Library Catalog

An "epic exploration" of the 2016 right-wing Oregon Occupation-"an excellent microcosm by which we might better understand our difficult national history and distressing political moment" (Maggie Nelson). In 2016, a group of armed, divinely inspired right-wing protestors led by Ammon Bundy occupied the Malheur National Wildlife Refuge in the high desert of eastern Oregon. Encamped in the shadowlands of the republic, insisting that the Federal government had no right to own public land, the occupiers were seen by a divided country as either dangerous extremists dressed up as cowboys, or as heroes insisting on restoring the rule of the Constitution. From the Occupation's beginnings, to the trials of the occupiers in federal court in downtown Portland and their

tumultuous aftermaths, *Shadowlands* is the resonant, multifaceted story of one of the most dramatic flashpoints in the year that gave us Donald Trump. Sharing the expansive stage with the occupiers are a host of others—Native American tribal leaders, public-lands ranchers, militia members, environmentalists, federal defense attorneys, and Black Lives Matter activists—each contending in their different ways with the meaning of the American promise of Liberty. Gathering into its vortex the realities of social media technology, history, religion, race, and the environment—this piercing work by Anthony McCann offers us a combination of beautiful writing and high-stakes analysis of our current cultural and political moment. *Shadowlands* is a clarifying, exhilarating story of a nation facing an uncertain future and a murky past in a time of great collective reckoning.

Travels in West Africa (Congo Francaise, Corisco and Cameroons)

Ways in Mystery presents a rare occurrence in the field of religious publishing. In this boisterous field,

few original voices are heard in our time. Luther Askeland's first book is a signal event for, in these essays, we hear the voice of a modern prophet and the "way of unknowing" — a path to wisdom that is not easy to initiate, difficult to pursue, and returns, time and again, to the place of beginnings. Askeland receives the wisdom of the past for his profound meditations on the possibilities and pitfalls of a mystical life in the midst of our contemporary world. Drawing from the teachings of Indian saints such as Shankara, of Christian mystics such as Meister Eckhart and St. John of the Cross, and from Buddhist sages such as Zen Masters Dogen and Tanzen. A thoughtful, wise, and illuminating guide, Askeland carefully and systematically describing the inherent limitations of linguistic mapping within our ordinary experience, revealing the higher mystical states of awareness, to take us beyond words and philosophical concepts.

Doctor Who

A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years. The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of "friend" gets messier, too. Through sibling feuds and family tragedies, new

relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful.

The Sapphire Rose

The critically acclaimed author of *The House at the End of Hope Street* combines love, mystery, and magic with her first foray into bewitching fantasy with a dark edge evocative of V.E. Schwab and Neil Gaiman. Once upon a time, a demon who desired earthly domination fathered an army of dark daughters to help him corrupt humanity . . . As children, Goldie, Liyana, Scarlet, and Bea dreamed of a strange otherworld: a nightscape of mists and fog, perpetually falling leaves and hungry ivy, lit by an unwavering moon. Here, in this shadowland of *Everwhere*, the four girls, half-sisters connected by blood and magic, began to nurture their elemental powers together. But at thirteen, the sisters were ripped from *Everwhere* and separated. Now, five years later, they search for one another and yearn to rediscover their unique and supernatural strengths. Goldie (earth) manipulates plants and gives life. Liyana (water) controls rivers and rain. Scarlet (fire) has electricity at her fingertips. Bea (air) can fly. To realize their full potential, the blood sisters must return to the land of their childhood dreams. But

Everwhere can only be accessed through certain gates at 3:33 A.M. on the night of a new moon. As Goldie, Liyana, Scarlet, and Bea are beset with the challenges of their earthly lives, they must prepare for a battle that lies ahead. On their eighteenth birthday, they will be subjected to a gladiatorial fight with their father's soldiers. If they survive, they will face their father who will let them live only if they turn dark. Which would be fair, if only the sisters knew what was coming. So, they have thirty-three days to discover who they truly are and what they can truly do, before they must fight to save themselves and those they love.

Fireworks

The Diamond Throne

In this suspenseful, provocative novel of friendship, secrets, and deceit, a successful writer returns to her elite Swiss boarding school to get to the bottom of a tragic accident that took place while she was a student twenty years earlier. How far would you go to uncover the truth? One spring night in 1998 the beautiful Cressida Strauss plunges from a fourth-floor balcony at the Lycée Internationale Suisse with catastrophic consequences. Loath to draw negative publicity to the school, a bastion of European wealth and glamour, officials quickly dismiss the incident as an accident, but questions remain: Was it a suicide attempt? Or was Cressida pushed? It was no secret that she had a selfish streak and had earned as many enemies as allies in her tenure at the school. For her best friend, scholarship student Kersti Kuusk, the lingering questions surrounding Cressida's fall continue to nag long after she leaves the Lycée. Kersti marries and becomes a bestselling writer, but never stops wondering about Cressida's obsession with the Helvetian Society—a secret club banned years before their arrival at the school—and a pair of its members who were expelled. When Kersti is invited as a guest to the Lycée's 100th Anniversary, she begins probing the cover-up, unearthing a frightening underbelly of lies and abuse at the prestigious establishment. And in one portentous moment, Kersti makes a decision that will connect her to Cressida forever and raise the stakes dangerously high in her own desire to solve the mystery and redeem her past. An unputdownable read as clever as it is compelling, *The Finishing School* offers a riveting glimpse into a privileged, rarefied world in which

nothing is as it appears.

Avengers: No Surrender

First published in 1931, "The Place of the Lion" is a fantasy novel by British writer Charles W. S. Williams. A small English town is plunged into chaos when platonic archetypes start to appear near it, bringing out the spiritual strengths and flaws of all those who live there. The focus of their manifestations seems to be the house of Mr Berringer, the leader of the group who falls into a deep coma after coming into contact with a mysterious lion. Charles Walter Stansby Williams (1886 - 1945) was a British theologian, novelist, poet, playwright, and literary critic. He was also a member of the "The Inklings", a literary discussion group connected to the University of Oxford, England. They were exclusively literary enthusiasts who championed the merit of narrative in fiction and concentrated on writing fantasy. He was given an scholarship to University College London, but was forced to leave in 1904 because he couldn't afford the tuition fees. Other notable works by this

author include: "The Greater Trumps" (1932), "War in Heaven" (1930), and "The Place of the Lion" (1931). This volume is highly recommended for lovers of fantasy fiction, and it would make for a fantastic addition to any collection. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.
