“FOR HEADLONG, NONSTOP ADVENTURE AND FOR VIVID, EVEN FLORID, SCENERY, NO ONE EVEN COMES CLOSE TO HOWARD.” –Harry Turtledove In a meteoric career that covered only a dozen years, Robert E. Howard defined the sword-and-sorcery genre. In doing so, he brought to life the archetypal adventurer known to millions around the world as Conan the barbarian. Witness, then, Howard at his finest, and Conan at his most savage, in the latest volume featuring the collected works of Robert E. Howard, lavishly illustrated by award-winning artist Greg Manchess. Prepared directly from the earliest known versions—often Howard’s own manuscripts—are such sword-and-sorcery classics as “The Servants of Bit-Yakin” (formerly published as “Jewels of Gwahlur”), “Beyond the Black River,” “The Black Stranger,” “Man-Eaters of Zamboula” (formerly published as “Shadows in Zamboula”), and, perhaps his most famous adventure of all, “Red Nails.” The Conquering Sword of Conan includes never-before-published outlines, notes, and story drafts, plus a new introduction, personal correspondence, and the revealing essay “Hyborian Genesis”—which chronicles the history of the creation of the Conan series. Truly, this is heroic fantasy at its finest. From the Trade Paperback edition.

### **Conan The Barbarian Vol. 1**

A new Conan adventure--Conan of Venarium--from one of today's most popular writers of fantasy and science fiction, Harry Turtledove! For decades, millions of readers have thrilled to the adventures of Conan, the barbarian adventurer invented by Robert E. Howard and further chronicled by other fantasy greats, including such notables as L. Sprague de Camp, Poul Anderson, and Robert Jordan. Now Harry Turtledove, one of today's most popular writers of fantasy and SF, contributes a novel to the Conan saga--a tale of Conan in his youth, in the year or so before he becomes the wandering adventurer we know from the tales of Howard and others. On the verge of adulthood, he lives in a Cimmerian hamlet, caring for his ailing mother, working in his father's smithy, and casting his eye on the weaver's daughter next door. Then war comes: an invasion by the Aquilonian Empire. Conan burns to join the fight, but he's deemed too young. Then, from the border country, comes an unbelievable report: The Aquilonians have smashed the Cimmerian defending forces, and can rule as they please. Soon their heavily garrisoned forts dot the countryside. Their settlers follow after, carving homesteads out of other men's land. Every Cimmerian longs to drive the intruders out with fire and sword, but they must stay their hands, for the Aquilonians have promised savage reprisals. Then, intolerably, the Aquilonian commander takes a

In his hugely influential and tempestuous career, Robert E. Howard created the genre that came to be known as sword and sorcery—and brought to life one of fantasy's boldest and most enduring figures: Conan the Cimmerian—reaver, slayer, barbarian, king. “Stories such as ‘The People of the Black Circle’ glow with the fierce and eldritch light of [Howard’s] frenzied intensity.”—Stephen King This lavishly illustrated volume gathers together three of Howard’s longest and most famous Conan stories—two of them printed for the first time directly from Howard’s typescript—along with a collection of the author’s previously unpublished and rarely seen outlines, notes, and drafts. Longtime fans and new readers alike will agree that *The Bloody Crown of Conan* merits a place of honor on every fantasy lover’s bookshelf. **THE PEOPLE OF THE BLACK CIRCLE** Amid

The intense psychological portrait of a hitman—the anti-Jason Bourne—as he stalks his prey from Boston to LA. He wants you to know him, maybe even admire him, but only for his excellence in his craft. Perhaps he was even born for it. "A natural killer," his mentor—a middleman named Vespucci—said he was. He proved it with his first professional hit: a Fifth Circuit Court judge in Boston, executed with a sheet of Saran Wrap in the stairwell of her own courthouse. He's proved his merit often, usually with a Glock semiautomatic, but he's improvised too, with his bare hands, the heel of a shoe, knives, even a sewing machine. He is the consummate assassin, at the top of his form, immune to the psychological strains of his chosen profession. He is what the Russians call a Silver Bear. He calls himself Columbus. It's the name Vespucci gave him, ten years ago, when he discovered a dark, new world of fences, clients, marks, jobs, jack. Not that his real name meant much to him anyway. SAVAGE SWORD OF CONAN, the cornerstone of Marvel's black-and-white magazine line, offered up stories of fiction's most famous barbarian unencumbered by the Comics Code. Writer Roy Thomas and artistic greats, including John Buscema and Neal Adams, took full advantage, and the results were a sensation. Multipart sagas like "The People of the Black Circle" luxuriate in extended tellings, while a Buscema take on "The Tower of the Elephant" explores the nuance of an all-time Robert E. Howard classic. and sorcery hero who originated in pulp fiction magazines and has since been adapted to books, comics, several films (including Conan the Barbarian and Conan the Destroyer), television programs (cartoon and live-action), video games, role-playing games and other media. The character was created by writer Robert E. Howard in 1932 via a series of fantasy stories published in *Weird Tales* magazine.

**Conan the Character:** Conan is a Cimmerian. From Robert E. Howard's writings (The Hyborian Age among others) it is known that the Cimmerians were based on the Celts or Gaels. He was born on a battlefield and is the son of a village blacksmith. Conan matured quickly as a youth and, by age fifteen, he was already a respected warrior who had participated in the destruction of the Aquilonian outpost of Venarium. After its demise, he was struck by wanderlust and began the adventures chronicled by Howard, encountering skulking monsters, evil wizards, tavern wenches, and beautiful princesses. He roamed throughout the Hyborian Age nations as a thief, outlaw, mercenary, and pirate. As he grew older, he began commanding larger units of men and escalating his ambitions. In his forties, he seized the crown of the tyrannical king of Aquilonia, the most powerful kingdom of the Hyborian Age, having strangled the previous ruler on the steps of the throne. Conan's adventures often result in him performing heroic feats, though his motivation for doing so is largely to protect his own survival or for personal gain.

## Thrillers)

In a meteoric career that spanned a mere twelve years, Robert E. Howard single-handedly invented the genre that came to be called sword and sorcery. From his fertile imagination sprang some of fiction's most enduring heroes. Yet while Conan is indisputably Howard's greatest creation, it was in his earlier sequence of tales featuring Kull, a fearless warrior with the brooding intellect of a philosopher, that Howard began to develop the distinctive themes, and the richly evocative blend of history and mythology, that would distinguish his later tales of the Hyborian Age. Much more than simply the prototype for Conan, Kull is a fascinating character in his own right: an exile from fabled Atlantis who wins the crown of Valusia, only to find it as much a burden as a prize. This groundbreaking collection, lavishly illustrated by award-winning artist Justin Sweet, gathers together all Howard's stories featuring Kull, from Kull's first published appearance, in "The Shadow Kingdom," to "Kings of the Night," Howard's last tale featuring the cerebral swordsman. The stories are presented just as Howard wrote them, with all subsequent editorial emendations removed. Also included are previously unpublished stories, drafts, and fragments, plus extensive notes on the texts, an introduction by Howard authority Steve Tompkins, and an essay by noted editor Patrice Louinet. Praise for Kull "Robert E. Howard had a gritty, vibrant style—broadsword writing that cut its way to the heart, with heroes who are truly larger than life."—David Gemmell "Howard's writing seems so highly charged with energy that it

Frazetta took the sex and violence of the pulp fiction of his youth and added even more action, fantasy and potency, but rendered with a panache seldom seen outside of major works of Fine Art. This early work by Robert E. Howard was originally published in 1935 and we are now republishing it with a brand new introductory biography. 'Hawk of the Hills' is a story in the El Borak series where El Borak leads a tribe to war in Afganistan. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard - a bookish and somewhat introverted child - was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day,

and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece – a short caveman tale titled 'Spear and Fang' – for \$16 to the not-yet-famous *Weird Tales* magazine. Howard's most famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen *Weird Tales* stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

Author Robert E. Howard had been writing stories broadly similar to it for half a decade; but it was with Conan, and the Hyborian Age storyworld in which he was placed, that Howard finally fully doped out the sub-genre that would become known as "sword and sorcery," of which Howard is

today considered the founding father. "Conan's origins date back to an experiment in 1926 titled "The Shadow Kingdom," featuring the character Kull, exile of Atlantis. The idea -- Howard's great innovation -- was, at its core, historical fiction set in a pre-historical period. That pre-historical period -- being, of course, lost in the mists of time -- could contain anything Howard might like to include: evil races of sentient snake-things, sorcerers, undead creatures, demons walking upon the earth, anything. "In other words, Howard was creating a secular mythology. "And as with any mythology, secular or no, there would be a hero, a Ulysses or a Theseus, an exceptional man of legend striding through that myth-world, sword in hand, righting wrongs and slaying supernatural monsters and, along the way, providing metaphorical insight onto his world and ours. "At the same time, he was finding success with another historical-fiction-fusion innovation: The grim, savage English Puritan Solomon Kane. Kane's world was the skull-strewn chaos of Europe and north Africa during the Thirty Years War, in the early 1600s. Little enough is known about specific events during that dark time that it was possible to take historical liberties with it as a storyworld, so that it could accommodate dark magic, walking skeletons, vampires, magic staffs, and, of course, N'Longa the witch-doctor. "Howard quickly realized he was onto something with Solomon Kane. The first Solomon Kane story, "Red Shadows," appeared in August 1928 in *Weird Tales*, and readers loved it. Here was a dark, brooding world of menace and witchcraft connected pseudo-genealogically to their own. It was easy for readers to "take the ride" -- to suspend their disbelief and envision Kane's

adventures as a part of the real world. "But, perhaps the connection with the real world was too close. The countries of 1630s Europe are well known; the causes of the conflict fully understood. There was only so much Howard could do in Solomon Kane's world. Moreover, Solomon Kane is just a hard character to root for. Unlike Kull, he is, not to put too fine a point on it, really not a sane man. "So it makes perfect sense that after the shadowy, prehistoric world of Kull and the dark, necromantic world of Solomon Kane, Howard would combine these two precursors to develop a world that was far enough into the distant past to be free of actual historical constraints -- like Kull's -- yet close enough to the present to still exist as echoes and legends in the world's mythologies. "And so Howard created The Hyborian Age, circa 10,000 B.C. And to play the role of our avatar as we explore this shadowy, almost-historical world, he gave us Conan the Cimmerian - to tread the jeweled thrones of the Earth under his sandalled feet."
