The human race must set aside its own inner conflicts to rebuild their alliance with the Ildiran Empire for the survival of the galaxy. In Kevin J. The Middle of Nowhere

In 1999 Tobias Jones immigrated to Italy, expecting to discover the pastoral bliss described by centuries of foreign visitors. Instead, he found a very different country: one besieged by unfathomable terrorism and deep-seated paranoia. The Dark Heart of Italy is Jones's account of his four-year voyage across the Italian peninsula. Jones writes not just about Italy's art, climate, and cuisine but also about the much livelier and stranger sides of the Bel Paese: the language, soccer, Catholicism, cinema, television, and terrorism. Why, he wonders, does the parliament need a "slaughter commission"? Why do bombs still explode every time politics start getting serious? Why does everyone urge him to go home as soon as possible, saying that Italy is a "brothel"? Most of all, why does one man, Silvio Berlusconi--in the words of a famous song--appear to own everything from Padre Nostro (Our Father) to Cosa Nostra (the Mafia)? The Italy that emerges from Jones's travels is a country scarred by civil wars and "illustrious corpses"; a country that is

proudly visual rather than verbal, based on aesthetics rather than ethics; a country where crime is hardly ever followed by punishment; a place of incredible illusionism, where it is impossible to distinguish fantasy from reality and fact from fiction.

It's the last ski weekend of the season and a mishmash of snow-enthusiasts is on its way to a remote backwoods cabin. In an odd pilgrimage through the mountains, the townsfolk of Coalton—from the ski bum to the urbanite—embark on a bizarre adventure that walks the line between comedy and tragedy. As the rednecks mount their sleds and the hippies snowshoe through the cedar forest, we see rivals converge for the weekend. While readers follow the characters on their voyage up and over the mountain, stereotypes of ski-town culture fall away. Loco, the ski bum, is about to start his first real job; Alison, the urbanite, is forced to learn how to wield an avalanche shovel; and Michael, the real estate developer, is high on mushroom tea. In a blend of mordant humour and heartbreak, Angie Abdou chronicles a day in the life of these industrious few as they attempt to conquer the mountain. In an avalanche of action, Angie Abdou explores the way in which people treat their fellow citizens and the landscape they love.
