A Collection of Children's Poems

Norwegian Knitting Designs

"Solveig Hisdal is not only aware of the knowledge housed in Norway's museums, she has also learned how to use it. She has visited museums throughout the country, searching eagerly for the treasures that her ancestors left behind. She has found textiles, chests, cabinets and old folk costumes that have later become her greatest source of inspiration. This book is a result of her quest, and it shows how the creativity of the past has inspired her to make beautiful knitted designs. It contains wonderful knitting ideas for almost all occasions, from a child's christening outfit to an exquisite, knitted bridal cardigan with beads and silk. Whether you wish to be inspired by the beautiful pictures, or knit some of the outfits -- enjoy the book!"--P. [4] of cover.

Poetry in Stitches

Fiona Goble learnt to knit as a child, but she knows what it's like to be starting out—you have the yarn, you've bought the needles, but when you look at a knitting pattern, it all seems like gobbledygook. "Learn to Knit" will help you learn the basic stitches and how to read a pattern, as well as some simple techniques such as casting on and binding off, and increasing and decreasing. But once you've tried those, you'll want to actually make something. To make that simple, Fiona Goble has gathered together 25 great projects for you to try, all using only the stitches and techniques that you have just learned about. There are chunky scarves and cowls that knit up really quickly using big needles, beanies and bobble hats that can be made in a weekend, and bunting and a pillow cover that even a novice can knit in no time. So put those new skills to use and create a whole range of fantastic things to wear or for the home—once you start knitting, you won't want to stop.
