reality—a grand poetic vision of nature—and how we find our place within it. In the beginning there was light. But more than this, there was gravity. After that, all hell broke loose... In *A Universe from Nothing*, Krauss revealed how our entire universe could arise from nothing. Now, he reveals what that something—reality—is. And, reality is not what we think or sense—it's weird, wild, and counterintuitive; it's hidden beneath everyday experience; and its inner workings seem even stranger than the idea that something can come from nothing. In a landmark, unprecedented work of scientific history, Krauss leads us to the furthest reaches of space and time, to scales so small they are invisible to microscopes, to the birth and rebirth of light, and into the natural forces that govern our existence. His unique blend of rigorous research and engaging storytelling invites us into the lives and minds of the remarkable, creative scientists who have helped to unravel the unexpected fabric of reality—with reason rather than superstition and dogma. Krauss has himself been an active participant in this effort, and he knows many of them well. *The Greatest Story* challenges us to re-envision ourselves and our place within the universe, as it appears that “God” does play dice with the universe. In the incisive style of his scintillating essays for *The New Yorker*, Krauss celebrates the greatest intellectual adventure ever undertaken—to understand why we are here in a universe where fact is stranger than fiction.

Winner of the 2018 PEN/ESPN Award for Literary Sports Writing Winner of The Times Sports Biography of the Year “As Muhammad Ali’s life was an epic of a life so Ali: A Life is an epic of a biography . . . pages in succession its narrative reads like a novel—a suspenseful novel with a cast of vivid characters.” – Joyce Carol Oates, New York Times Book Review Muhammad Ali was born Cassius Clay in racially segregated Louisville, Kentucky, the son of a sign painter and a housekeeper. He went on to become a heavyweight boxer with a dazzling mix of power and speed, a warrior for racial pride, a comedian, a preacher, a poet, a draft resister, an actor, and a lover. Millions hated him when he changed his religion, changed his name, and refused to fight in the Vietnam War. He fought his way back, winning hearts, but at great cost. Jonathan Eig, hailed by Ken Burns as one of America’s master storytellers, sheds important new light on Ali’s politics, religion, personal life, and neurological condition through unprecedented access to all the key people in Ali’s life, more than 500 interviews and thousands of pages of previously unreleased FBI and Justice Department files and audiotaped interviews from the 1960s. Ali: A Life is a story about America, about race, about a brutal sport, and about a courageous man who shook up the world.

Fire sweeps along the wall of a circus tent while inside thousands of people enjoy a Ringling Brothers and Barnum and Bailey matinee. Within minutes, flames consume the canvas and vast sections collapse, killing 168 people and injuring hundreds more. Inspired by the 1944 Hartford Circus Fire, the interconnected stories in Michael Downs's *The Greatest Show* explore the aftermath of a disaster in a world of clowns, elephants, and childhood fantasies. In the opening story, Ania Lizak, a young Polish housemaid, steals circus tickets from her employer to take her three-year-old son, Teddy, to the matinee. The fire nearly kills both and leaves them scarred in different ways: Teddy's mother enjoys the beautiful strangeness of the scar on her face, but the patches across Teddy's body inspire cruel schoolmates to call him "Lizard Lizak." Over time, his mother transforms her pain into drama, while Teddy, having no memory of that day, seeks ways to return to it. These and other captivating characters appear throughout the book, creating a portrait of an American city and its people over five decades, raising questions about wounds and healing, memory and forgetting, and about the human capacity for kindness -- with all its futility and power -- in the midst of great loss.

The Greatest Story Ever Told--So Far

Former boxing legend Muhammad Ali, one of the best-known and best-loved celebrities and an international good-will ambassador, offers inspiration and hope as he describes the spiritual philosophy that sustains him. "During my boxing career, you did not see the real Muhammad Ali. You just saw a little boxing. You saw only a part of me. After I retired from boxing my true work began. I have embarked on a journey of love." So Muhammad Ali begins this spiritual memoir, his description of the values that have shaped and sustained him and that continue to guide his life. In *The Soul of a Butterfly* the great champion takes readers on a spiritual journey through the seasons of life, from childhood to the present, and shares the beliefs that have served him well. After fighting some of the fiercest bouts in boxing history against Joe Frazier and George Foreman, today Muhammad Ali faces his most powerful foe—outside the boxing ring. Like many people, he battles an illness that limits his physical abilities, but as he says, "I have gained more than I have lost. I have never had a more powerful voice than I have now." Ali reflects on his faith in God and the strength it gave him during his greatest challenge, when he lost the prime years of his boxing career because he would not compromise his beliefs. He describes how his study of true Islam has helped him

accept the changes in his life and has brought him to a greater awareness of life's true purpose. As a United Nations "Messenger of Peace," he has traveled widely, and he describes his 2002 mission to Afghanistan to heighten public awareness of that country's desperate situation, as well as his more recent meeting with the Dalai Lama. Ali's reflections on topics ranging from moral courage to belief in God to respect for those who differ from us will inspire and enlighten all who read them. Written with the assistance of his daughter Hana, *The Soul of a Butterfly* is a compassionate and heartfelt book that will provide comfort for our troubled times.

The Soul of a Butterfly

From his childhood in the segregated South to his final fight with Parkinson's disease, Muhammad Ali never backed down. He was banned from boxing during his prime because he refused to fight in Vietnam. He became a symbol of the antiwar movement - and a defender of civil rights. As "The Greatest," he was a boxer of undeniable talent and courage. He took the world by storm - only Ali could "float like a butterfly, sting like a bee!" Grant and Mary Valentine, of The Greatest Generation, documented not only their lives but historical events in more than eight-hundred letters exchanged during Grant's four years of military service in Hawaii and the Pacific Theater. Even though the letters were censored, leaving Grant unable to tell his entire story and

Mary unable to share daily events heard on the radio or read in the newspapers, they were adept at veiling information. After Grant returned home in 1945, the letters were packed away in a large brown pigskin suitcase. Both Grant and Mary were quick to point out that their words were *řracy* and very personal; therefore, they did not allow the family access to the letters. Decades later, when the suitcase was finally opened, a significant treasure trove was found bundled in faded yellow ribbons. The result is Christina Valentine Larsen's extraordinary labor of love, *My Own Darling, A Love Story for the Ages* from *The Greatest Generation*. Christina Valentine Larsen illuminates the everyday rhythms of the lives of her parents through letters written during World War II. Her father's perspective—with all the fears and adversities—and her mother's viewpoint as she copes with life on the home-front shed light upon a troubled but wonderful world. Reading about new experiences and unexpected discoveries during their eloquent journey gave me a clearer sense of history, as well as, an accurate account of who these people were and the times they lived in. The couple's values of love, respect, and commitment are reflected in their own words. — Mj West, author of *Without Reservations*.

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, Anthem takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

The Greatest Story Ever Told

In his own words, the heavyweight champion of the world pulls no punches as he chronicles the battles he faced in and out of the ring in this fascinating memoir edited by Nobel Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by Sports Illustrated and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it?

bad name, I don't really mess with. The guns and drugs and all that, not really my thing. Nah, not his thing. Ali's got enough going on, between school and boxing and helping out at home. His best friend Noodles, though. Now there's a dude looking for trouble—and, somehow, it's always Ali around to pick up the pieces. But, hey, a guy's gotta look out for his boys, right? Besides, it's all small potatoes; it's not like anyone's getting hurt. And then there's Needles. Needles is Noodles's brother. He's got a syndrome, and gets these ticks and blurts out the wildest, craziest things. It's cool, though: everyone on their street knows he doesn't mean anything by it. Yeah, it's cool...until Ali and Noodles and Needles find themselves somewhere they never expected to be...somewhere they never should've been—where the people aren't so friendly, and even less forgiving.

together in the street and in the ring. A near-constant fixture in his sibling's company, Rahaman saw Ali at both his best and his worst: the relentless prankster and the jealous older brother, the outspoken advocate, the husband and father. In *My Brother, Muhammad Ali*, Rahaman offers an insider's perspective on the well-known stories as well as never-before-told tales, painting a rich and intimate portrait of a proud, relentlessly polarizing, yet often vulnerable man. In this extraordinary, poignant memoir, Rahaman tells a much bigger and more personal story than in any other book on Muhammad Ali—that of two brothers, almost inseparable from birth to death. It is the final and most important perspective on an iconic figure.

There is no knowing when a better scientific theory will come to replace the old. It is clear that the study of Sumerian clay tablets will continue to interest areas of science, history, archaeology, cosmology, and more, due to its continued "effect" of encompassing studies from unrelated fields. The Sumerians were the most extraordinary people who ever lived on the face of the earth. They seemed to come from out of nowhere, and they single-handedly invented civilization when most of the rest of the world was still living in the Stone Age. What's more, they did it thousands of years before anyone else. The Sumerian civilization was already ancient when it ended in 2004 B.C., twenty centuries before Julius Caesar, sixteen centuries before Socrates, and seven centuries before Tutankhamen. At Home with Muhammad Ali

The bestselling biography of Muhammad Ali--with an Introduction by Salman Rushdie On the night in 1964 that Muhammad Ali (then known as Cassius Clay) stepped into the ring with Sonny Liston, he was widely regarded as an irritating freak who danced and talked way too much. Six rounds later Ali was not only the new world heavyweight boxing champion: He was "a new kind of black man" who would shortly transform America's racial politics, its popular culture, and its notions of heroism. No one has captured Ali--and the era that he exhilarated and sometimes infuriated--with greater vibrancy, drama, and astuteness than David Remnick, the Pulitzer Prize-winning author of *Lenin's Tomb* (and editor of *The New Yorker*). In charting Ali's rise from the gyms of Louisville, Kentucky, to his epochal fights against Liston and Floyd Patterson, Remnick creates a canvas of unparalleled richness. He gives us empathetic portraits of wisecracking sportswriters and bone-breaking mobsters; of the baleful Liston and the haunted Patterson; of an audacious Norman Mailer and an enigmatic Malcolm X. Most of all, *King of the World* does justice to the speed, grace, courage, humor, and ebullience of one of the greatest athletes and irresistibly dynamic personalities of our time.

journey ever recorded in Antarctic history" (Sir Edmund Hillary, mountaineer and explorer) For weeks in Antarctica, Douglas Mawson faced some of the most daunting conditions ever known to man: blistering wind, snow, and cold; the loss of his companion, dogs, supplies, and even the skin on his hands and feet. But despite constant thirst, starvation, disease, and snow blindness—he survived. Sir Douglas Mawson is remembered as the young Australian who would not go to the South Pole with Robert Scott in 1911. Instead, he chose to lead his own expedition on the less glamorous mission of charting nearly 1,500 miles of Antarctic coastline and claiming its resources for the British Crown. His party of three set out through the mountains across glaciers in 60-mile-per-hour winds. Six weeks and 320 miles out, one man fell into a crevasse—along with the tent, most of the equipment, the dogs' food, and all except a week's supply of the men's provisions. Mawson's Will is the unforgettable story of one man's ingenious practicality, unbreakable spirit, and how he continued his meticulous scientific observations even in the face of death. When the expedition was over, Mawson had added more territory to the Antarctic map than anyone else of his time. Thanks to Bickel's moving account, Mawson can be remembered for the vision and dedication that make him one of the world's great explorers.

Posthumously inducted into the National Radio Hall of Fame in 2007, Richard Durham creatively chronicled and brought to life the significant events of his times. Durham's trademark narrative style engaged listeners with fascinating characters, compelling details, and sharp images of pivotal moments in American and African American history and culture. In *Word Warrior*, award-winning radio producer Sonja D. Williams draws on archives and hard-to-access family records, as well as interviews with family and colleagues like Studs Terkel and Toni Morrison, to illuminate Durham's astounding career. Durham paved the way for black journalists as a dramatist and a star investigative reporter and editor for the pioneering black newspapers the *Chicago Defender* and *Muhammed Speaks*. Talented and versatile, he also created the acclaimed radio series *Destination Freedom* and *Here Comes Tomorrow* and wrote for popular radio fare like *The Lone Ranger*. Incredibly, his energies extended still further--to community and labor organizing, advising Chicago mayoral hopeful Harold Washington, and mentoring generations of activists. Incisive and in-depth, *Word Warrior* tells the story of a tireless champion of African American freedom, equality, and justice during an epoch that forever changed a nation.

Everybody knows the record the stuff of almanacs, trade magazines and clipping services. A handful know the man. But only Muhammad Ali knows his life as he lived it. The Greatest is Ali's own story. For six years he worked, traveled and talked with Richard Durham, a writer with a stunning talent, and the result is mesmerizing in its brilliance, drama, humanity and sheer entertainment. This is no documented scrapbook of wins and losses strung together with anecdotes; nor is it a thin potpourri of locker room gags. This book, like Ali who has incited every reaction except indifference goes straight to the place where responses to him have always been the gut. When the history of the twentieth century is finally recorded, it must include Muhammad Ali. He is "The Greatest."

Ali

Muhammad Ali's daughter captures the legendary heavyweight boxing champion, Olympic Gold medalist, activist, and philanthropist as never before in this candid and intimate family memoir, based on personal recordings he kept throughout his adult life. Athlete. Activist. Champion. Ambassador. Icon. Father. The greatest, Muhammad Ali, is all of these things. In this candid family memoir, Hana Ali illuminates this momentous figure as only a daughter can. As Ali approached the end of his astonishing boxing career, he embraced a new purpose and role, turning his focus to his family and friends. In that role, he took center stage as an ambassador for peace and friendship. Dedicated to preserving his family's unique history, Ali began recording a series of audio diaries in the 1970s, which his daughter later inherited. Through these private tapes, as well as personal journals, love letters, cherished memories, and many never-before-seen photographs, she reveals a complex man devoted to keeping all nine of his children united, and to

helping others. Hana gives us a privileged glimpse inside the Ali home, sharing the everyday adventures her family experienced—all so “normal,” with visitors such as Clint Eastwood and John Travolta dropping by. She shares the joy and laughter, the hardship and pain, and, most importantly, the dedication and love that has bonded them. “It’s been said that my father is one of the most written-about people in the world,” Hana writes. “As the chronicles continue to grow, the deepest and most essential essence of his spirit is still largely unknown.” A moving and poignant love letter from a daughter to a father, *At Home with Muhammad Ali* is the untold story of Ali’s family legacy—a gift both eternal and priceless.

With no job and no prospects, learning he had a child on the way and numbing himself with whatever he could find, Trent then found out one of his closest friends had killed himself. Life seemed without hope--until Trent discovered the secret to finding promise in the darkest of times. And now he shares that secret with you. Writing from deep, been-there experience, Trent walks you on a journey to become the best hope-filled version of yourself. In *The Greatest You*, Trent takes you through the necessary steps to become everything you are meant to be, from facing the reality of your circumstances and realizing your purpose in life, to breaking free from toxic environments and forgiving those--including yourself--who've harmed you, to learning how to guard yourself against the pitfalls of life. Weaving together personal stories from his own life and from others who have also gone through hard times, Trent reveals how you
