Henry Jenkins at Authors@Google (video) Vaudevillians used the term "the wow climax" to refer to the emotional highpoint of their acts—a final moment of peak spectacle following a gradual building of audience's emotions. Viewed by most critics as vulgar and sensationalistic, the vaudeville aesthetic was celebrated by other writers for its vitality, its liveliness, and its playfulness. The Wow Climax follows in the path of this more laudatory tradition, drawing out the range of emotions in popular culture and mapping what we might call an aesthetic of immediacy. It pulls together a spirited range of work from Henry Jenkins, one of our most astute media scholars, that spans different media (film, television, literature, comics, games), genres (slapstick, melodrama, horror, exploitation cinema), and emotional reactions (shock, laughter, sentimentality). Whether highlighting the sentimentality at the heart of the Lassie franchise, examining the emotional experiences created by horror filmmakers like Wes Craven and David Cronenberg and avant garde artist Matthew Barney, or discussing the emerging aesthetics of video games, these essays get to the heart of what gives popular culture its emotional impact.

Bonanza aired on NBC from September 12, 1959, to January 16, 1973, playing to 480,000,000 viewers in over 97 countries. It was the second longest running western series, surpassed only by Gunsmoke, and continues to provide wholesome entertainment to old and new fans via syndication. This book provides an in-depth chronicle of the series and its stars. A history of the show from its inception to the current made-for-television movies is provided, and an episode guide includes a synopsis of each show and lists such details as the main characters of each episode and the actors who portrayed them, the dates they stayed with the show, date and time of original broadcast, writer, director, producer, executive producer, and supporting cast. Also provided are character sketches for each of the major recurring characters, career biographies of Lorne Green, Pernell Roberts, Dan Blocker, and Michael Landon, brief biographical sketches of the supporting cast, a discography of recordings of the Bonanza theme and recordings of the four major stars, and information on Bonanza television movies.

When the space drama Battlestar Galactica debuted on ABC in 1978, it was expected to be the most popular new program of the year. Instead, it was attacked as a Star Wars rip-off and canceled after a mere 17 stories. The author acknowledges the show was full of dramatic clichés and scientific inaccuracies, but despite these shortcomings, Battlestar Galactica was a dramatically resonant series full of unique and individual characters, such as Commander Adama (Lorne Greene) and ace warrior Captain Apollo (Richard Hatch). The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences. The brilliant work of artist John Dykstra brought a new world of special effects to network television. Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology, which added a layer of depth and maturity to the weekly drama.

Take One's Essential Guide to Canadian Film is the most exhaustive and up-to-date reference book on Canadian film and filmmakers, combining 700 reviews and biographical listings with a detailed chronology of major events in Canadian film

and television history. Compiled by Wyndham Wise, the editor and publisher of Take One, Canada's most respected film magazine, with a foreword by Canadian director Patricia Rozema, this is the only reference book of its kind published in English. Each film title is listed with credits, a mini review, and significant awards. Biographical listings of directors, producers, actors, writers, animators, cinematographers, distributors, exhibitors, and independent filmmakers are accompanied by date and place of birth, date of death if applicable, a brief career overview, and a filmography. Wise celebrates Canadian achievement on both a national and an international scale, and juxtaposes the distinctly Canadian with Canada's exports to Hollywood: Maury Chaykin and Jim Carrey, John Candy and William Shatner, Mon Oncle Antoine and Porky's, Highway 61 and Meatballs, The Red Violin and The Art of War. From great early Hollywood stars like Walter Huston, Fay Wray, Mary Pickford, Norma Shearer, and Marie Dressler, to our current crop of star directors - including Patricia Rozema, Atom Egoyan, David Cronenberg, Denys Arcand, Peter Mettler, Guy Maddin, and Robert Lepage - Canadians have made an important but largely unrecorded contribution to the history of world cinema. Impressive for its breadth of coverage, refreshing in its opinionated informality, this comprehensive and lively look at Canadian film culture at the start of the twenty-first century admirably fills the gap.
