professors to secondary school teachers, from educators with no formal training in didactics to frustrated chemistry students.

Chemistry Education

A Guide for Teachers of Training Classes

How does a certain place influence the self? Could one argue that Paul's territoriality and mission strategies are Jerusalem-centered? Does the letter to the Romans, as an insight into Paul's mission strategy, reveal the apostle's central territorial paradigm and offer explanations for the creation of Paul's theology as it affects his mission? In dealing with these questions, Ksenija Magda analyzes if and how spatial theories developed by the geographer Robert D. Sack can be utilized for the clarification of long-standing questions in Pauline theology, for example his motivation to evangelize the Gentiles, the center of Paul's theology, the relationship to his own people and the origin of his doctrines on justification. In doing so, the author also shows how conflicting issues can be resolved.

The History of the Decline and Fall of the Roman Empire

From renowned and respected author David Shotter, this updated and expanded edition of Roman Britain offers a concise introduction to this period, drawing on the wealth of recent scholarship to explain the progress of the Romans and their objectives in conquering Britain. Key topics discussed include: * the Roman conquest of Britain * the evolution of the frontier with Scotland * the infrastructure the Romans put in place * the place of religion in Roman Britain. Taking account of recent research, this second edition includes an expanded bibliography and a number of new plates which illustrate the various aspects of the Roman occupation of Britain.
